Read the following papers :—

From the Acting Director of Revenue Settlement, dated 25th October 1875.
„ Officiating Accountant-General, dated 7th April 1876, No. 18.

ORDER THEREON, 23rd May 1876, No. 314.

His Grace the Governor in Council resolves to apply to the Government of India for sanction of the grant of an invalid pension of Rupees 5-3-4, or one-third of his average pay under Sections 49 and 56 (*b*) of the Civil Pension Code to Taduri Subbarau, late Classifier, attached to the Revenue Settlement Party, Cuddapah, as a special case.

2. Taduri Subbarau is certified to be "too infirm to carry on work any longer," and also to have given general satisfaction in the performance of his duties. Under the impression that he had more than completed his fifteen years' qualifying service, Subbarau sent in his application for pension. Subsequently it was discovered that his service was nine days short of the required period. The Acting Director of Revenue Settlement reports that he might easily have served out the remaining period had he been aware that his service was inadequate.

3. Under these circumstances, and considering that Subbarau's total service under Government was twenty-seven years, three months, and thirteen days, the Government are of opinion he should not suffer for his mistake.

The 1st Khandum Demarcation station of
Karlapaken Papatla Talug was given to
Demarcation Gumastah Venkatasiah Girrawa
for the purpose of ascertaining a certain piece
of land which you had newly demarcated
there. A great difference having been found
between the original survey measurements
of the adjoining fields and those made by
Girrawa he was suspended pending the

to the work again — He now reports that the
differences must arise from your having
altered the position of the stones as those that
were originally set up had, it seems dis-
appeared by the time you went on the ground
and you put down fresh ones who without
any reference to the former demarcation — He
Girrawa visited the place he found that,
that the Engineer Depart. had been forming
some new Channels which required demar-
cation and these together with the other differ:
encies in your demarcation he noted in the
Plan and measured the fields accordingly
but he states that he in no way altered
the position of the stones on the ground.

If you found no marks on the ground
when you were sent to do the new demarcation
you should have asked for the Survey Plan
to enable you to replace the stones in their original
positions or have reported the matter for
orders — Had you found the marks there
you should still have applied for the
old Plan to verify the fields and carry on
the new Demarcation from that — As both
of you acted entirely without orders and
have caused all this confusion & delay
by your carelessness, you are both suspended
from this date and the Tahsildar has been
written to, to a certain by whose fault it is

that the Demarcation has been three Changed - You and Gurrenna must therefore proceed to Karlapalem and Explain every thing to the Tahsildar on the spot. Reporting the same to me - You will then correct the demarcation in accordance with the Survey Plan and hand over a fresh sketch to Gurrenna to enable him to carry out the measurements - On receiving reports as to the result all this fresh orders will be issued regarding you both —

Should the present enjoyment on the ground differ from the original Demarcation the several portions of the different Ryots holdings must be shown as such divisions - You must Explain this to the Ryots and tell them that the Demarcation must be restored According to the old numbers - all the necessary records have been handed over to Gurrenna

to Gurrenna for measurement - I have also heard from the Tahsildar that the work has now been performed in accordance with the original demarcation and Survey and that he has verified the same - He Explains in his Arji that the reason of the Jamily work is attributable to the Demarcation marks having disappeared from the ground in consequence of their not having been properly cared for as the land was waste at the time of demarcation and Survey - When it was subsequently taken up for cultivation the Ryots laid out their fields without reference to the demarcation. You then put down the marks according to these new fields - You are in fault for not having applied for the Survey Plan to enable you to replace the stones in their proper positions when you found the stones were no where to be seen - You are also in fault for omitting to see that the Demarcation pillars belonging to the Villages of Bapatla, Vetcheria & Karlapalem were properly secured in masonry and you are further to blame for not reporting the disappearance of the Boundary pillar in the Channel - As your suspension up to the present time is considered a sufficient punishment for all this neglect you are now reinstated in your former post and directed

to proceed at once and repair the Cross Junction Pollaro referred to. For which purpose the Vellagar will give you the necessary assistance — The second any mark must be replaced on the Island adjoining the Channel and a Remark should be entered in the Survey Plan noting the distance & bearing it stands from its original position after which the Plan should be returned to this Kacheri — You are warned to henceforth carefully of the way in which you perform your duties in future —

3 The Officiating Director has informed the Collector of Bellary with reference to para 2 of the Board's Proc. that the whole of the Bellary Settlement Party is at his service, and that he may select such men as he requires for the Establishment sanctioned by Government — Mr Randall will be able to afford information as to the qualifications of the several servants.

4 From the date on which the new establishment is appointed the Bellary

Settlement party will be broken up and for in all the servants who are not provided for in the new Establishment with the exception of the few men who are to be retained for the purpose of effecting the Survey, will be discharged. Mr. Randall may recommend to the Dy Superintendent for Employment in the Survey Department in the event of there being Vacancies for them each of the men whose services will be then dispensed with, as may be qualified. He may also forward lists of the discharged men, showing the posts hitherto held and the salaries drawn by them with remarks as to their qualifications to the Ballary Commanded Assist at Masulipatam and the Superviser at Narsapur. The Establishments in connection with the approaching introduction of the Settlement will probably be shortly organized in both the Kistna and Godavery Districts and the preference will be given to deserving men whose services have been dispensed with in Bellary for no fault of their own — There are probably many Masulipatam & Rajahmundry men among them — It may be as well also to send to Mr Melville a list of any deserving men who may be willing to take service in the Survey Party.

Sir,

In reply to your communication of the
8th Inst. No — I have the honor to afford the following
explanation on the several points referred to —

Para 1 — 2 Applicants service prior of 1st August
1865 was not verified from Records as none
seemed forth coming but a reference has again
been made to the Central Office to see if the old
papers of the Godavary and Kellore Yeoths are to
be found there. The service was supported by the
original orders given in by the Applicant, translations
of which were submitted with the Application, but as the
Yeoth note of the History of Service the remark that
the entries are supported "should have read" the
entries together with those reckoning for service prior
to 1st August 1865 are supported &c It is presumed
that these Documents will be supplied as evidence
in case the Applicants affidavit may be
considered absolutely necessary. I may mention
that he has been sickly for both, as however

Recd Nov 30

he has gone to his native place in the Kistna
District, there is likely to be some delay before
his answer can be received —

Para 2 3. No order or Extract touching Applicants
retention to the post of Extra Sumarkah
is on Record, but I enclose an Extract from a
Communication I received on the subject
from the 2nd Clerk in the central Office in
Charge of the Kistna Party when I made
a reference to him some little time since
to try and get any explanation that could
be had about the matter —

Para 3.

4. Applicant has been also called
for a certificate giving particulars of identi-
fication, but as Explained at the end of para
2. there is likely to be some delay before it can
be received —

REMARS BY HEAD OF OFFICE.

1. As to character and past conduct of Applicant. Has been General Satisfaction —

2. Explanation of any suspension or degradation. Suspended in 1868 for faulty work

3. Regarding any gratuity or pension already received by Applicant. See Chapter XX. None.

4. Explanation under Section 47, Rule 1, so far as the Head of the Office can give it. The man is too infirm to carry on work any longer

5. Any other remarks. — Brought this case to notice in his resignation 9 days before he had completed 15 years Superior Service qualifying for Pension, whereas he thought that he had more than an Extra month to his credit — Had it not been so he could easily have served out the few remaining days — Under these circumstances & in consideration of his Great length of Service I think that there will be no real objection to passing him the 1/2 pension sought.

CERTIFICATE AND REPORT OF ACCOUNTANT-GENERAL.

CERTIFIED that (~~subject to the remarks below recorded~~) qualifying service in {~~inferior~~ / superior} grades has been duly proved for — 14 — years — 11 — months and 21 days; and that an Invalid {~~pension~~ / gratuity} not exceeding ~~Rs.~~ 12 months pay, is admissible under Section 56 (a) of the Civil Pension Code. (The calculations have been duly verified.) The pay of the appointment which the applicant last held was Rs 24 — per mensem as well be seen from the Roster of his service — but from the statement accompanying the application it appears to have actually received only Rs 15 — per mensem at the time of his retirement at the latter rate therefore the applicant is entitled to his gratuity — Vide also the Office Letter to Government Pension Department No 638 dated 20th January last.

The attention of Government is respectfully solicited to the Directors recommendation for the grant of 1/2 pay pension for the applicant Vide remarks against item No 5 on the 3rd page of the application — the applicants length of service extends over 29 years of which however only 14 — 11 — 21 is the amount of service qualifying for any Retiring allowances.
