1 Statement of
Verification

With reference to your letter No 1165, dated 27th August 1875, I have the honor to return the pension papers of C. K. Venkiah Naidoo as per margin, together with a statement shewing the results of verification of his service in this District. The verification has been made to the extent that the records in this office will admit. Certain books have been called for from the Hospett Range, and when they are obtained, the services in the Kudligee and Hospett Ranges, will be verified, and the result communicated to you. In the meanwhile, to avoid delay in the disposal of the papers, they are retransmitted to you in order to enable you to verify the service in the Cuddapah District.

2. The Controller P. W. Accounts in para 3 of his letter No 46 C.D. dated 23rd August 1875 states that, the applicant's services from 19th February 1858 to 30th April 1858, and from 1st May 1859 to 30th April 1860 cannot be verified. From the statement now sent, it will be seen that, service commencing from 1st November 1859 has been verified. With regard to the previous

previous Service in the Gooty Range from 19th February 1858 to 31st October 1859, the Copies of documents appended to the Verification statement bear testimony. In those days, it was not usual to enter the names of Office Establishment in the Pay Abstracts: hence it is not practicable to verify the entry from the above mentioned document.

3. Respecting the change in the initials of the applicant, I can only suppose that the error might have been committed in the late Civil Auditor's Office. In the old records initials of Subordinates were either entirely omitted or wrongly written; and it seems to me that the importance of entering the initial letters properly, was not attended to at the time. But in no records in this Office is the applicant's name written as P. Venkiah. There can be no doubt that the applicant is the man who served under Captain Syme. The original testimonials given by that Officer are stated to be in the Cuddapah District Office. Colonel Fischer the District Engineer of Madura will, the applicant says, be able to bear testimony to the fact; besides one or two Clerks employed in this District know the applicant from the date of his entertainment in the department.

4. The applicant says that the 2 Months

leave (not 1 Month as stated by the Controller) on private affairs granted to him from 1st January to 28th February 1861, was entered in the Service History Sheet, because a Substitute was employed for the period on moiety of pay, although pay in full was drawn in the Applicant's name. The Copies of Pay Abstracts for January 1861 and February 1861 corroborate this Statement. No Substitute appears to have been employed when he was granted similar leave in 1862. This leave may therefore be struck out from the Service History Sheet.

5. The necessary information required in para 4 of the Controller's letter has been duly furnished.

6. Column 12 of the Service Book is attested throughout by Dy. Sub Engineer Selow; therefore Column 9 of pages 3, 5, 7 and 9, may likewise be attested by that Officer.

Docket No 635 of 4th Distt.

This docket brings to notice another instance of the carelessness and in attention of C.K. Venkiah Naidoo. The original order about a vault in the Talook Cutcherry at Pullumpett appears to have been sent in October 1866; a correspondence took place of which one letter (No 488 of 20th February) was written by Venkiah Naidoo who cannot therefore plead ignorance

The undersigned in October last notic the very careless manner in which the rec of the Pullumpett Range had been kept and severely reprimanded Venkiah Naidoo, but as of the blame was attributable to Mr Blacker. undersigned did not punish Venkiah

The warning Venkiah Naidoo then got not seem to have had the effect of making more attentive; and so the undersigned take an early opportunity of punishing him present it is merely deferred until arrang can be made.

This date may therefore be assumed to be a correct one. Also the accompanying copy of Memorandum No 626 of 18 October 1859, from the District Engineer to Captain Syme, proves that Venkiah Naidoo was employed in the Gooty Range under Captain Syme, previous to his transfer to the Bellary Range Office in November 1859, on account of certain reductions in the Range Establishments, as stated in the letter above alluded to– |

1. With reference to G. In this statement I have included the Cuddapah District, as I have proposed to reduce the Madnapully Range Office from the first to the second class.

2. As I am of opinion that the present Military Buildings Range Office requires strengthening, I have proposed another Assistant Accountant on Rupees 30.

3. I trust that these proposals of mine will meet with the approval of Government, and would suggest that the changes take effect from as soon as possible after the beginning of the next official year.
