ORDER THEREON, 11th October 1873, No. 515.

In this case the applicant obtained a certificate of unfitness for further service from the Native Surgeon at Mannargudi; but on the Accountant-General desiring a certificate from the Commissioned Medical Officer of the District, that officer stated that he found him suffering from partial paralysis and general debility, but not to such an extent as to render his removal from the service absolutely necessary. The Collector, however, declares that he is quite unfit for work, and, as the medical officer certifies to the existence of disease of a serious nature, His Excellency the Governor in Council resolves to grant an invalid pension of Rupees (5) five per mensem to Tiruvarur Subbramani Aier, late Goomastah in the Needamungalum Firka Sub-Magistrate's Cutcherry, Mannargudi Taluq, Tanjore District, payable at Negapatam from the 19th December 1872.

Sir

With reference to your letter no. 647
of 22nd ultimo, I have the honor to report,
that I have this day examined Subramanya
Ayer late Gumastah of the Nedamangalam
Fiska Sub-magistrate's Cutcherry, and find
him to be suffering from partial paralysis
and general debility but not to such a
extent as to render his removal from the
Service absolutely necessary in my opinion.

His own idea is, that he is still competent
to discharge his duties, and if this is the case,
I think he might be given a further trial
of one year, as he is comparatively young
and as his disease, I understand, has not
increased during the last three years.

I have the honor to be

pension on behalf of J. Subramanea Iyer.*

*The Undersigned has the honor
to request explanation on the following
points.*

- 1. Why is the applicant shown in the Service
Statement to have been appointed as
Police Subaltern on 1st May 55, while from
the Annual returns of 1 May 56 to 1860, he
appears to have been appointed as
such on the 1st June 55? Please state
which is the correct date.*
- 2. Why is the applicant's name entered
in the Annual returns of 1858 to 1860
as Subramaniam instead of Subra-
manea Iyer? Which is the correct
name?*
- 3. What is the cause of applicant obtain-

Reply to Memo from the Accountant General
dated 8 May 1873 on the pension application
of Subbramania Iyer.

- 1 The appointment of the applicant as
Police Javabnawis on 1st May 1855 is correct,
and the entries showing the appointment to
date the 1st June 1855 in the annual returns
of 1st May 1856 to 1860, are wrong.
- 2 The correct name of the applicant is
Subbramania Iyer and the affix Iyer seems
to have been inadvertently omitted in the
annual returns from 1858 to 1860.
- 3 The applicant was removed from
the Service on account of his inability
from sickness to attend his duties and he
was subsequently ordered to obtain a
Medical Certificate of his incapacity for
further service and therefore his removal
from the public Service is dated prior
to that of his Medical Certificate -

The

4 The Medical certificate already
submitted is the one granted by the
Medical Officer in charge of a Civil
Station of this District under Section
50d of the Civil Pension Code and
therefore it is presumed no fresh
certificate is necessary.

The certificate as to the unfitness of the Applicant for further Service granted by Dr Houston, the Lillook Surgeon of Tanjore is herein enclosed -

It will be seen therefrom that Dr Houston is of opinion that the Applicant suffers from general debility & practical paralysis but not to such an extent as to render his removal from the Service absolutely necessary -

The Native Surgeon at Mannargudi whose certificate has already been submitted has however certified that the Applicant is altogether unfit for further Service. It was on the receipt of this certificate that the application for pension was forwarded -

The Deputy Collector in charge of the Mannargudi Division to which the Mannargudi Taluk is attached is of opinion that the Applicant is totally unfit for further Service. A copy of his report on the subject is also enclosed -

The undersigned has personally examined the Applicant and found him to be both physically and mentally unfit to remain longer in Government Service owing evidently to paralysis under which he is labouring he writes with great difficulty and very illegibly -

The Applicant wishes to take pension -

dated 22nd July 1873

From The Deputy Collector
of Mamargudi
To The Collector of Tanjore

Sir
Adverting to your letter of the 8th
Instant No 901 I beg to report that it
having come to my notice that Subramani
Aiyar had, for some years past, been utterly
unable to do his duty, that his work was being
done by a relative of his, and that he was at
times insane, I sent for the man and
examined him. He was not only unable
to speak distinctly but his writing was
very little better than scribbling and
unintelligible. He had been partially
affected by paralysis and he ^{also} ~~has~~ expressed
his desire to retire —

The Native Surgeon for whose
examination I sent the man declared
him

him unfit for further effective service -

Under these circumstances I thought him quite unfit for retention in the public service and permitted him to retire -

Since the receipt of your letter under reply I sent for the man and examined him carefully. Even now I am of opinion that he is quite unfit for employment in the Government service. As a specimen of his writing I send herewith a paper which he wrote yesterday with much exertion and I also directed him to appear before you in order that you may see whether he is or is not altogether unfit for further service -

The Lillah Surgeon's letter received with your letter under reply is herewith returned -

The delay of nearly 4 1/2 months in submitting their application was owing to the applicants' Service having had to be resigned from the Major's records and those of the ruling authorities of Transilvania. The applicants' names are: —

CERTIFIED that (subject to the remarks below recorded) qualifying service in ^{inferior}_{superior} grades has been duly proved for 1 years 6 months

The reason of applicants obtaining the Medical Certificate on the 23^d December from the Native

surdon in order of civil Dependency instead of on & before the date of his retirement from Service is explained
 by the Collector in para 3 of his reply memo dated 14th Instant accompanying

The applicant obtained a certificate of unfitness from the Native Surgeon in charge of the ^{the} primary and not from one in charge of Civil Station which certificate this office declined to accept under section 50-d. of the Civil Pension Code, and asked the Collector to obtain one from the Commissioned Medical Officer of the District. The surgeon of the District on being asked by the Collector to grant a certificate of applicant to unfitness reported in a letter No 121 dated 1st March accompanying and not in a Medical Certificate in the form prescribed in section 51 a.b. of the Civil Pension Code, that the applicant might be retained in service for another year since the disease from which he is suffering is not so severe as to render his removal necessary, but the Collector and the Deputy Collector who have personally examined the applicant are of opinion that he is both physically and mentally unfit for service under Government.

The Collector states that the applicant is desirous of taking pension.

Under these circumstances it is for Government to decide whether the applicant should be retained
