Certified that I, D. R. Thompson M.D. Resident Surgeon General Hospital, Madras, have carefully examined Thoundroyan Naik son of Ruthrappa Naik, a gardener of the Medical College, Madras. His age is, by his own statement, 50 years, and by appearance about 55 years. I consider Thoundroyan Naik to be completely and permanently incapacitated for further service of any kind, in the Department to which he belongs, in consequence of Old age and infirmity. His incapacity does not appear to me to have been caused by irregular or intemperate habits.

The Secretary Medical Board
Fort Saint George

Sir,

With reference to the annexed Extract from the last Annual Report of the Medical School, I have the honor by desire of the School Council, to submit the following suggestions for the approval of the Medical Board.

1. The Establishment of Assistants & servants attached to the Medical School has not kept pace with the wants and development of the Institution.

2. The increase which has lately taken place in the Establishment in consequence of the addition of another subject and another year to the Curriculum of study necessitates a corresponding increase in the numbers of the Assistants and servants attached to the Institution.

× × × × ×

× × × × ×

9. The necessity for an additional supply of servants is also felt by the School Council. The present number viz 4 being quite inadequate to overtake all the duties required of them especially during the session, when the departments of Chemistry and Practical Anatomy throw a heavy and constant

amount of labour upon the school servants.

The school Council beg to propose that two additional servants be entertained on a monthly salary each of Rs 5 = 10 and that a Peon on a Monthly salary of Rs 6 be also added to the Establishment of the school in order that the Garden of Botany and Materia Medica may receive that attention which it requires. It is proposed that two Gardeners be engaged upon monthly rate of Rs 5 each = 10
