Pension.

Read the following letter from T. PARTHASARADY MOODELLI, late an Overseer in the Department of Public Works, to the Hon. W. HUDLESTON, Chief Secretary to Government, Fort St. George, dated Madras, 22nd April 1875 :—

I beg most respectfully to enclose, herewith, a memorial to the address of the Secretary of State for India, and to request you will be good enough to transmit the same to him at your earliest convenience.

To
THE RIGHT HONORABLE THE MARQUIS OF SALISBURY,
Secretary of State for India.

MY LORD,—Your memorialist begs most respectfully to appeal to your Lordship in Council against the orders of the Madras Government declining the grant of pension which was previously promised him.

2. In a petition presented to the Madras Government, on the 27th December 1872, by your memorialist against the order of Major Vertue, the then Superintending Engineer, 3rd Division, he brought to their notice, enclosing four statements from his medical advisers, of the distress suffered by him, consequent on the repeated severe attacks of rheumatism in conducting his outdoor* duties, entailing a great amount of travelling and more especially of riding, absolutely necessary on the part of an Overseer in charge of taluq, and requested therefore that he be provided with an appointment requiring no travelling or riding, or otherwise be allowed the pension he was entitled to.

* *Vide* the fourth and seventh paragraphs of the copy of the petition, marked A, herewith appended.

3. The Government of Fort St. George on the above appeal passed G.O., No. 628, of the 27th February 1873, stating that they were satisfied with the medical evidence, at the same time recognising the efficiency of his service, consented† to grant the pension on the submission of his application through the authorized channel.

† *Vide* the appended copy of Government Order, marked B.

4. That, when your memorialist's application came before Government after his services were duly verified (but after a delay of eighteen months) he was much aggrieved at finding Government declining‡ the grant of pension under an erroneous idea of the facts contained in his appeal, and upon which the Government Order promising the grant of pension was based.

‡ *Vide* appended copy of Government Order, marked C.

5. Your memorialist subsequently fully explained to Government the mistaken grounds in another appeal, dated 19th November 1874, § citing several precedents of the Government having granted pension to public servants similarly circumstanced as your memorialist, but no||

inquiry was made to ascertain the facts therein set forth, and your memorialist therefore respectfully and earnestly solicits your Lordship's careful consideration in the perusal of the second appeal marked D as aforesaid.

6. From the papers above cited it can be perceived that your memorialist requested the Government to provide him with a place of less laborious exertion, or grant him pension for the reasons shown in the second paragraph of this appeal.

7. The second paragraph of Dr. Smith's letter, as well as other medical testimonies, fully bear out the truth of his (memorialist's) statement as to his inability to perform duties requiring riding or travelling, and also Government by their own showing in their Proceedings, No. 628, of the 27th February 1873, above alluded to, were fully satisfied with the medical evidence furnished them.

8. Under the above circumstances your memorialist most respectfully and humbly begs your Lordship will take his case into favorable consideration, so that he may be either provided with a place of a less laborious character, allowing him to count for pension the time that has elapsed

between the cessation of his service up to the date of your Lordship's order upon this appeal, with payment of arrears of his salary, or be allowed pension from the date of G.O., No. 628, of the 27th February 1873, assuring him of the same.

9. The above being all that he can urge in his case he respectfully and confidentially leaves the matter to the consideration and mercy of your Lordship in Council in the assurance that the case of a poor man, who has devoted all his energy and prime of life to Government service for nineteen years, and who to the best of his ability discharged his duty to the best interest of Government, will not now be sent adrift in his declining years, but that he will be protected and guarded against any unfortunate circumstances which may possibly be brought to bear against him.

10. Fully relying that your Lordship in Council may be pleased to grant the prayers contained in the eighth paragraph of this appeal your memorialist most respectfully begs to remain, your lordship's most obedient and humble servant,

Late an Overseer, D.P.W.

To the Secretary to the Government of India, Financial Department, dated Ootacamund, 24th June 1875, No. 329.

I am directed to forward, for transmission to the Secretary of State, a memorial presented by one T. Parthasarady Moodelli, lately an Overseer in the Public Works Department, appealing against the refusal of this Government to entertain his application for a retiring allowance.

2. The memorialist was dismissed from the public service, but notwithstanding this fact His Excellency the Governor in Council was at one time induced by the representations of the memorialist to consider that there were grounds for making his case a special one, and orders were issued for the submission of an application for pension through the proper channels.

3. On the application coming before Government with full information it appeared that the memorialist had suppressed certain important papers which completely altered the complexion of his case, and His Excellency therefore refused to take it into consideration.

G.O., Pension Department, dated 10th September 1874,
No. 557.

4. Copies of the orders passed on the case are enclosed, and I am particularly to invite attention to that noted in the margin.
