 Surgeon Mellow have carefully examined
 Mr Thomas Franklin Son of Richard
 Franklin Supervisor in the Department Public
 Lie Works of the Mellow District. His age is by
 his own statement 49 years, and by appearance
 about 55. I consider Mr Thomas Franklin
 to be completely and permanently incapacitated
 for further service of any kind in the
 Department to which he belongs in consequence
 of defective vision and extreme nervousness
 and general debility and infirmity. His
 incapacity does not appear to me to have been
 caused by irregular or intemperate habits.
 He has not been under general medical
 treatment.

Office of the Controller of
Public Works Accounts
Fort St. George, 27th October 1873.

Gentlemen,

The Offg. Controller of P. W. Accounts

To The District Engineer

Mellore.

Sir,

With reference to your letters of the
23rd September and 16th October Nos 60 and
66 respectively, I have the honor to inform
you that Supervisor Mr. T. Franklin's services
in the Public Works department from the 8th
February 1858 ^{to the 30th September 1873} have been verified from the
records of this Office.

A reference has been made to the
Accountant General regarding Mr. Franklin's
services as an Overseer in the Road and
Public Works Department from December 1851
to June 1857.

Under section 6 of the Civil Pension
Code, Mr. Franklin's Army service does not
count for civil pension, and being that his
employment as a civilian in the Public Works
Department does not extend over a greater
period than about 15 years and 8 months
of which 6 months were passed on leave, —
Mr. Franklin is not eligible for transfer to
the Pension Establishment in the absence of the
prescribed Medical Certificate of physical
unfitness

* Month in which
it is presumed
Mr. Franklin's
services were replaced
at the disposal of the
Military Department

† From 8th February
1853.

* Original affairs on
half pay from 18th
October 1867 to 17 January
1868

— do — without pay
from 16th April to
16 July 1869

Total months 6—

and for further service referred to in sections
50 and 51 of the Civil Pension Code. I shall
therefore be obliged by your returning this document
and forwarding it for transmission to Govern-
ment.

4. It is also necessary that the
service books referred to in section 49 and
50 of the Code should be furnished for
transmission with the application for pension.

5. Your particular attention is
invited to rule 1, section 42 of the Civil Pension
Code under which Mr Franklin after ob-
taining a Medical Certificate of incapacity
cannot be retained in the service pending
the decision of Government on his application
for pension.

6. So good enough to quote the orders
under which Mr Franklin was reduced the
12 steps in the grade of Overseer to which
you refer in the application.

I have your

The undersigned has the honor to state that the services of Mr. T. Franklin referred to in the above, can be verified from the original Returns only of 1st May 1854 and 1855 and of 1857 on record in this office as Assistant Engineer in the Civil Engineer's Department & Division and under the District Engineer Madras, on a footing of Papers 43-15-1 and P. 270 respectively with date of commencement viz. December 1851.

It will be observed however with reference to the enclosed Copy of a letter from the Controller of Military Accounts dated 18th Idem, that the above services cannot be reckoned in his favor towards Civil pension under Section 6 of the Civil Pension Code since he appears to have been simultaneously employed in the Military Department.

I have the honor to request you
will be so good as to alter the date of
end of Service, in Mr. Franklin's application
for pension, from the 15th Instant to
20 days, after the expiration of the leave,
his successor Conductor Doherty has
obtained. As I have no one to relieve
Mr. Franklin, he must wait and
hand over charge to Mr. Doherty and
this will probably occupy about 20 days.

Ex. B. Smith Esq.
 • District Benjamin Franklin

As instructed - I submit for your information a brief history of my duties in Government service.

I was entertained as a Soldier on 17th October 1842 in the Ordnance Artillery Company and served in Kozhikood, Madras, Manipalattam, and Vizagapatam until 11th December 1851, when I was appointed to the Road Department as Overseer under the Civil Engineers of Trincomalee and Madras, at the requisition of the Board of Revenue, and employed between Alipicotta and Cottiaooram in Construction of Branch Cotton Road between Sundigal and Penbhar in the Construction of Bridges till the Organization of the Public Works Department, when I was brought upon its strength, as an Assistant Overseer.

On account of the Mangel Duty, and consequent reduction of Public Works Establishment, I was as many other Military men were, transferred to Military duty, and having had good recommendations and desires of re-entering the Department as an

Unwarranted civil servant, I purchased
my discharge with the sanction of the
Military Board and got reinstated, after
a break in service, of a little above 4
months. 31

I was encouraged to take a course
on the Proceedings of Government, No
908 dated 15 May 1857, Copy of which
accompanies.

Since then I did duty in Military
works in Fort St George and in
Ainab and in Simsbury district in
Quebec and got transferred to the
"Mount Works", where I did duty for
about 6 months, during the Mount
Charge the great responsibility and
worry affected my health so much as
to necessitate me seeking Medical
advice, and Doctor Ford procured
me to Government Hospital and
badly unfit for the "Mount Works",
after which, I was removed
to Kellogg, as you will see by the record.
Since then, kind superiors have enabled
me to serve thus long and even to
promotion in the department, for
which I am thankful - but now even
since the breakdown at "Mount Works"
and age and bodily ailments, I
am failing in sight, and all that
is required as a servant of my standing
in the Public Works Department, and
fear for my character and place
makes me nervous, forgetful and
altogether unequal for the duty and
I feel that before any failure in Public
works should happen on account of

my incapacity, I should retire from
the service, and therefore request you
will be pleased to apply that I be
pensioned. 39

As acknowledged service as per my
discharge Certificate from the Bed-
-nall Artillery Company - is from
17th October 1842 to 5th October 1857 -
during which period I served as an
Overseer in the Post and Public Works
Department from January 1852 to the
middle of 1854 inclusive, when the
redirection of the Public Works Con-
-struction took place on account
of the Antiquities, since February 1850
and previously, I have served now
altogether 20 years and 6 months and
above, and am in my 45th year of
Age - 6 of these months have been
spent on leave on private affairs -

But these may be no doubt, and to
save trouble and correspondence, I beg
that you order me for Medical Exa-
-mination - I have often taken advice
from Medical Officers and treatment,
without putting myself into the sick
leave list - Doctor Ford, Master Apthe-
-ary, St. Thomas and Subordinate in
Member of the Profession have been
my advisors, and I took a Certificate
in 1869 regarding my failing sight from
Doctor Smith at Madras before I
came to Kelso -

I beg to remain
Dear Sir
Your most Obedt Servt
Franklin.
Superior in Kelso.

Costs Bins - 18th May 1854, at 9.30 A.M. ^{off.}

The subject of the above is ^{not} only the case of Ordnance Artificers Cooper and Franklin, employed as ^{off.} ~~Quartermasters~~ in the Public Works Department, but also that of all others of the same Corps, who are already employed, or who may hereafter find employment in the Public Works Department. The members of the Corps of Ordnance Artificers appear to be as much soldiers, as those of any other branch of the Military Service, and on re-consideration, the Government do not see why the Artificers should be differently treated, or subjected to a different principle as to pay and allowances, on entering the Engineer Department. The new rules promulgated on the 27th January last are explicit; they provide for the same of persons, viz. those in the Military Service and those not in the Military Service. To the latter, a higher rate of salary is awarded, to the former, a lower scale of civil remuneration is assigned, but in addition, their full Military pay and bounty is secured to them. Since the promulgation of these rules, all former orders may be considered as having ceased to operate, and all Military persons of whatever branch of the service, who are employed in the E.W.D. are equally entitled to draw the lower rate of allowances of the Civil grade to which they belong, in addition to the pay and bounty of the rank they may hold in the Military service.

2. The case in the Ordnance Artificer, equally with that of all Military persons taking employment in the E. M. S., thus becomes simplified - The requirements of the Military service being first considered and no objection being raised by his Military Superiors, an Ordnance Artificer may then employ himself in the E. M. S., if fit, and from the moment of his entrance upon his Civil duties, he becomes entitled to the lower scale of Civil remuneration of the appointment he has obtained, and will draw in addition, the pay and halberd of his Military rank - So long as he retains his place in the Military service, and draws Military Allowances, the Ordnance Artificer like any other Military man, is always amenable to the Department to which he permanently belongs, and should any emergency arise, he is liable to be withdrawn from his Civil engagements. It is hardly necessary to observe that in the event of objection being taken by his Military Superiors, to the transfer of any Artificer selected for employment in the E. M. S., it will be for the Artificer to purchase his discharge from his Military obligations, if he can obtain the indulgence, and thus severing his connection with the Military service, he may draw the higher scale of remuneration attached to the appointment he may obtain in the E. M. S.
