His Excellency the Right
Honorable Lord Hobart
Governor & President in Council
Fort St George.

The humble petition of Mohammad
I Khan alias Hameed Khan, a
peon of the Madanathakurum Taluk
in the District of Chingleput.

22/8/72

Most humbly Sheweth.

That your Lordship's Petitioner applied on the
8th August to the Board of Revenue praying that
he may be recommended for pension in consideration
of his long and laborious services, instead of the doc-
monthly salary directed to be paid as gratuity, as per
Government Order dated the 21st May last, but to
his greatest misfortune the application was rejected
by an Endorsement dated the 14th Instant on the
ground that the Board have nothing to do with
the grant of pension or gratuity.

That Petitioner now respectfully appeals
against these proceedings to your Lordship as
being peculiarly arbitrary in his case, as not being
in accordance with those well established principles
of justice which distinguished the British
Government.

Government from all other Governments and as being opposed to precedent and practice as will be shown by Petitioner.

That Petri's services under the Government began on the 1st September 1828 and terminated on the 16th July 1871, thus comprising a period extending over 43 years.

That Petri, being reduced by old age and finding himself incapable of continuing in the service any longer, applied for pension in due form submitting the Doctor's Certificate, praying for the benefit of the Order published in the District Gazette in the year 1867. The Sub-Collector thereupon recommended his prayer and recorded that pension may be granted. But unhappily, in spite of the recommendation, no order for pension was passed but merely gratuity was allowed.

The only ground upon which Petri's request was not granted seems to be that the length of time served by your Lordship's Petri falls short of that required for pension. Now this can be, notwithstanding his 43 years services, Petri deeply grieves for his lot. The previous services of Petitioner from the date of his having placed his brother as substitute when obliged to take leave for some months in consequence of his dangerous illness, appears to have been excluded from the period of pension on the plea that he then gave up his appointment of his own accord & in plain terms that he resigned. In supporting the point objected to, Petri submits that he did not voluntarily leave his post; that he only made temporary arrangement on half pay,

by hanging his brother in his place, with no other view than that he would be the means of support during his lingering illness. Petri gave no resignation nor did he execute anything to that effect and a deliberate engineering into the truth of his statement will no doubt bring the reality to light.

Again if Petri had resigned the post, it is clear that his claim bit should have ceased for ever. But why, as your Lordship will understand by references, when he appeared after recovery before the then Thasildar Jamkram Puntala Brijom his duties, he was unobjectionably recommended by a letter to the Collector on the 2nd March 1849 No 442, who, to avoid any re-arrangement, ordered Petri to be a Muzur Peon in his own Establishment.

Petitioner further adds that his claim for pension has been misrepresented through some mistake and if a proper investigation be made into the merits of his case Petri will undoubtedly be found deserving of the privilege which his long and faithful services, unstained by marks of suspension or dismissal, justly entitle him to.

In conclusion, Your Lordship sees that his claim has been justly supported by the Sub-Collector, that the bar of his having resigned the post in favor of his brother is removed by his having been allowed to re-assume his duties, that the then Thasildar did recommend Petri to the Collector, as already pointed out, for his appointment & it was consequently conferred on Petri without delay.

Under these circumstances

Petr begs to throw himself upon your
Lordships' mercy & implore that his just
cries will be attended to, considering the
abject state of poverty he is in, being burdened
with a large helpless family & the few days
he will probably live to enjoy his pension
according to the ordinary course of nature.

He appeals his miserable case to your
Lordships' compassion & entreats that
the prayer sought will be granted.

For which act of benevolence,
Petr as in duty bound shall ever pray.

Yours. }
