Sir,

I have the honor to forward for transmission to Government the enclosed application for the grant of an invalid pension to Mr. David Thompkinson late Mechanical Engineer in the Public Works Department.

1 Application for Pension
1 Medical Certificate
1 Original Deed of Covenant
1 — Do — letter from Mr. D. Thompkinson with an Endorsement from the District Engineer Presidency No. 4214, dated 6th December 1873

1 Original Memo. No. 8265 from Do
1 Copy of — Do — No. 376 from this office to the address of the District Engineer Presidency.
1 Original Memo. No. 4653 from Do — Do —

2. According to the printed Annual Lists of the Establishment in the Public Works Department, the date of Mr. Thompkinson's first appointment in the Departmen is 28th March 1856. It appears howeve from your Memo. of the 19th Ultimo and information subsequently receive on the subject from the District Engineer

Mr. [illegible]pkinson's service cannot be verified for any period prior to the 1st July 1856. The service therefore recorded in the accompanying application has been reduced by three months and 4 days viz from the 28th March 1856 to the 1st July 1856, leaving a total period of 17 years, five months and 4 days to be reckoned as service towards pension.

3. Mr. Thompkinson came out to India in 1856 under a Covenant for 5 years with the late East India Company. He was however continued to be employed after the termination of that period, and in March 1866 the Government of India in consideration of the favorable testimony which had been borne to his good services sanctioned an increase of Rs. 100 to his salary. In October 1872 the Government of India directed that Mr. Thompkinson should be considered as on the ordinary footing of Uncovenanted Servants. This order however appears to have been passed with particular reference to the grant of furlough to Mr. Thompkinson under the Uncovenanted Leave Rules but as his Covenant contains no stipulation regarding pension or gratuity the special sanction of the Government of India to the grant to him of the pension applied for should perhaps be obtained under Section 10 Chapter III of the Civil Pension Code.

I Lewis Charles Hanney Surgeon 2nd District do hereby Certify that I have Carefully examined David Thompkinson of the Public Works Department at Madras, that his age is by his own Statement 60 years & 9 months & by appearance about 60 years & 9 months that I find him to be unfit for further Service on account of bodily infirmity (Hemiplegia left side) not likely to be remedied by medical treatment & which renders him unable to discharge the active as well as the sedentary duties of his appointment. To the best of my judgment the cause of disqualification is not the result of Intemperance or other irregular habits

Certified that I have carefully examined David Thompkinson, son of David Thompkinson, Mechanical Engineer in the Madras Public Works Department. His age is by his own statement 61 years and by appearance about 61 years. I consider David Thompkinson to be completely and permanently incapacitated for further service of any kind in the Department to which he belongs in consequence of Paralysis of left side of body. His incapacity does not appear to me to have been caused by irregular, or intemperate habits.
