Pension.

Read the following letter from Captain H. SMALLEY, R.E., Officiating District Engineer, Ganjam, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, Fort Saint George, dated Chatterpore, 5th November 1873, No. 42 :—

P. Paupiah Nayadu, late Head Accountant, Berhampore Range, applied for pension on medical certificate of further unfitness for Government service on the 22nd July 1873. His case is still under investigation in the Controller of Public Works Accounts Office, and meanwhile the applicant represents himself as without means to maintain himself. He is a highly respectable man of over twenty years good service, and I beg strongly to recommend him for a monthly allowance of Rupees 20 (being one-third of the salary he was drawing) till his case be settled.

Referred to the Controller of Public Works Accounts for report on the proposal made in this letter and as to the cause of delay in dealing with applicant's papers.

(Signed) G. W. WALKER, Colonel, R.E.,
21st November 1873. *Secretary to Government, P.W.D.*

From T. MOSS, Esq., Officiating Controller of Public Works Accounts, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, Fort St. George, dated Fort St. George, 24th November 1873, No. 5484.

With reference to the letter from the Officiating District Engineer, Ganjam, No. 42, referred to me for report with your endorsement of the
One original letter, No. 42, dated 5th November 1873. 21st instant, and herewith returned, I have the honor to state that, owing to sickness among the auditors of the salary branch of this office, the examination of the papers submitted by the District Engineer, Ganjam, for the grant of a pension to P. Paupiah Nayadu, late Head Accountant in the Berhampore Range Office, and received here on the 1st September 1872, was not completed until the 24th October 1873, when it was found necessary to refer to the Accountant-General and District Engineer for certain particulars regarding Paupiah's services. This office is still in communication with the District Engineer on the subject, and, as soon as all the available information can be obtained, the papers will be forwarded to the Accountant-General, for transmission to Government.

2. As regards the District Engineer's proposal to allow Paupiah one-third of the monthly pay formerly drawn by him as Head Accountant, I beg to invite attention to Rule 1, Section 52, Chapter XI, of the Civil Pension Code, under which no subordinate who has submitted a medical certificate of incapacity for future service cannot be retained in employ except for special reasons to be reported to Government pending the decision on his application for pension. In the present instance Government may perhaps be pleased to accede to the District Engineer's recommendation, as a sufficient portion of the salary of the appointment is available for the purpose, no permanent arrangements having yet been made for filling it up. If such an arrangement be sanctioned, the pension, when granted, could have effect from the date on which the sanction would be given, instead of, as usual, from the date on which the man was pronounced unfit for service.

Referred to the Pension Department for early consideration.

ORDER THEREON, 18th December 1873, No. 628.

The Government observe that P. Paupiah Nayadu only left the service at the end of July last, and they therefore see no reason to accede to the proposal made by the District Engineer.

Note.

With reference to the Hon. Mr. Sain's remarks it is observed that an error in the date given by the Acting Controller P. P. W. makes this case seem much more extreme than it really is. He says the papers reached his office on the 1st Sept. 72 whereas from the District Engineer's letter it appears that the man did not leave the service until the 22nd July 73. There

Pension.—Observing that P. Parupiah Nayadu left the service at the end of July last, and the Government therefore decline to accede to the proposal made by the District Engineer.

There appears to be
no precedent in the

for making such
a grant & it is observed
that until a man's

the account Department
there is nothing to
