G.O. No. <u>330</u>	<u>Press</u> <u>Mis.</u>
Dated <u>31-5-</u>	<u>1876.</u>

Not to be folded or roughly handled

Certified that I have carefully examined John MacDutty, son of Donald MacDutty, a clerk in the Army Clothing Department. His age is by his own statement 54 years and by appearance 55 years. I consider John MacDutty to be completely and permanently incapacitated for further service of any kind in the Department to which he belongs in consequence of a large old irreducible hernia, general failure of bodily strength and loss of memory and sight. His incapacity does not appear to me to have been caused by irregular or intemperate habits.

He has suffered from the hernia for the last 15 years but it is only of late that it has occasioned him great inconvenience and dragging pain in the loins, he has never been absent from his duty before, but he now feels worn out.

I do not think he is likely to be benefited by treatment and recommend that he be pensioned.
