For orders

The Collector of Bellary remonstrated lately against the number of Service Books which the Accountant General directed to be kept. It was pointed out to the Collector that the provisions of Section 69 of the Pension Code were clear but a separate order was sent to the Accountant General to report the number of Service books which would be required to be kept by Collectors. This report is now submitted for orders. The total amounts to 14,299 the largest number (944) being in the Ristna District. Bellary comes next with 920. Before the Pension Code was published, this Government objected

objected to the provisions
in question on the ground
that they were would often
be untrue while
great facilities would be
afforded for perjury
and fraud. H
