ORDER THEREON, 15th May 1876, No. 292.

An application is made on behalf of Perriapolliam Coopoosawmy Moodelly, late first Writer, District Engineer's Office, Trichinopoly, for the grant of an invalid pension equal to half his average salary for the last five years. The applicant's total service is twenty-six years, eleven months, and twenty-seven days, but of this, one year, eleven months, and twenty-seven days is held to be not qualifying as it was passed while he was under twenty-two years of age, and was inferior service.

2. When also leave for eight days in May and stoppage of pay for eleven days in August 1871 are deducted by the Audit Office, which has not been done by the District Eingineer's Office in the Register of application, the result is that Perriapolliam Coopoosawmy Moodelly's total service amounts to twenty-four years, eleven months, and eleven days, or nineteen days less than the term required for a half pension. The applicant, however, retired on the 31st July 1875 under the impression that he had completed his twenty-five years' service. Under these circumstances, the Government resolve to apply to the Government of India to grant, as a special case, to Perriapolliam Coopoosawmy Moodelly, a monthly pension of Rupees 23-8-1 with effect from the 1st August 1875.

FORT SAINT GEORGE, 23d December 1875.

Sir,

In returning the enclosed papers connected with the pension application submitted on behalf of P. Cooposawmy Mudaly late Writer in the District Engineers Office Trichinopoli, the undersigned has the honor to request that the District Engineer will be good enough to furnish information on the following points.

I Whether the applicant's services from August 1850 to 30th April 1855 as Maistry on a Salary of Rs 14 per mensem in the Ganjam District, and as Accountant on Rs 35 per mensem from May 1855 to 31st December 1856 in the South Arcot District have been verified by the respective District Engineers concerned from their records. His services for the above periods as well as those from January 1857 to 30th April 1860 cannot be verified from the records of this and those of the Accountant Generals Office

II

II It is observed from the Certificate granted by Captain Furlong and entered in the Applicants' Service Register that he was entertained as an apprentice on a salary of Rs 7 per Mensem in May 1849 and was employed as Office Tahid Writer and Gumastah on a salary of Rs 12 per Mensem from November 1851 This Statement does not agree with the details given in the second page of the Service Register and pension Application. The discrepancy should be explained

III If, for the three periods above mentioned, it is found impossible to get the applicants services verified an affidavit of the applicant should be taken and the statement of contemporary servants obtained in accordance with rule 4, section 71 of the Civil Pension code to the effect that the applicant was in continuous employ of Government on the permanent Establishment without breaks such as leave, resignation, suspension, dismissal &c

2 As regards the applicants' services from 1st May 1860 to 31st August 1872, the Registers of this Office shew that

he

he was employed in the manner detailed in the Margin. the cause of difference between these entries and the details given in the History of service of the application from 1st September/59 to 31st August 1872 should be explained. Information should also be furnished of the cause of the omission from the History of service of the two periods mentioned below during which no pay appears according to the audit Registers of this Office to have been drawn by the applicant,

mentioned, hence an affidavit from the applicant is herein enclosed.

2. The discrepancy pointed out is owing to an incorrect date, entered in the Certificate by Captain Furlong, which the applicant was not then able to get corrected, but the entry in the 2nd page of the Service Book is correct.

3. As it was impossible to get the applicant's services verified, an affidavit from the applicant, and a Deposition from a Contemporary Servant, has been obtained in accordance with Rule 4 Section 71 of the Civil Pension Code, and are herein enclosed.

2. The Details in the accompanying fresh Service Register copied out from this Office book will be found to coincide with those given in your letter under reply; but in the Book forwarded to you the details were omitted. The leave therein noticed was not authorized leave; but the applicant states that he fell sick for 8 days in May, and 11 days in August, 1861, and produced no medical certificate. Hence, the former was treated as "absent without leave" and the latter as "Stoppage". But there are no records in this Office to the effect.

qualifying service was passed while he was under twenty-two years of age and was inferior service.

2. When also leave for 8 days in May and stoppage of pay for 11 days in August 1871 are deducted by the Audit Office, which has not been done by the District Engineer's Office in the Register of application, the result is that Perriapollium Cooposawmy Moodelly's total service amounts to 24 years 11 months and 11 days, or 19 days less than the term required for a half pension. The applicant, however, retired on the 31st July /75 under the impression that he had completed his 25 years service. Under these circumstances the Government resolve to apply to the Government of India to grant, as a special case, to Perriapollium Cooposawmy Moodelly a monthly pension of Rs. 23-8-1 with effect from the 1st August 1875.
