Statement by 1st Class Hospital Assistant
E. Angheim No. 357 of 4th Class Hospital Bangalore
with reference to the Bangalore Executive Committee
Officers' order No. 1663 dated the 6th March 1874
to the address of the Deputy Surgeon General
Indian Medical Service Mysore &c &c (Ditto).

About the close of the year 1863 I remember
having seen T. Mootosawmy Mooselliar referred to in
Secondary order among his relatives of whom I was
the family Doctor. On observation at this period
I found him mentally affected. I was also informed
by them that the cause of change in his health was
loss of property and some of his relations and strict
adherence to religious observances.

On my arrival at Bangalore in 1868 I met
him again among his relatives, my friends, whose
family Doctor also I have been. - I have from time
to time noticed a change in his mental condition
for better.

A 1st Class
Hospital assistant at
Bangalore certifies that
about the close of 1863 he
saw and observed J. Mootoo
= Samy Mulli whose
mind was then affected.

In 1868, he met him again and since then, there has been a change for the better in his mental condition. Several of ^{J. F. Goodrich's} relatives and friends ^{have} also made an affidavit to the same effect. This seems trustworthy evidence of the mental aberration which the applicant prevented his applying hitherto for a pension, and it is presumed that

that under these circumstances
he may be granted
in arrears the pension of
Rs 9-5-4 which the
Controller, Military Accounts,
says is admissible if his
service with the Sind
Field Force is allowed to
count.
