Sir,

I have the honor to submit for the favorable consideration of Government, the accompanying application for an invalid pension from Arcot Valavoy Ko Mudaliar late Taluq Overseer 1st Grade in the District.

2. The total period of the applicant's service irrespective of breaks &c amounts to 31 years 4 months and 20 days. It would appear that he resigned the post of Choultry Superintendent in South Arcot on 20th May 1848, was a temporary Maistry under Civil Engr: 4th Division from 21st May 1848 to 1st April 1849 when he resigned this appointment and was out of employ up to the 31st August 1849. In this way he was for 10 months and 12 days in the temporary

Establishment and 4 months and 29 days without subsidy.

3 The resignation of the appointment of Revenue Settlement in South Arcot Valenyloo Mudaliar states in consequence of his having been offered (by the Civil Engr 4th Division) the appointment of Hd. Writer but he did not succeed in getting the the Collector of South Arcot prevented his joining the appointment in time. The letter from Major Henderson was forwarded by Valenyloo Mudaliar in support of the statement, copies of which as also his service Book and his Service Register furnished by the Distt Engr Madras are forwarded herewith.

4 In the service Register furnished by the Distt Engr, Madras, the service of Valenyloo Mudaliar in Department Maistry and Writer in the 7th Division is put down as 10 months and 2 days whereas in the Service Book it is entered as 11 months, thus there is a discrepancy of 28 days between the two entries. It would however appear from Lt. Francis' testimonial that Valenyloo Mudaliar left him to take up the appointment of Writer in the 4th Division and moreover as this service commenced the age of 22 years no notice has been taken of the discrepancy.

5. Should the Government not be pleased to take into account the service prior to 1st September 1849, the remaining service amounts to 25 years 9 months and 25 days — which will entitle Valenyloo Mudaliar to a pension of Rupees 50 - one half of his average emoluments.

I have the honor to be
Sir

Certified that I have carefully examined, A. Valoomyten Mudaliar, son of Thirumalay Mudaliar, Taliq Overseer of Chellumbrum S.A. Distt. His age by his own statement 54 years and by appearance about 55 years. I consider A. Valoomyten Mudaliar to be completely and permanently incapacitated for further service in the Department to which he belongs in consequence of old age and general debility. His incapacity does not appear to have been caused by irregular or intemperate habits.

Vide { your ~~this~~ } { ~~Proceedings~~ Office Letter Memo. } No. 827 dated 9 Septr 1875.

The undersigned has the honor to state that the services of Arcot Valvonyhoo Moodelliar as writer and Department Maistry in the Civil Engineers Establishment 4th Division, and as Maramut Superintendent, South Arcot cannot be verified owing to the non entry of the names of incumbents of the appointments in the annual Returns of 1st May 1842 to 1846, and owing to the non appearance of the Maramut Establishment, South Arcot in those of 1 May 1847 and 1848.

In the Annual Return of 1 May 1846 the appointment of Bricklayer Maistry only appears. The appointment of writer in the Returns of 1843 and 1845 and that of Bricklayer Maistry in the Return of 1846 are marked vacant.

Even if the above services were verified from the Engineers records or from other sources, and even the applicant was not a Bricklayer Maistry, the period would not count for pension or gratuity, the applicant having resigned and the resignation having been followed by a break of more than one year.

Service

To
The District Engineer

Fort Saint George, 14th October 1875.

Vide application for pension on behalf Arcot Valoomyloo Moody, late a Talug Overseer in the South Arcot District-

Memorandum-

In returning herewith the Service Registers and application for pension submitted on behalf of Arcot Valoomyloo Moody, late a Talug Overseer in the South Arcot District, the undersigned has the honor to point out that as the applicant resigned his appointment of Maramut Superintendent on the 19th May 1848 and was not again employed on the permanent establishment until after the lapse of more than one year his service prior to the 19th May 1848 is forfeited.

Vide Section 45 of the revised civil pension Code

[illegible]

2. From the 21st May 1848, that is two days after the applicant's resignation of the appointment of Maramut Superintendent, he appears to have been entertained as Temporary Maistry in which capacity he continued to be employed until the 1st April 1849. But as the service rendered during that period was not on a permanent Establishment, it does not count towards pension or gratuity.

3. Under these circumstances the period viz from 1st February 1842 to 19th May 1848 should be classed in the History of Service on the 2nd page of the pension application as "period not reckoned as service".

4 As the following periods of the applicant's services cannot be verified from the records of the Accountant General, Madras or those of this office, the District Engineer is requested to be good enough to communicate with the District Engineer, Chingleput, with a view of determining whether the applicant's service from 1st May 1856 to 31st December 1856 can be verified from the records in his district. The services from 1st September 1849 to 10th April 1850 should, if possible, be verified from the Records of the District Engineer, South Arcot. If the services for the two periods in question cannot be verified, it should be ascertained whether the applicant is in possession of any documents by means of which the required verification can be made. If no documents be forthcoming an affidavit should be taken and collateral evidence collected as required by section 71 rule 4 of the Civil Pension Code.

From 1st September 1849 to 10th April 1850
1st May 1856 to 31st December 1856.

5 In the History of Service on the 2nd page of the application, Valoonyloo Moodr is shown to have been employed as Overseer in Chingleput on a Salary of Rupees 100 per mensem from the 14th May 1860. In the two Service registers, one signed by the District Engineer, South Arcot, and the other by the District Engineer, Madras, the applicant is shown

to have held the appointment from the 15th May 1860. In the audit register however of this Office pay is shewn to have been passed from the 16th Idem only. Explanation is requested as to the cause of the difference.

6. According to the entries in the audit Register, the applicant appears to have been employed as an overseer in the South Arcot Distt from the 1st July 1860. In the application he is shewn to have been employed in that District from the 22nd Idem.

7. The applicant having been under Suspension from 19th to 26th May 1875, the required entries should be made in the History of Service and the service book agreeably to rule 3, Section 69 of the Civil Pension Code.

8. According to the audit register of this Office, the applicant appears to have drawn his pay up to the 24th June 1875 only. In the application however Valoomyloo Moodr's Services are shewn to have ended with the 25th Idem. The pension is recommended to commence with the 26th June 1875. Explanation is requested as to the cause of these differences.

9. If available, it is requested that Copies of the Chief Engineer's Proceedings Nos 10,267 and 2953 dated 14th February and 12th July 1860 respectively, may be furnished to this Office for reference.

1 Paras 1 to 3, 5 and 6 - The necessary alterations and additions have been made in the application and Service Book but the suspension of 7 days in May 1875 has been reckoned as service, as it has been only for delay in carrying out certain orders and as the Oversee worked during the period of suspension

2 Para 4 - As regards Katoomyloo Mudaliar's service from 1st September 1849 to 10th April 1850 and from 1st May 1856 to 31st December 1856, the District Engr. Chengulput states that owing to changes since 1860 and the Consequent transfer of records, all that he can find in his Office at present is the Register Book from which the enclosed Service Register* signed by Captain A.S. Mobsly was originally extracted; there is nothing in this Office to prove either the one or the other of the two periods in questio

* 21st July 1860

3. Valoonyloo Mudaliar has however produced the accompanying testimonial* of Lieut. E. A. Ford, this proves the applicant's service from 1st September * 20th April
1849 to 1st April 1850. As regards his service from the latter date to the 10th April 1850, Valoonyloo Mudaliar states that he left the service under Lieut. Ford on the 1st April and until the 10th idem he was under the orders of the Civil Engineer, 4th Division (Captain Collyer) working in that office awaiting the orders of appointment of Marahmut Superintendent alluded to in the testimonial, and that for these 10 days he drew pay as Maistry of the Assistant Civil Engineer's Department. Valoonyloo Mudaliar produces also an order* from the Collector of Chingleput * 11th April 50
appointing him Marahmut Superintendent from 11th April 1850. These two documents taken into consideration there does not appear any question as to the service from 1st Septr. 1849 to 10th April 1850.

4. As regards the service from 1st May to 31st December 1856, Valoonyloo Mudaliar produces an order of the Collector* transferring him to the D.P.W. * 3rd January 56 No 42
from 1st January 1856 and a copy of letter dated 17th November 1856 from District Engr. Chingleput to the Chief Engr. D.P.W.) and states that from 1st January 1856 until 22nd August 1856 he had drawn 50 Rs per month as Marahmut superintendent, and from 22nd August to 31st December 1856 Rs 60 as Draftsman. These dates are not specified in the Copy of Lieut. A. S. Molesty's letter, but still it shews that there has been no break in the service of the applicant from September 1849, and that his statement is not on the whole incorrect, in as much as it was more than once confirmed by an officer of the standing of Coll. A. S. Molesty, whom Valoonyloo Mudaliar now again cites as an evidence to the period of his service in question.

6. Valoonyloo Mudaliar moreover states that many of his brother employees are no more in the world and that he does not know where the one or two who may be living are now employed. It is not therefore considered necessary

to take any affidavit from him.

7 Para 5. From the Pro: of the Chief Engr. No 2593 of 12th July 1860 it would appear that Vatoomy loo Muda was restored to the post of Overseer on Rs 100 from 15th May 1860. The application has accordingly been altered.

8 Para 6. The applicant joined the South Arcot Distt. on 22d July 1860 this date was entered in the application and service Book, but pay was drawn for him in this Distt. from 1st idem.

9. Para 8 The medical Certificate produced by the applicant is dated 25th June 75, his service was therefore considered to have closed on that date and Pension recommended from 26th idem. Pay for 25th remains therefore to be drawn by the applicant.

10 Para 9. Copy of Pro: of Chief Engr. dated 12th July 1860 No 2593 is forwarded herewith; Pro: No 10267 of 14th February 1860, does not appear to have been received in this Office.

11. The application for Pension and Service Register are with the foregoing explanation resubmitted together with the papers noted in the margin of the first page of this Memorandum.

2. The man mentioned in the list by name Ubbo Naglee Mudaliar, I would beg to recommend for the appointment of either Supervisor or Assistant Supervisor at the very least, it is now nearly 16 years since he first joined the Department as Moonshy and writer to Lieutenant now Captain Francis in the Malabar and Canara Division - from thence in 1842, he moved to the Arcot Division as 2nd writer under the late Captain Vardon after 3½ years he became Departmental Moonshy under Major now Lieutenant Colonel Henderson in April 1847, he was appointed Maramut Superintendent in South Arcot where he remained about a year in May 1848 he resigned his appointment and was with Major Henderson in his Office until March 1849. in September 1849, he became Moonshy to Lieutenant Ford. in April 1850, he was recommended by Captain Collyer to Mr Pruse for the appointment of Maramut Superintendent of Chingleput and which he held until a few months ago when I took him into my Office as Draftsman, the pay being better than what he had received as Maramut Superintendent.

3 Of his qualifications, I would beg to report that they are such as to fully entitle him to hope to be placed in a good appointment - he can read and write English, Tamil and Teloogoo & speaks Marathi and Hindustani - he draws and estimates

well – is able to Survey and Level – he has a thorough knowledge of accounts and since my arrival in this District, I have received great assistance from his knowledge of the Collectorate and if Government should be pleased to give him one of the appointments I have asked for him, I would beg to be allowed to suggest that he be employed in this District as no other man in this Collectorate has so much knowledge of its resources and wants.

×× Resigned on being promised by the 4th Division Civil Engineer Major Henderson, as per his letter dated 19 Novr 1847 (Vide Copy herewith sent) the Head Writer's post in his office but the Collector refused to accept the resignation & ordered me that I should remain on duty till completion of the thoroughly urgent work which was carried out under my superintendence. So I had to remain until the completion of the work and to resign again and join Major Henderson who was unable at the time to confer on me the post promised, owing to my late appearance but promised the post of Marahmut Superintendent in Chittur Zillah which had been applied for the sanction of the Revenue Board by both the Major and Mr Collector Boydell and gave me in the interval the temporary Maistry's place under the former but before the receipt of the sanction Major Henderson was obliged to proceed to Cape of Good Hope on sick leave and I held the post until this time only (Vide Copy of letter dated 14th August 1849 from Major Henderson herewith sent)

Character of Officer.

No entry need be made in this Column except when there is any thing either good or bad to be recorded. Suspensions should be noted here when the order of suspension is passed.

Valumgly Mudr has been my Maistry in the Civil Engrs Dept. for 10 months. During which time I have been well satisfied with his conduct, industry & intelligence & I am very sorry to part with him but having had rather a severe attack of fever caught in Wynaad & an opportunity occurring for his return to his own country with an appointment among his relations. I was unwilling to stand in the way of his wishes. Valumgly can read English very well & write it tolerably & is a good Accountant ~~among~~, he also speaks several languages with fluency.

Valumgly has always manifested a desire to improve himself in knowledge & I have no doubt if properly guided will become a valuable Public servant.
