Affidavit taken from Salem Rungiah Naik Head Peon District Engineer's Office South Arcot under Clause 4 Section 71 Chapter XIV of the Civil Pension Code.

I, Salem Rungiah, do hereby solemnly declare that I entered the Govt. service in 1839 as a lascar in the late Civil Engineer's Department under Captain Birdwood, since I continuously served in that Department under Captains Faber, Henderson, Shaw, Ditmas, Roberts, Smythe, Pechtilory, Wilkinson and Foord; of these only 4 officers granted me Certificates, others said there was no necessity for the same; when the Civil Engr. Department was done away with I was taken in the late [illegible] Engineer's Office of S. Arcot, when

I served until the late Supg Engrs Office was formed, then I was sent to the Cuddalore Range under Mr Harrington, where I remained about one year and then got myself transferred to the Chillumbrum Taluq under [illegible] the late Manikam Mudaliar. I remained there until I was taken in the late Supg Engrs Office by Colonel Horst. When this office was done away with about 2 years back I was made Head Peon in the District Engrs Office. I don't remember the dates of my appointments, transfers &c. Arunachella Mudaly was employed with me in the late Civil & District Engineers' Offices. There has been no break whatever in my service, I was never suspended or dismissed at any time by any officer

Certified that I have carefully examined Lalem Rungiah son of Chinnuppa Naidoo Peon in the District Engineer's Office South Arcot. His age by his own Statement 70 years, and by appearance about 70 years. I Consider Rungiah to be completely and permanently incapacitated for further service in the Department to which he belongs in consequence of old age and general debility. His incapacity does not appear to have been caused by irregular or intemperate habits.

Sir,

In forwarding for the consideration and orders of Government the accompanying Application for Invalid Pension for Salem Rungiah Naik, Head Peon in this Office, I have the honor to state that some portions of his Service cannot be verified, as there are no records for the same in this Office or in those where he states to have served. It is in fact impossible to verify the whole service of this Class of servants, since their names were not specified in the Pay Abstracts or in any other Returns of the Department.

2. The Peon states (Vide his Affidavit taken as required in Clause 4 section 71 Chapter XIV of the Civil Pension Code) that he has without any break, served in the Department from June 1839 to the date of his Application for pension. He possesses two testimonials from Captain Birdwood late Civil Engineer one for a service of 10 months ending 12th April 1840 & the other for 6 years ending 22d January 1850; another from Captain Roberts dated 6th April 1852 for "upwards

"upwards of 2 years." There is a break of 4 years from the date of Captain Birdwood's first testimonial; for this there is nothing but the Peon's Affidavit.

3. Again for his service from 1852 to end of 1856 there is no record; but the Head Accountant of No. 1 Range Office who was employed in the late Civil Engineer's Office from 1853 states that the Peon had been employed in that Office prior to his Entertainment in 1853 and continued in that Office until the reorganization of the Department in 1856-57, when he was transferred to the late District Engineer's Office, South Arcot.

4. From 1857 to June 1863 and from June 1867 to date of Application the Peon's service is borne out partly by records and partly by the Evidence of the Clerks now in this Office, who were employed in the late District & Superintending Engineers' Offices.

5. In July 1863 the Peon is said to have been transferred to the Cuddalore Range Office, that after serving about one year there he got himself transferred to the Office of the then Taluq Overseer of Chillambram and continued there until June 1867

There is no record for this part of the service; but the Officers of Nos 1 & 3 Ranges report they hear that the man was employed in their Ranges for some time but the periods are not known.

6. In conclusion I would state that the Peon is so far advanced in age and is now so weak that he is not likely to enjoy the Pension very long should it be granted.

I have the honor to be
Sir,
most obedient servant,

District Engineer.
