Superintd Engineer's Office 8th D^o
Madura 25th October 1872.

N^o 3392

From,

The Superintending Engineer
8th Division.

To,

The Chief Secretary to Government
through the Controller of P.W.

Sir,

4

I have the honor to submit herewith, for the favorable consideration of Government a Medical Certificate granted by the Jillah Surgeon, Madura and a Register of application for superannuation Pension, for Mr. William Clarke, Record-keeper in my office. -

2. Mr. Clarke states that he was born on the 28th February 1828, so that his age on the 8th October 1872, the date on which he was relieved, was 44 years, 7 months and 9 days, and not 46 years, as he told the Jillah Surgeon. -

3. As there is not a Military Invaliding Committee within a moderate distance of Madras, the certificate of a single Medical Officer only is forwarded, from which it will be observed that Mr. Clarke is unfit for further service.--

I have the honor to be,

Sir,

Your Most Obedt. Servt.

Richd. N. White Lieut. Col. R. S.

Superint. Engineer 8th Dn

L. Alexander Gamack A. M. & D. Gillah Surgeon
Madura do hereby Certify that I have carefully examined
Mr. W. Clarke, Record keeper in the Superintending Engineer's
Office Madura, that he is by his own statement 46 years
of age but by appearance considerably older, that I find him to
be unfit for further service from premature decay and infirmity
owing to repeated ailments, Fever and Chronic Rheumatism,
in a naturally delicate Constitution, not in my opinion
attributable to intemperance or other irregular habits.

No 4061

From

District Engineer's Office
Madras 9th December 1872

The District Engineer
of Madras,

The Dy Accountant General
Fort Saint George, Madras,

Sir

In reference to your letter on the other side, dated 16th November 1872, I have the honor to inform you that the Service Register kept in the late District Engineer's Office shows that Mr Clarke was entertained on the 6th October 1856, as 2nd Writer, on a salary of Rupees 30 per mensem, and that no name given in the pay abstract book from October 1856, the entry merely being one Writer on Rs 30 which Mr Clarke states was himself. The practice of entering names of parties appears to have commenced from October 1857 from which month Mr Clarke's name is entered on Rs 30.

is not forthcoming from the records of the late District Engineer's Office, but in the Nominal Roll furnished to the late Chief Engineer, dated 23rd March 1857, Mr Clarke is stated to have been entertained on the 6th October 1856, on a salary of Rupees 20 and I have taken the Service Register to be the correct document.

On the re-organization of the P.W. Department in 1863, the District Engineer's Establishment was abolished on the 30th June 1863 and Mr Clarke was appointed a copyist in the Superintending Engineer's Office on the 1st July 1863, on a salary of Rupees 20 per mensem.

I regret that there are no records in this Office showing the dates of commencement and termination of the leave marked thus x in the History of Mr Clarke appended to the application for Pension: but these, I believe can be easily ascertained from the statements of leave that accompanied the Pay Abstracts for these months now in the Controller's Office.

Although the medical certificate is dated the 5th October 1872, it was not received in this Office until the afternoon of the 7th of that month; Mr Clarke was therefore relieved on the morning of the 8th and pay was drawn for him only up to the 7th the date of the receipt of the Medical
