No. 530 — Read the following letter from the Acting Chief Engineer for Irrigation to the Secretary to Govt. Public Works Dept. dated Fort St. George 20th November 1871 No. 202.

I have the honor to inform you that Mr. [illegible] having heard that the Municipal Commissioners of Madras require the services of a Subordinate Officer of the Dept. P. W. for a period of some length, has asked me to recommend him for the post.

2. Mr. Watson has had great experience in Surveying and Levelling and has been employed under the [illegible]. He has been for some years in charge of a Range, but was lately reduced from the rank of Supervisor of the 1st Class owing to his having passed work measured by a Subordinate in excess of work actually executed. There was a great deal of work going on at the time, and as I reported I am of opinion that Mr. Watson did not in any way benefit by the measurements passed in excess of work executed; he was really guilty of nothing more than carelessness, and I think the Municipal Commissioners will find him a useful and efficient servant and well worth Rs 230 per mensem

3. Mr Walton is now on a monthly leave and I feel satisfied that Captn Hasted will not object to his obtaining an appointment in Madras equivalent to that which he lost in Tanjore through carelessness and that at a time when he was much harassed by domestic trouble.

Is a very good Surveyor and leveller, but very negligent and requires careful looking after, without which his work cannot be trusted.

(Signed) T. Greenaway Major
31st January 1863. Ag. District Engineer.

Except for checking the levels of other people and to detect gross errors, I consider Mr Walton of little use as a Leveller. His work must always be accepted with caution and I have seldom found correct as a Surveyor. He does his work quickly but in a slovenly and often incorrect manner.

(Signed) G. J. Smith Lieut.

From the little I have seen Mr Waltons work, I consider him a most careless hand at levelling, and he does not appear to know how to use the Instrument properly. two Instruments have been sent back after having been in his hand a very short time with the Parallel Plates injured from the screws having been headlessly tightened.

Sir

In returning herewith letter No 747 of the 19th March last from the Controller of P. W. accounts which accompanied your Memo of the 27th Idem I have the honor to forward an application for pension with Service Register book on behalf of Mr. W. H Walton and to offer the following explanation in Connection with the points therein referred to.

1 The several dates entered in the Service Register do differ from want of proper records. This has been now Corrected so as to Correspond with the Statement of the Controller of P. Wks accounts. The pension application and Service book do agree with each other.

2. As Mr. Walton Could not account for this break, a reference has been made to the District Engineer, South Canara to furnish the required information. The applicant states, that he was never suspended, or dismissed the Service nor had he resigned.

3. Nil.

4. As Mr. Walton has left his Taluq for Medical advice at Cuddapah the then Acting Surgeon was requested to examine him and report as to his fitness or otherwise, who accordingly sent in a Certificate pronouncing to his unfitness, but Mr. Walton was not relieved until 7 days after the receipt of the Medical certificate as he had to go back to his Taluq and deliver over final Charge of the same.

5. Why was the application not prepared on printed form, which can be had from the Superintendent of Stationery, the same should now be so prepared and sent together with the Service book (returned) in which all information required must be inserted in detail Vide Sec 69 rule 3 Civil Pension Code.	5. The application has now been prepared in the printed form obtained from the Stationery Office. The Service book is herewith enclosed with full information required Vide Sec 69 rule 3 Civil Pension Code.
(Signed) W. Donald offg Depy Accountt Genl	6 With the above information I have the honor to point out that the Controller of P. W. accounts have omitted the period in which Mr Walton was employed as Surveyor. It is not known why this was not taken into account as I believe that it counts towards pension.

On Sick Leave with half pay	Substantive	"	30		21st Nov /71	William Hawkins Walton	I have the honor to inform you that Mr Walton having heard that the Municipal Commissioners of Madras require the Services of a Subordinate Officer of the Dep^t P. Works for a period of twelve months has asked me to recommend him for the post. Mr Walton has had great experience in Surveying and Levelling and has superintended the Construction of several large Works. He has been for some years in charge of a Range but was lately reduced from the Rank of Supervisor of the 1st Class owing to his having passed work measured by a Subordinate in excess of work actually executed. There was a great deal of work going on at the time and as I reported I am of opinion that Mr Walton did not in any way benefit by the measurements passed in excess of work executed i.e. he was really guilty of nothing more than Carelessness and I think the Municipal Commissioners will find him a useful and efficient Servant and well worth Rs 230 per mensem. Mr Walton is now on a month's leave, but I feel satisfied that Captn Hasted will not object to his obtaining an employment in Madras equivalent to that which he lost in Tanjore through Carelessness. I, M. Iyasawmy Pillay, Acting Zillah Surgeon Cuddapah, do hereby certify that Mr. W. H. Walton, Overseer, D. P. W. Jammalmadoogoo Taluqu, in the Cuddapah District, has been repeatedly under my treatment, since August last, for chronic dyspepsia, attended with great, general debility, emaciation, palpitation of heart, depression of spirits and severe pains in the head, if exposed to the heat of sun, and that he is not likely to derive permanent benefit from further treatment, or from change of air. He is, in my opinion, unfit for further service, from premature decay & infirmity; and to the best of my judgement, such disqualification is not the result of intemperance or other irregular habits.

PROCEEDINGS of the MADRAS GOVERNMENT.

Read the following letter from Lieutenant-Colonel J. H. BELL, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, dated 1st November 1859, No. 6757.

1 Original letter, dated 29th October 1859.
Mr. G. Vardon, Assistant Overseer.
„ W. H. Walton, „ Supervisor.
„ F. Conway, „ Overseer.
„ T. Skipp, „ Overseer.

I have the honor to submit for the consideration and orders of Government, an application from Lieutenant-Colonel Hugh Cotton, Chief Engineer, Irrigation Company, for the members of the Department of Public Works named in the margin, being granted 12 months leave of absence for the purpose of being employed as Surveyors under the Irrigation Company.

2. In making this reference, I beg to explain, that in the event of these individuals giving satisfaction during their temporary employment under the Irrigation Company, it is in contemplation to permit them eventually to resign their employment under Government for permanent situations under the Irrigation Company, and it is further contemplated to permit other Engineers and Subordinates to take similar service with the sanction of Government, but in no case do I intend permitting any one to leave his present station and employment until his place has been filled and it will be understood that, they will have no claim while on leave to any portion of their salaries under Government while absent from their duty.

Order thereon, 5th November 1859, No. 2600.

The Government grant leave of absence for twelve months to the members of the Public Works Department named in the margin of paragraph 1 of this letter for the purpose of being employed as Surveyors under the Irrigation Company. The places of the absentees will be filled up temporarily but upon full allowances; and it will be the duty of the Chief Engineer to see that the men do not leave their present duties till their places are supplied respectively, and not till they shall have formally given over their books and cash chests.
