*Proceedings of the Madras Government, Pension Department,
5th January 1876.*

Read the following letter from Lieutenant-Colonel C. S. HEARN, Inspector-General of Police, to the Hon. D. F. CARMICHAEL, Officiating Chief Secretary to Government, Fort St. George, dated Madras, 16th November 1875, No. 5470:—

I have the honor to submit, for the orders of Government, the case of Inspector Ramakistnier, of the Chingleput Police, whose case is set forth in the accompanying papers.

2. The Inspector is suffering from hydrocele, which unfits him for Police duty. The Medical officer considers him curable by an operation, but to this he absolutely refuses to submit. The Medical Invaliding Committee therefore refuse to pass him for pension.

3. Inspector Ramakistnier has never been a very efficient Police officer, but he has borne a good character in other respects. His length of service is twenty years, four months, and sixteen days. His age is forty-six years. The rate of pension to which he would be entitled, if invalided, is Rupees 33-5-4 per mensem.

From Captain A. M. LYS, Superintendent of Police, Chingleput District, to Lieutenant-Colonel C. S. HEARN, Inspector-General of Police, Madras (through the Deputy Inspector-General), dated Saint Thomas' Mount, 25th October 1875, No. 678.

I have the honor to submit, for your consideration and orders, the case of Inspector Ramakistnier.

2. This officer, as is well known, has for some time been physically unfit for the active discharge of the duties expected from a Taluq Inspector. As he has completed the term of service necessary to make him eligible for a pension on medical certificate, I on 19th instant sent him to the hospital for examination as to his fitness for further service. The Medical officer found that he was suffering from hydrocele, and would benefit by operation, to which he refused to submit. On this I forwarded his roll and case to the President of the Medical Invaliding Committee, from whom I received the letter herewith forwarded.

3. Inspector Ramakistnier is no longer a young man, and has been 20 $\frac{4}{12}$ years in Government employ. Considering his caste and habits it is not surprising that he should be averse to submitting himself to a medical operation. I beg that you will be pleased to take his case into consideration.

4. Pending your orders, I have directed Inspector Ramakistnier to resume charge of his division.

Considering the Inspector's caste, habits, age, &c., he is, I think, quite justified in refusing to undergo an operation.

2. The Inspector being unable to ride he cannot perform his Police duty thoroughly. He is a man of very good character, and has served fifteen years in the Police, and five years and four months as a Gumastah. He was one of the first to join the Police of the Chingleput District. It would be a great boon to the man and of benefit to the service if Government would considerately grant him his pension. I cannot endorse the Medical officer's recommendation that he should be discharged. He has served faithfully for twenty years, and deserves consideration.

GEINDY,
26th October 1875.
