I have therefore the honor to request in the interest of the public Service, the Confirmation of this long tried and valued public servant, as District-Magistrate of Gungahpattanam.

In the same authority dated 24 April 1881, Mr. S. Morris, District Civil Judge of Rajamundry, stated that

During the time I have been acting as Judge of Rajamundry, I have been quite satisfied with the manner in which Mr. Wells has performed his duty as District-Magistrate.

On leaving the District,

I have every reason to speak well of Mr. Wells. When I have visited his Court from time to time, I have always found it in excellent order, he is never in arrears with his work, and I have generally seen cause to confirm his decisions. I am, Sir, Sir Judge,

Mr Wells first came under observation in November 1898 suffering from unpaired vision and double catarrh. He states that five years ago his sight first began to be imperfect and the imperfection has gradually increased since then up to the present time when the disease progressed more rapidly. Since that time he has only been able to read moderate sized type with the aid of a strong double lens 3 1/2 inch focus. Light rays he suffers from lacrymation and burning in the eyes, the light causes much watering and lately he feels uneasy and timid in walking about. In a subdued light he sees less better. Ordinary speech is not of little use to him. Examination shows double catarrh, both apparently of the hard variety. In the right eye there is an opaque round shaped deposit in the center of the lens. The iris is still healthy and transparent. In the left eye the disease occupies a larger portion of the lens. There is the same grey white striation but the deposit is more uniform. The reaction chamber of both eyes can be lighted up when the pupils are dilated with atropine and light is then

improved. Even then he
cannot read or distinguish
a single letter of the larger
print which I can show him
without the assistance of a
strong convex lens.

The only treatment has been
to keep the pupils dilated
with Atropine and to keep
him in a subdued light as
much as possible.

As he finds great difficulty
in discharging his official
duties in a proper manner
and is obliged to trust to
others to read out official
documents I granted him
a certificate, as under, to
enable him to obtain a pension.

I, J. H. Bramford M.D., of
Civil Surgeon, Cocanada,
do hereby certify that I
have carefully examined
George Wells' District
Commissioner of Cocanada, and
his age is by his own
statement 51 years and
he appears about the
same and that I find
him to be unfit for further
service on account of
total blindness, not likely to be

remedied by medical treatment
and which renders him
unable to discharge the duties
as well as the ordinary duty
of his appointment. To the
best of my knowledge and
belief the cause of his blindness
is not the result of intem-
perance or other irregular
habits.

late Sida, High Court, also in a
solemn affirmation.

I solemnly affirm that
I know Mr George Wells to have
been employed in the late Court
of Sadder Udalut. I do not remember
what the year he was entertained
but I am certain the date was
sometime between the years 1840
(eighteen hundred and forty) and
1846 (eighteen hundred and forty
six) and I think it was some
years previous to 1846 and I am
the more confirmed in my
opinion as I recognize Mr
Wells' hand writing in an old
volume of proceedings for the
year 1842 (eighteen hundred and

ferred to this day.
