Certified that I have carefully examined Achanta Lingarazu accountant in the District Engineers Office Department of Public Works Godavery District, Son of Achanta Ramayya. His age is, by his own statement, forty five years, and by appearance, about forty five years. I consider Achanta Lingarazu to be completely and permanently incapacitated for further service of any kind in the Department to which he belongs in consequence of impaired vision not likely to be remedied by medical treatment. His incapacity does not appear to me to have been caused by irregular or intemperate habits.

A. Lingarazoo has served me as
writer for the period of two and a
half years in the Dept of public works
and I am sorry he leaves me for a
more lucrative situation, he has
given me great satisfaction. He is a
uncommonly good accountant both
in Teloogoo and English, he has
considerable intelligence, and can
bring it well to bear on his work,
he is slow but assiduous, and if I
must speak of the fault as I find it
he is perfectly honest. But the absence
of all Brahminical humbug in
him is about his principle recom-
mendation. In fact I think very
highly of him, and two and a half
years experience is surely a sufficient
acquaintance on which to form a
judgement-

To

A. Lingaraju
Supervisor and Inspector in the 1st Party

Among the Villages under your Supervision in the Pullampet Taluq it appears from the Accounts rendered for the month of July that the field work of the 5 Villages Maremarapuram, Utukuru, Deva Samudram, Anantha Samudram and Pottapi; and the Accounts of 5 more i.e. all 10 Villages have not as yet been completed also the undermentioned Gumashtahs who are said to have finished their work in the Villages set opposite to their names have not yet proceeded to Rayachoty.

— Names of Villages —	— Names of Gumashtahs —
1 Pindaluru	1 Terkala Ramayya. Demarcator 2 Achanta Ramayya. Asst. Classifier
2 Sree Ranga Rajapuram	3 Danakonda Ramasawmy. Demarcator
3 Penagaluru	4 Achanta Narasayya. Classifier
4 Pullampet	5 Lella Vasudevudu. Classifier
5 Obilee	6 Kasturi Ramachandrudu. Asst. Classifier
6 Mannur	7. Talluru Subbramaniam Classifier

If it were true that the Accounts of these Villages had been finished at the end of the month no doubt these Gumashtahs would have left for

Rayacottah, but it would appear as if the villages had been shewn in the Accounts submitted as finished just for the sake of bringing them to Account — In proof of the above it appears from an Argi written by Dy. Inspector N. Tummirayu to Mr. Mayer that the Gumashtahs and Curnums of the 2 Villages of Penagalur and Pondalur which were shewn as having been completed in the Month of July were directed by yourself to prepare the necessary Accounts in those Villages without going to Pullampet — A remark appears in the Account for July to the effect that the field work of the 2 Villages of Maremanapuram and Pottapi still remained to be completed while in those rendered for the month of June it was said that these Villages with some others would be closed in the month of July.

From the above it is very evident that you have shown yourself not only very wanting in the manner of supervising the work but that you have also given instructions to the Gumashtahs altogether at variance with the orders which were strictly issued from this Office when you told them and the Curnums of Penagalur and Pondalur to complete the Account work in those villages instead of going to the Taluq Head quarters — It is therefore ordered that you shall be under Suspension from the 16th Inst. until the Arrears of work in Pullampet Taluq be completed and the Gumashtahs and Classifiers have left for Rayacottah. In the meantime as arrangements have been made that A. Narasimham Supervisor in the 2d Party should act in your place in the 1st Party and that R. Ramaswamy should succeed Narasimham, you shall on the receipt of this Hookum without delay send the Government cash under your charge with the Hd. Gumashtahs and all the other records of your office to Narasimham in the Rayacottah Taluq — You may keep 3 Peons to serve Summonses on Curnums and Gumashtahs for the preparation of the necessary Accounts together with the Office Ast. 4th Gumashtah B Subbarayadu to carry on Correspondence — You shall send all the others away to Rayacottah — Further the undermentioned Gumashtahs and classifiers who are engaged in the preparation of the Accounts have also been suspended from the 16th current until the bringing up of the arrears of work — Orders will be issued to the Gumashtahs cancelling their suspension from the dates on which they start for Rayachoty. Until all the above has been done and you have completed all the work you have yourself to do in the Taluq the casual leave hitherto granted should not be availed of by you

Major J. Beatty R. E.
District Engineer, Godavery

Sir

In bringing to your notice in somewhat a lengthy story the following circumstan connected with my case, I most respectfully and humbly beg your gracious pardon for the liberty I have taken in trespassing on your most valuable time.

While I was a superviser in the Revenue Settlement Department in the Cuddapah District, I was attacked with the notoriously malarious Cuddapah fever in the beginning of October 1868, and having been entirely prostrated by its effects, I was granted 4 months sick leave on Medical Certificate from 15th November following. I came in January 1870 to this my native country, and in the month March next, or after the expiration of my leave, I was in such a poor state of health that I was not able to retur to my duty, and I, therefore, appeared before the then Zillah Surgeon Dr. Aitkin who favored me with two months extension of the leave, and at the end of it, as I was still not freed from the effects of the disease, the doctor had extended the leave again for another two months and advised me not to return to my post in Cuddapah if I can help it.

By this time, Col. Fisher, under whom I served in the P. W. Department for several years before this, was Providentially appointed to the Godavari District as Superintending Engineer, and when I went to pay him a visit, I related the whole of my story to him and begged him to favor me with any indoor appointment of respectable salary and thus save my life from falling a victim to Cuddapah fever.

He was so moved by the appearance of my person and the helpless state of my circumstances, that he offered me the post of Estimator which was vacant at the time in his office, and I accepted it on the 1st June 1869, when I sent up with the advice of Col Fisher, my resignation for the post of 150 Rs salary in the Revenue Settlement Department in Cuddapah.

The post of Estimator which was given me, was held by my predecessor who had not passed any examination for a Draftsman and Estimator or neither knew nor ever performed its legitimate duties in the office, but only executed the duties of a writer and accountant, and the same I continued to perform after I took the appointment.

When my salary bill was sent to the Controller for audit, he conditionally passed the full salary of the post, viz, 60 Rs for the months of June and July pending a reference regarding my Service Register &c. When the required reference was sent to him, he objected at first to pass the full salary as he deemed it necessary that I should pass the General Test Examination, and when Col. Fisher laid the whole case before the Government, they were pleased to exempt me from passing the required examination in G. O. No 3644 dated 13th November 1869.

The Controller afterwards objected to pass the full salary on the ground that I was not exempted from passing the Special Test Examination required for the post of Estimator and continued to pass only 19½ Rs from August 1869. On this, Col. Fisher made several representations to Government, stating that he had given me the appointment in good faith that I will not be required to pass the examination for a Draftsman as the former incumbent was an unpassed candidate and although he never performed the duties of a Draftsman, yet the Controller never objected to pass the full salary to the man, and that his predecessor the late Major Ryves was authorized in Para 5 of G. O. No 1476 dated 1st June 1865 to make the above arrangement in the office and he only followed his course but introduced no innovation in the matter &c &c.

But after all the above references, the Government were not pleased to my great misfortune, to sanction the full salary to me; and I therefore suffered a loss of Rupees 39½ a month for 40 months; that is, upto 1st December 1872 when the reorganization was introduced and the post of Estimator was done away with.

From the above circumstances, it will be seen that it is not my fault for having taken the appointment as I was never aware and never was told before I resigned my appointment in the Revenue Settlement Department, that I shall have to pass a special examination for

the post; and as I am now pronounced by a Medical authority as being unfit for further service in consequence of my impaired and deteriorating sight, I beg, you will, in submitting my papers for pension, kindly recommend that in striking the average salary for the last five years, the full salary (60 Rs) of the post of Estimator may be taken into accou instead of the reduced amount (19½ Rs) which was disbursed to me.

The parental Government will observe that in accepting an appointment given by thei lawful representative in the place, who acted also in good faith, I have suffered already a great pecuniary loss, and that my pension should also be cut short on that account will be a penalty too severe and heavy to impose on a servant of 22 years faithful and hard service in their employ.

I served the Government 22 years of which 10 years were spent in the arduous field duties of Settlement Department. In consequence of overexertion and continued exposure in the field for full 10 years and that in the very unhealthy localities of the Cuddapah District, my health had been seriously injured and the fever which attacked me in October 1868, never left me for full twelve months and in November 1869, I was attacked with eye disease which gradually worked its ruin and brought me to the present state. Had it not been for this annoying disease of the eyes I would have gladly worked my time to earn half pension and I therefore crave that you will kindly recommend my case for the favorable consideration of the Paternal Government so that the reduced rate of salary may not be taken into account lest my pension will be so miserably curtailed that it will be hardly sufficient to keep my body and soul together as the progressing nature of my disease threatens to terminate shortly in total loss of sight which the Medical authorities have also predicted

For which act of mercy, I shall ever pray to the Almighty to bless you and family with long life and prosperity in this, and everlasting Bliss in the next, World.

I remain

FROM
THE CONTROLLER,
PUBLIC WORKS ACCOUNTS,

TO
The District Engineer

FORT SAINT GEORGE, 21st August 1875.

Memorandum

In returning the application for pension and the papers therewith connected, on behalf of A. Lingarazu, the undersigned has the honor to request that the District Engineer, Godavari, will be good enough to furnish explanation on the following points.

1. The Circumstances under which the several periods of absence on leave, as shown below, (which the applicant appears to have had according to the Registers of this Office and those of the Accountant General, Madras, as also the period of Suspension from 16th August to 23d September 1868) have been omitted in the application.

Leave on half pay - From 18th May to 12th June 1859.
——— Do. ——— 16th November 1868 to 31st May 1869.
Sick leave 4th to 30th June 1874.

2. The nature of duty performed by the

applicant from 1st April 1852 to 31st October 1855 should be explained, as his services for that period are verified by the Accountant General as Bricklayer Maistry. It should be stated whether the work done by him in that capacity was similar to that now performed by an overseer, or simply that of supervising a gang of Coolies.

3. As the services of the applicant as noted in the margin

Establishment	Apptt.	Pay	From	To
1st Asst. Civil Engineer Godavari	Writer	35	1st November/55	31st August/56
District Engr's Office Bellari	Head Acct. & Estimator	60	1st September/56	30th June/58

cannot be verified from the registers of this Office or those of the Accountant General Madras owing partly to the omission of names of individuals, and partly to the omission of particulars regarding Lingaraza, any acquittances or vouchers on the records of the District Engineer's Office or in possession of the applicant should be furnished to prove his employment. If no vouchers are forthcoming the affidavit of the applicant to the effect that he was continuously employed in those capacities without any break such as leave, suspension, resignation, &c., should be taken agreeably to rule 4 Section 71 Chapter XIV of the Civil Pension Code.

4. Leave of every description, suspension from employment, and other breaks of service should be noted in full in the service book as required by Rule 3 Section 67 Chapter XIV of the Civil Pension Code.

5. More marks or Complexion of the applicant should be noted against item No. 17 of the 1st page of the application with a view to his identification being made certain. The date of birth instead of ~~birth~~ age should be entered against item No. 15 - Vide appendix A of the Pension Code. The omission of the entry of the date of application against item No. 18 should be supplied.

6. Information should be furnished as to how the applicant was employed on the 1st October 1874 as according to the entries made in the History of Service his service terminates on the 30th September 1874, while the Medical Certificate granted to him declaring his unfitness for further service is dated 2d October 1874.

Sir,

With reference to your Memorandum No 62 G.D. dated 21st August /75, I have the honor to submit herewith the required explanations on the several points in connection with the application for pension, on behalf of A Lingaraju.

I The circumstance under which the leave on half pay from 18th May to 12th June 1859 and Novr 1869 as stated by the Controller was not entered in the application is that the leave in question was not shewn in the Copy of the Service Register (from which the application was prepared) furnished to the applicant by the Director of Revenue Settlement, Cuddapah, which is herewith forwarded for your inspection

It is observed that leave on half pay from 16th November 1868 to 31st May 1869 and sick leave from 4th to 30th June/74 and the period of suspension from 16th August to 23rd September 1868, were not entered in the Service Book and application. The applicant himself assisted in the preparation of those documents and he states that the omissions were by oversight.

II When the applicant was in the Establishment of 2nd Assistant Engineer, Godavery from 7th April 1852 to 31st October 1855, he performed only the duties of a Writer and Accountant, but he never executed, neither was he acquainted with, the duties of a Bricklayer Maistry at all. Salary (Rs 35) was drawn on the applicant's name and a portion of it used to be given both by the then 2nd Assistant Engineers J. F. Fischer and D. A. McNeill, under whom he held the appointment, to persons who actually performed the business of a Maistry. The fact that the applicant's duties were those of a Writer and Accountant in that Establishment, will be made clear from the enclosed (original) testimonials given to the applicant by Lieut. D. A. McNeill.

III The applicant has no other voucher to

shew that he was in the service, than a letter from then Lieut., now Col. J. F. Fischer R.E. addressing him as a writer, to the care of Lieut. W. C. Hamond, who succeeded him in his charge in this District. This letter will shew that the applicant was in employment in June 1856. The enclosed copy of the applicant's Service Register with remarks entered in then Lieut. now Col. Fischer's own handwriting, will shew that the applicant was Head Accountant in the Office of the District Engineer Bellary on a salary of Rs 60 per mensem from 1st September 1856 to 30th June 1858. The applicant states that neither suspension nor resignation had broken his continuous service during the whole time, but leave without pay for the month of August 1856 was granted by the District Engineer Godavery, to enable the applicant to join his new appointment in the Bellary District. No acquittance Rolls or vouchers are on the records of this Office to prove this.

IV The leaves of every description in the course of his service, as well as the one instance of suspension are noted at the foot of the last page of the Service Book.

V More information about marks and Complexion

No. 223/D.

complexion, the date of the applicant's birth, and the date of application, have been noted against items Nos. 15, 17, and 18 of the 1st page of Application as requested.

VI The applicant was on leave without pay on the 1st October /74 and his pension should begin from the date of the Medical Certificate viz the 2nd October 1874.

The Applicant's Services from 1st November 1852 to 31st October 1855, amounting to 3 years, have not been placed under period reckoned as service towards pension as according to the explanation furnished in para II of the Distt. Engineer's letter No. 2563 dated 26th November '75, the Applicant was not doing the duty of the appointment to which the pay of Rs 35/- drawn on his name was attached, and the division of the amount between two individuals does not appear to have been authorized by Govt. Even, however, if this period be included as qualifying it will not raise the Applicant's pension to more than what he has been shewn to be eligible for. It would merely lengthen the total period of qualifying service from 17 years 2 months & 15 days to 20 years 2 months and 15 days.
