Establishment.

Read the following papers :—

No. 249. From Colonel H. K. BURNE, Secretary to the Government of India, Military Department, to Colonel A. C. SILVER, Secretary to Government, Military Department, Madras; dated Fort William, 11th May 1874, No. 647.

With reference to your letter quoted in the margin, I am directed to forward, for the information of the Right Honorable the Governor in Council, the annexed

copy of a Resolution of the Financial Department, No. 2684 of the 25th April 1874, sanctioning, with effect from the 1st idem, a revised establishment on a classified scale for the several Military Account Offices in the three Presidencies.

2. The accompanying printed statement details the sanctioned scale for the Madras Presidency, as recommended by the Accountant General, Military Department, with the concurrence of the Controller of Military Accounts, Madras.

3. In giving effect to the re-organization now authorized, which, it will be noticed, involves a thorough change in the constitution of the offices referred to, I am to express a hope that the opportunity may be taken for introducing a healthy element into those offices by discharging with gratuity or pension, as the case may be, such clerks as are useless and in excess of the numbers sanctioned; and retaining only those within the sanctioned complement, who have shown intelligence and ability in the discharge of their respective duties. At the same time, such deserving men as may have to be dispensed with, should be kept in view for re-employment as opportunities offer, with a view to keeping down the charges for pension as far as possible.

4. I am to add that the arrangement now sanctioned is not intended to affect present incumbents who may be in receipt of higher salaries than those of the new classes to which they may be assigned. Such clerks as will not benefit at once in a pecuniary way by the new arrangement, will continue to draw their present salaries, until, under the scheme as now sanctioned they are absorbed into appointments which would be pecuniarily advantageous to them. Those who may be appointed to any higher class, should only be allowed the minimum pay of that class, unless their present pay exceeds that minimum, when they will commence the new system with their existing pay.
