*Proceedings of the Madras Government, Public Works Department,
4th May 1874.*

No. 105A. Read the following letter from Major J. O. HASTED, R.E., District Engineer, Kistna, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Nooznadu, 22nd April 1874, No. 3 :—

I HAVE the honour to report that on the 13th instant a cooly working in the Bezoarah quarries received injury which caused his death.

2. The man was employed under a contractor who was supplying stone, and attempted to hold points on the tramway with his foot, when the rail moving as a laden truck came on the points he was thrown down and the truck passed over one leg, crushing it to such an extent below the knee that, in the opinion of the Assistant Apothecary, it was necessary that the leg should be amputated above the knee. The Assistant Apothecary being, as he informed me, unable to undertake the operation without assistance put a tourniquet on the limb and despatched the man to the Dispensary at Guntoor, and he died on the road.

3. To prevent the occurrence of such accidents in future, I have given instructions that points shall only be held by a handle, and the men should all be cautioned on the subject; but no orders will prevent carelessness on the part of the workmen.

4. I have ascertained that the man left a wife and two children, who are of course totally destitute. I propose, if the arrangement is approved, to pay the woman Rupees 30, being equivalent to six months' working pay of the man, and to charge the amount to the quarries. In the meantime her immediate wants have been attended to.

No. 105B. ORDER THEREON, 4th May 1874, No. 1,192-A.

ESTABLISHMENT, No. 6A.
