Pension.

Read the following papers:—

From Surgeon A. PORTER, M.D., Acting Chemical Examiner and Assay Master,
to R. W. LODWICK, Esq., Accountant-General, Fort St. George,
dated 31st March 1876, No. 48.

I have the honor to submit, for verification and transmission to Government,
the pension and gratuity papers, as per
Six pension and gratuity rolls and four registers. margin, of the servants of the Assay
Office Establishment.

From W. DONALD, Esq., Officiating Deputy Accountant-General, Madras, to Surgeon
A. PORTER, M.D., Acting Chemical Examiner and Assay Master, Madras, dated Fort
St. George, 10th April 1876.

Audit Department.

Vide your application for pension on behalf of Mr. John Duarte.

The undersigned has the honor to request explanation on the following points:—

1. Why was the applicant's service from 14th January 1847 to 21st October 1851 reckoned
as qualifying while the same is inadmissible, having been rendered in the "Contingent Establish-
ment" of the Mint.

2. Whether the applicant's service in the Board's Office from 22nd October 1851 to 18th
April 1859 has been verified from the records of that office. If so, the verification statement
obtained from that office should be sent; if not, a statement of verified services should be called
for by you.

3. Whether service from 19th April 1859 to 31st March 1876 has been verified from the
records of the Mint and Assay Departments; if verified, why was it not so stated in the column
"how verified." If not verified, it should be verified now.

Please state whether the applicant had no leaves at all during his service.

MEMORANDUM.

The undersigned has the honor to explain the points noted above.

1. The applicant's service from 14th January 1847 to 22nd October 1851 having been in the
superior grade in the "Permanent Contingent Establishment," and not in the "Ordinary
Contingent," in which last *artizans* (carpenters, blacksmiths, &c.) were dispensed with on the
cessation of work each year to close the accounts of the previous year, and as service in the
"Permanent Contingent" was admitted in the case of Mr. E. Price, Manager, Mint Office, under
Honorable Court's Despatch, 23rd February 1848; Sooboo Chetty, Deputy Treasurer, Mint, in
1853; and Veerasawmy Pillay, Conicopoly, Mint, in 1854; the term "Contingent" was nominal
as the post which applicant held in 1847 was continued to be held by others consecutively until
the abolition of the Mint in 1869. Consequently the above period of service was reckoned as
qualifying.

2. Applicant's service in the Revenue Board Office from 22nd October 1851 to 18th April
1859 has been verified as per statement herewith sent.

3. The records of the late Mint to its abolition and those of the Assay Office previous to
1860 were made over to the Government Office in 1871. The service from 1860 to the abolition
has been verified from the records in the late Assay Office. The applicant has had no leave at all
during his service.

Certificate and Report of Accountant-General.

Certified that qualifying service in superior grades has been duly proved for twenty-four years, five months, and ten days, and that a compensation pension not exceeding Rupees 66-10-8 per mensem, equal to one-third pay, is admissible under Section 56 (b) of the Civil Pension Code. (The calculations have been duly verified.) Regarding Section 47, Rule 1, of the Civil Pension Code, the attention of Government is respectfully solicited to the remarks on the 3rd page of the application and to the letter of the Assay Master recorded in G.O., No. 537, of 20th March last (Financial).

2. The Assay Master recommends that the period of service before 21st October 1851 may also be taken to count with reference to the responsibility, &c., devolved on the applicant (*vide* his remarks on the 2nd page of the application).

I don't think the circ will mean $\frac{1}{3}$ of 100 pounds more than the $\frac{1}{3}$ pension unless there are precedents for higher pensions in the case of abolition of office being granted.

Recmpley would be the best for him for the Govt. although his pension shall may not be at the moment needed. He is a gentleman clerk apparently - knowing also Telugu & can surely keep him employed if it be so desired.
 Dec-29/6

Circulates for orders the application for W. J. Duarte, late Asst. & Manager Assay Office, for compensation pension - together with his per Govt. in the subject.

W. Duarte is entitled under the Rules to a $\frac{1}{3}$ Pension with 66-10-8 for his qualifying service of 24 years 5 m. 10 days. He however was in Govt. employ altogether 29 yrs 2 m. 18 d.

The applicant desires that he may be granted $\frac{1}{2}$ pension, or £100, as a special case -

Mr. John Duarte the present Manager has been 23 years in Government employ and has earned for himself a high character for steadiness and efficiency as will be seen on reference to his late memorial which justly deserved and received the consideration of Government. He entered Government Service at the Mint in 1847 as accountant (writer) and draftsman. In 1851 he was transferred to the Revenue Board Office as Telugu translator, lithographer, draftsman &c. In 1859 he joined the Assay Office as Deputy Manager. In 1866 he was made Superintendent of the Die Cutting Room in the Mint, and in the same year was appointed Manager & Head Accountant of the Assay Office. During all these 23 years he has zealously carried on his duties and has been absent on leave only one month (in 1855) on privilege leave. Office to furnish a testimonial for its speaks of the abolition of a department which has rendered good service to Government for many years. Mr. J. Duarte, tho' connected with a special department as an Assay Officer must ever be involving the supervision of and conducting the intricate manipulations required for testing the noble metals calculating the values in the current coin of the realm, keeping books and registers making out Mint Certificates and performs other qualifications. He was very useful to me in affording very efficient aid when I introduced the new process of Assay into the late Madras Mint in setting up and arranging various apparatus shewing a decidedly mechanical turn of mind. He is a good and rapid Accountant a very neat engraver, designer and draftsman & writes a hand like copperplate. I have always found him steady attentive to his duties and willing to put his hand to anything from my five years acquaintance with him I have had every reason to be satisfied with him.
