under the operation of the 55 years
rule. As there are, in my opinion,
special circumstances in the case,
entitling the applicant to favorable
consideration, I have taken the liberty

This includes leave amounting to 6 months & 26 days

of addressing Government direct,
before submitting the usual tri-
-bunal statement through the As-
-sistant General.

It will be observed from
the enclosed Register, that the total
period of the applicant's actual
service amounts to 32 years 11 months
and 29 days, which would entitle
him to half pension, even after
deducting the period of service
before he was in eligible grades,
but unfortunately, there was a
break of 3 years 10 months and 16 days,
which reduces the period counting
for the same, to 22 years 8 months
and 29 days, thus rendering him only
eligible to one third pension. In
other words, he has got a continuous
service of 25 years 3 months & 17 days,
after the break, but of this 2 years
6 months & 18 days belong to service
in eligible grades, while the period

in

in eligible grades, prior to the same
(3 years 10 months & 78 days) cannot be al-
-lowed to count for $\frac{1}{2}$ pension with-
-out special sanction, which I beg
to recommend may be accorded.

3 The applicant prays for this
indulgence, because he was ousted
in the year 1843 from a post, thus caus-
-ing the break under a misappre-
-hension, while his explanation
which had been called for, was still
pending; but when he appealed to the
Collector and brought it to his notice,
the latter promised an early re-
-statement on a vacancy occurring,
so he kept quiet, - breaks in service
being thought no thing of in 1843, and
appeals almost unknown. No further
points to his recent services, in con-
-tributing to the preservation of the great
Chembambakam Tank in Novem-
-ber 1872, when it was all but burst
-ing, as a reason to accord him
special consideration.

The

4. The records so far as they go, somewhat support the applicant's statements. It appears that on the 15th December 1843, an order No. 10 was sent by the then Collector to the Peishkar of Acharavakam, directing him to take an explanation from the applicant as to the cause of his overstaying his leave, but only 3 days after on the 18th Idem, and before it was possible for any explanation to have been received, another order directing him from overstaying, was despatched. Meantime, applicant asserts that he had furnished his explanation to the Peishkar and joined his duties as Savabnisig. And the latter statement appears correct from an Arzi of the Peishkar dated 20th December 1843 No. 4. In November 1847, applicant was reinstated as a Peon, but doing
duty

duty as a Savabnisig. 179

5. The nature of applicant's service as detailed in para 2, makes his case a hard one, and considering that his services have recently been noticed by Government (vide Extract from G. O. No. 86, dated 10th January 1873, enclosed), it may I think be an instance, in which Government may see fit to relax the rules, as a special case.

6. I may add that though the applicant's was not a case in which I felt justified in recommending retention in the service after he attained the age of 55, still his conduct, when the Chindraw-bakam Tank, was in a critical state, had my highest approval. At his age and in the most trying weather, he exposed himself at all hours, and never left the
ground

being, inspecting and personally
encouraging the Coolies employ-
