FROM

THE HON. D. F. CARMICHAEL,
Acting Chief Secretary to the Government of Fort St. George,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
DEPARTMENT OF REVENUE, AGRICULTURE, AND COMMERCE.

SIR,

I am directed to forward, for the sanction of the Government of India, a tabular statement showing the changes proposed to be made in the Marine establishment at this Presidency.

2. The Master Attendant at Madras has explained the necessity for these changes in his letter which is recorded in the enclosed copy of the Proceedings* of this Government.

3. The net saving is Rupees 4,062 per annum.

I have the honor to be,
Sir,
Your most obedient servant,

Marine Department.—Sanction requested to certain increases and reductions recommended in the Marine Department at Madras.

Proceedings of the Madras Government, Marine Department, 7th December 1874.

Read the following papers :—

No. 7. From Captain J. H. TAYLOR, R.N.R., Acting Master Attendant, Madras, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Madras, 22nd October 1874, No. 6540.

Administrative Department.

No. 6391, of the 17th October 1874.

In my letter marginally noted I had to report the departure of Mr. Rowland for Gopaulpore and the virtual abolition of the office of 3rd Assistant to the Master Attendant—a reduction that was carried out in compliance with your telegram of date the 3rd instant.

2. I have now the honor to make certain proposals with regard to the revised duties of the department. I would earnestly beg that the pay of the 1st Assistant, Mr. Marshall, be increased by Rupees 100 per mensem. I forward a memorial from himself showing how largely the duties and responsibilities of his post have increased since its formation while the pay remains the same. He is an excellent officer, knows his duty and is indefatigable in doing it, and I most cordially support his prayer. For the 2nd Assistant, Mr. Bartlett, I would solicit an increase of Rupees 50 per mensem in consideration of extra work. I have inquired into the subject of fees received by him and find they are largely on the decrease, the British India Steam Navigation Company's ships preferring to be surveyed in Calcutta and Bombay, where the rules are much relaxed in their favor. He assures me that the average of two years is Rupees 52 per mensem. This arrangement, if sanctioned, will leave a credit of Rupees 150 to Government.

3. I also beg to make certain other proposals with regard to the Madras Marine establishment, and more particularly that of the Pier. These proposals are made by me after careful consideration, a personal inspection of the working of the office, and in consultation with the Deputy Master Attendant, and will be found embodied in the annexed tabulated statement, which clearly shows the increments and reductions proposed and the net saving to be effected as the result if my recommendations are sanctioned by Government.

4. Since taking charge of the department I have had the working of the pier under my own personal daily observation, and I am convinced that, not only can a reduction be effected in the establishment itself, but that a change is desirable in the *personnel* as well. The Madras Pier is a structure that was built mainly for the convenience of the merchants and for the protection of their goods, and I think that such an institution ought to be self-supporting and not prove a burden, as it has done, to the Government, and I have carefully striven to make it pay its own expenses since joining, and it is with this object in view that I am proposing the following reductions. First, I would recommend the abolition of the posts of Quartermasters or Boatswains of the pier. These men are all foreigners with one exception, and he has been kept on the establishment owing to his having lost a leg some years ago. I find these men rebellious in the extreme and altogether disinclined to submit to any authority or interference, so that they are of no use whatever in conducting the traffic on the pier. When they are at work, supervising the lading or unlading of boats, the work is carried on with indecent noise and foul language, none of them being able to speak the vernacular. These men are doubtless useful in certain ways, when any portion of the pier is being reconstructed, but this is a contingency which, it is hoped, will not occur again for some time ; but they are useless on, and only encumber, the permanent establishment of the Madras Pier. They can always be found daily employment conditionally on their good behaviour and regular attendance in the contingent work on the pier, if they choose to avail themselves of it. Their services and the amount of gratuity they will be entitled to will be found in the statement above referred to. I propose to replace these men by one good European and two natives.

5. There are at present three money-takers. I am of opinion that two are enough, and the services of one man can be utilized otherwise as an extra clerk.

6. There is a blacksmith on the permanent establishment who is often absent. I propose to engage such a man when required and to dispense with the present incumbent.

7. At present there are six lascars and one tindal on the establishment. I propose to reduce the number of the former to three and add one duffadar and two peons to the present strength.

8. On this head I would observe that I do not see the necessity for the appointment of Pier Master being filled up by any one during Mr. Sadler's absence, all duties in connexion with the pier being carried out under my personal orders by Mr. Stolberg, the Traffic Manager, who will, however, draw the usual acting allowance of twenty per cent. during Mr. Sadler's absence on leave.

9. With reference to the Marine establishment, I would observe that I am of opinion that the number of catamaranmen is too large for current work and may be reduced by five. I am aware that the strength of the establishment in this respect was lately increased with a view to provide a sufficient number of hands available in cases of shipwreck; but with the Cyclone Code in force I am of opinion that very material aid can be depended upon from the Military in the fort and the contingency of nineteen vessels being driven ashore in one and the same gale is a very remote one.

10. The result of these measures, if sanctioned, will be an increase of Rupees 194 per mensem and a reduction of Rupees 532-8-0, or a general saving of Rupees 338-8-0 per mensem, equal to Rupees 4,062 per annum, which, I trust, may be the means of removing some of the difficulties in increasing the pay of Masters Attendant in the out-ports when that subject is again brought before Government.

P.S.—I would wish the increase to the salaries of the Assistants to be sanctioned from the date of Mr. Rowland's departure from Madras and the abolition of his office.

No. 8. From Captain J. H. TAYLOR, R.N.R., Acting Master Attendant, Madras, to the Hon. D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Madras, 2nd November 1874, No. 6784.

Administrative Department.

In compliance with your memorandum, No. 304, of the 28th ultimo, I have the honor to forward a revised statement showing the whole establishment at the Presidency as required.

No. 9. ORDER THEREON, 7th December 1874, No. 432.

Consequent on the abolition of the office of 3rd Assistant to the Master Attendant, Madras, and the additional work devolving thereby on the 1st and 2nd Assistants, the Master Attendant proposes to raise the pay of the two latter officers from Rupees 400 to Rupees 500 and Rupees 300 to Rupees 350, respectively.

2. He also proposes certain changes in the Pier and Boat establishments.

Pier Establishment.

(*a.*) The abolition of the offices of Quartermasters or Boatswains of the pier, and the appointment instead of one European and two natives.

(*b.*) The reduction of the money-takers from three to two.

(*c.*) The dismissal of the blacksmith.

(*d.*) The reduction of the number of lascars from six to three, and the addition instead of one duffadar and two peons.

Boat Establishment.

The reduction of the number of catamaranmen from nineteen to fourteen.

3. The financial result of these proposals is—

(*a.*) An increase of Rupees 194 per mensem.

(*b.*) A reduction of Rupees 532.

4. The net saving is Rupees 338-8-0, or Rupees 4,062 per annum.

5. The gratuities to be paid to the four Quartermasters whose services are to be dispensed with amount to Rupees 1,590.

6. The Governor in Council resolves to sanction the Master Attendant's proposals with the remark that the increase to the pay of the 1st Assistant is sanctioned on the understanding that on the retirement of the Deputy Master Attendant the pay of that appointment shall be reduced from Rupees 800 to Rupees 700.

7. The abolition of the appointment of 3rd Assistant will not affect Captain H. Burton, who held the appointment, and who is now absent in England on the eighteen months' sick leave granted to him on the 17th April 1874, as it is understood that he will, in the event of his returning to India, assume charge of the office of Master Attendant at Gopaulpore. The necessary Notification will be inserted in the *Fort St. George Gazette*.

8. The sanction of the Government of India must be obtained before the increases proposed to the pay of the two Assistants can have effect.
