I, Charles Doig, Acting Zillah Surgeon of Rajahmundry, do hereby certify that I have carefully examined Valluri Narainah, accountant in the Executive Engineer's Office, Dowlaiswaram, that his age is, by his own statement, 55 years, and by appearance about the same; and that I find him to be unfit for further service, from old age and infirmity, not, in my opinion, attributable to intemperance, or other irregular habits.

To,
The Supg Engineer
1st Division

Sir,

With reference to your Memorandum No 2710 dated 1st Instant forwarding Copy of Accountant General's letter dated 17th ultimo, I have the honor to offer the following explanation on the points therein elicited.

1st The cause of break in service between 1st December 1853 and 1st March 1854 (not 1st July 1854 as erroneously shown in the Annual Returns) is owing to the abolition of the Pay Office at Masulipatam and to the applicant having had to seek re-employment in other Department.

2nd It is believed that the post being one in the ineligible grade was omitted in the Annual Returns furnished by the Late ex District Engineer. It was permanent both sanctioned in G.O. No 1281 dated 21st November 1853 and paid out of the General Establishment. Please see Chapter XI Page 13 of Civil Auditor's Manual under Head ("Fixed Establishment") I hear the Abstracts were then passed by the Collector. Copy of G.O. in which the Establishment was sanctioned cannot be furnished as the old record of Late No 5 Range was robbed in 1864. The Section in the Civil Auditor's Manual above quoted, it is believed, will be sufficient.

3rd The date of appointment (in D.P.W.) given in in the Annual Returns up to 1860 as 1st July 1854 does not appear to be correct, the proper date being 1st March/54 and from 1st August 1860 the man has been transferred from the Anicut Establishment to that of the Sub Engineer on Rs: 25 but by mistake 1st February and 1st March 1860 were shown in the subsequent Returns instead of 1st August/60 which is the correct date of the new appointment and which has since been rectified.

4th. It does not appear from the Copies of Returns maintained in late No 5 Range from 1857 to 1860 that any difference was shewn in the name of the applicant as observed by the Accountant General. If any it must have been done in the District Engineer's Office through clerical error.

The difference appears to have occurred simply from dotting the letter i in the wrong place as shewn in the margin.

Naraimah
Narrainah

5th. The applicant was allowed to remain in service until he was relieved by his successor appointed from another Range.

6th. There are no more marks on the person of the applicant than those already given but he looks nervous and there are 3 moles on the neck and 1 on the left side of the face.

Sir,

In returning herewith the papers which accompanied your letter of the 11th January 1873, I have the honor to forward an History of the service of Vulloor Narrainah received from the Executive Engineer in charge of the 1st Range Godavery with explanations and to observe that as on the whole, the period of service from 30th October 1840 to 3rd December 1846 as given in the first History of service forwarded to you, and that which appears on the reverse of your letter to the Controller of the Military Accounts, dated 17th October 1872, is the same, I presume there must have been some clerical error in the entry in one of the Office Registers.

2 As already entered in the Application for Pension of the above named individual under the head "Remarks by head of Office" no gratuity or Pension was drawn for the applicant.

3 With reference to para 2 of your letter under

under reply I have to state that the applicant was shewn in the History of his service, to have served continuously from 1st March 1854 to 30th Septr 1872, because such has been the case. There has been no break in his service for the period (18th April to 15th September 1865) his name is stated by you not to be traceable in the books of the Controller's Office and for which period, I have satisfied myself from the old Abstract Book kept in the Range Office, his salary was regularly passed by the then Controller.
