ORDER THEREON, 21st August 1876, No. 517.

Under Sections 49 and 56 (*c*) of the Civil Pension Code, His Grace the Governor in Council is pleased to grant to Mackandy Ayava Appasawmy Pillay, late Supervisor, Second Grade, Public Works Department, North Arcot District, an invalid pension of Rupees (56-11-7) fifty-six, Annas eleven, and Pies seven per mensem, to which he is entitled for his qualifying superior service of twenty-five years and one month, payable at Madras by the Accountant-General, from the 24th March 1876.

2. Of the above service, only seventeen years and four months have been verified from records. The Government, however, on the perusal of the several original testimonials submitted by the applicant, are pleased to accept the affidavit of the applicant, though unsupported by the evidence of contemporaries as to his services from 1st April 1849 to 31st December 1856.

qualifying owing partly to the services having been rendered prior to the attainment of the 22nd year of age and partly to the entire period having been rendered in the inferior Grade. The applicants services from 1st April 1849 to 31st December 1856 have not been verified from records but they have been claped as qualifying under the affidavit furnished by the applicant and the several original documents submitted in support of his services. According to the Certificate granted to the Applicant by the Apt Superintendent of Roads Captain Furlong the applicants Apprenticeship nearly expired in Apl/52 but in his affidavit the applicant states that he was promoted to the Grade of Maistry in April 1849 which statement is supported by the several original documents herewith forwarded. It will be seen from these documents that the applicant was entrusted with the work then performed by a Maistry and now done by overseers. Further the applicant states in his affidavit that the pay of an ab Apprentice was limited to Rs 7 and that the vacancy caused in the Apprentice Grade by his promotion to the Maistry's Grade in Apl/49 was filled up. The applicants services from 1st January 1857 to 23rd March 1876 have been duly verified from the Audit Registers on record in the office of Examiner of Public Works Accounts.

REMARKS BY HEAD OF OFFICE.

1. As to character and past conduct of Applicant. Very good

2. Explanation of any suspension or degradation. None

3. Regarding any gratuity or pension already received by Applicant. See Chapter XX. None

4. Explanation under Section 47, Rule 1, so far as the Head of the Office can give it. None

5. Any other remarks. As the present state of Appasawmy Pillay's health has been caused by exposure in the performance of his public duties and as Captain Pennycuick has a very high opinion of his conduct it is strongly recommended that the highest rate of pension may be passed to him.

Certified that I Arthur Luke Hackett Acting Surgeon 3rd District have carefully examined M. A. Appasawmy Pillay, son of M. Igavoo Pillay a Supervisor of the Department Public Works North Arcot District. His age is, by his own statement 49 years & by appearance, about the same.

I consider M. A. Appasawmy Pillay to be completely and permanently incapacitated for further service of any kind in the Department to which he belongs, in consequence of Diabetes & Chronic disease of right testicle. His incapacity does not appear to have been caused by irregular or intemperate habits.

I Maccande Ayavoo Appasawmy Pillay, Son of Iyavoo Pillay aged 49. 9. 6. do hereby solemnly declare that I entered the Road Department on the 10th April 1848 as an Apprentice on Rs 7 per mensem and continued to be in the same post under the immediate orders of the Supdt. of Roads Captain S. Best. In April 1849 when I was found qualified I was appointed a Maistry on Rs 10. 8 .. per mensem and was placed in independent charge of Works. My pay was raised to Rs 14 from 1st November 1849 and to Rs 28 from 1st April 1852. On the 1st October 1853 I was made a Departmental Maistry on Rs 35 and on 1st October 54 as Assistt. Overseer on Rs 43..15.1. The latter appointment I held till the 31st May 1857, when my pay was raised to Rs 80 .. ..

During the period of my above Service from 10th April 1848 to 31st December 1856. I had no leave of any kind except privilege leave for about 4 Months, nor was there any break in my service by resignation, dismissal or suspension. -

From April 1849 to 30th Septr 1852 when

I

I drew at Rs 10.8„ Rs 14 and 28 I was not an apprentice the pay of which was limited to Rs 7-^{3}„ „ but held the appointment of Maistry as will be seen from the several Memorandums issued to my address - I am sure to the best of my recollection that the vacancy caused in the Apprentice grade by my promotion to Maistryship was filled up - I drew pay at Rs 35 per mensem from 1st October 5¾ and not from 1st December 185¾ - In the order directing me to proceed to 6th Division - Lieutenant Chauncy stated the amount of pay and the date from which I should draw in the new Division and the latter date is not the commencement of my drawing pay at Rs 35-„ „

I am not now aware of the existence of any of my contemporary servants.

I declare that the above statements given by me are correct to the best of my knowledge and recollection -

In the 1st Column for heaps in mile you must enter all the heaps I counted going to Vancenboddy and put them down in 1st Column of No of heap in mile 1st May then if Mahamud Saib has carted some heaps in y division since I counted, you must enter those heaps in Column No heaps carted from 1st May to 15th June and then finish the repor

You will ask Veerasamy Maistry to help you in sending a correct quarry report for the 15th June

I send you the form; - in the first column "Balance quarries 1st May" you must enter from the list I gave Veerasamy Maistry of the material counted by me in quarry and entered in his acct current to 30th April 1849. -

2d column enter all the Jelly and Gravel I counted on Road when I went to Vamenbaddy.

3d column enter all the Jelly collected in quarries from 1st May to 15th June, or since I counted quarry going to Vaniembaddy. -

Veerasamy Maistry makes a mistake about the 1st May. This 1st May is nothing more than the commencement of the official year. - It does not matter on what day I counted the heaps in the quarry nor the material on the road but it is to be considered as having been on the road and in the quarries on the 1st May and all the Jelly broken in quarries and carted to road since I took the account must be put ~~down~~ down as broken in quarries and carted to road from 1st May to 15th June 1849

You must explain this to Veerasamy Maistry. -

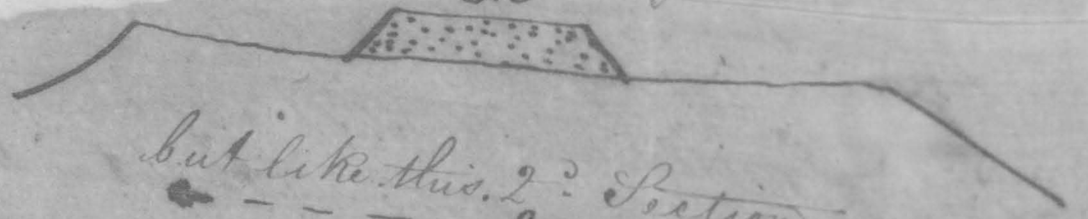
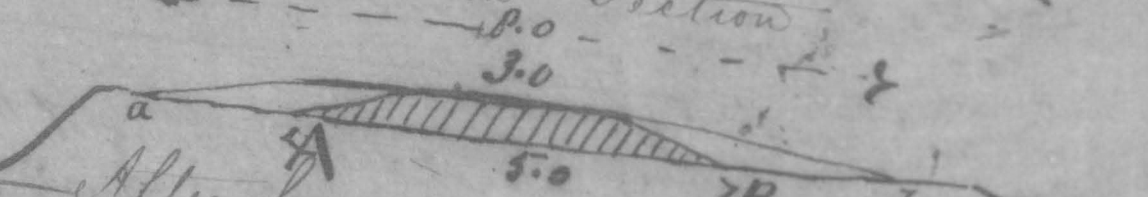
10 ——— In case there should not in some places be enough of material to put 8 Yds broad, put to the centre 3 Yds making a slope on either side so that there be no high bank as Rungasamy writen before made.

Not in this way



but like this. 2d Section



11 ——— After having sloped it off to AB 5 Yds base and 3 Yds top breadth, then come back, and if you have more material slope it off in a bow to a b ~~and~~ filling levelling and dimissing all the cart ruts.

14 ——— Altho the road is dry yet if the earth or gravelly mud at the side is moist with the rain then it will do and you may spread.

15 ——— You are to cover the Gully completely with gravel, if you can get it if not ~~altho you~~ put on a good deal of sandy ~~or~~ earth. It is not much matter altho it is muddy; after the Gully is fixed we can take it off again.

Asst. Supt. of Roads

To
Maistry Appasawmy F
Roads Department

I have received your report No. 6 and send you an order for Comp. Rs 128 (128) one hundred and twenty eight, out of which you can deduct your pay for June and July and the balance of 100 Rupees you can enter in your account book for payment of coolies.—

I wish you would employ more coolies and get on with the work a little quicker, I want to have all that work finished before the monsoon and unless you work quicker it will not be done.—

I have forwarded your last report, in which you complain of the Salammichy Thasildar not attending to my letters, to Captn. Best, and have requested him to write to the Collector.—

In your next report you must inform me when the Jungle has been rooted out, is it all done between Cunimonpaliam and Coovoorpulley? and when will you finish as far as Cauvely?

Sends the enclosed letter to Cawd Meaf Cawily Shuidelen and if he gives you a letter for me direct it to me at the Poodowil Tatchal Office to be forwarded.—

FORT SAINT GEORGE, 17th June 1876.

In returning the enclosed papers connected with the pension application of M. A. Appasawmy Pillay late Supervisor 2nd Grade in the North Arcot District, the undersigned has the honor to request that the District Engineer will be good enough to furnish information on the following points

2. Whether the applicants services from 1st April 1849 to 31st December 1856, as detailed in the history of Service of the accompanying application have been verified from public records, if not the applicants affidavit should be taken and collateral evidence collected agreeably to Section 71 rule 4 of the Civil Pension Code and forwarded to this Office, as the applicants Services for the above period cannot be verified from the records of this Office nor from those of the Accountant General — Madras.

3. The applicants Services subsequent to

to the 31st December 1856 have been verified from the audit Registers of this Office, but the entries in the Registers do not, in the few instances marginally noted, correspond with the entries in the enclosed history of service. The cause should be explained. Information should also be furnished as to whether the moiety of pay over drawn for the applicant subsequent to the date (24th March 1876) of his being pronounced by a Medical Officer to be unfit for further service has been recovered. If the recovery has been effected it is requested that the necessary corrections may be made on the 1st page of the application against items 7. 10. 11 & 13.

4. The applicant's country or house name should be given in full in the enclosed application and service book and the date of the applicants' birth by Christian era should be entered against item 15 of the 1st page of the former in accordance with Appendix A of the Civil Pension Code.

5. The Districts in which the applicant

was

was employed during the several periods of his service should be entered in the 1st column of the 2nd page of the Service book and Pension application, and the column "how verified" in the statement on the same page of the latter should be completed with the required information.

6. The average emoluments entered on the 1st page of the application against item 10 have been wrongly calculated. The course to be followed in determining the average emoluments is explained in section 66 of the Civil Pension Code. It is there pointed out that the average emoluments is to be ascertained according to the receipts of the applicant for the last 5 years or 60 months.

7. In the enclosed certificate granted to the applicant by Captain Furlong it is stated that the applicants' apprenticeship nearly expired in April 1852, but in the history of Service of the application his service from 1st April 1849 to April 1852 have been classed as "period reckoned as service". The cause of this period being so classed should be explained.

8. In the certificate granted by Lieutenant A. Chaney the applicant appears to

have

have been allowed to draw Rs. 35 per mensem from 1st December 1853. In the history of service he is shewn to have been employed as Maistry on Rs. 35 from 1st October 1853. The cause of difference should be explained.

Sir,

In returning the enclosures of your Memo No. 43 N. A. dated 17th June 1876, I have the honor to give the following information.

Supervisor M. A. Appasawmy Pillay

1 The applicant's services from 1st April 1849 to 31st December 1856, detailed in the History of Service, have not been verified from public records; an affidavit is therefore forwarded in support of the above service. The applicant cannot now obtain collateral evidence after the lapse of nearly 20 years, as he is not aware of the existence of any of his Co-temporaries of

of that period.

2. The necessary corrections have been made in the History of Service to agree with those marginally noted in your para 3.-

3 The pay overdrawn by the applicant from the 24th to March 1876 has been recovered and the entry in the application has been altered.

4 Applicants house name is entered in the application and Service book; also the date of birth against item 15 of the former paper. The average emoluments have been calculated as pointed out in your para. 6. and the correct amount is entered in the application.-

5. With reference to para. 7. of your Memo, the applicant explains that the term apprenticeship used by Captain Torlong, really means "time of probation," and not

not period of Departmental apprenticeship.

The apprentices were engaged, for a period of 4 years, giving security that they would serve the Government for that time; and whereas Appasawmy Pillay ceased to be a Departmental apprentice by being promoted to be a maistry in April 1849, he was still on probation to the end of the 4 years in 1852. The time from April 1849 to April 1852 is therefore classed as period "reckoned as service"; and I think this ought to be accepted, on the strength of the enclosed documents, which shew that the applicant was addressed by his Officers, as a maistry, not as an apprentice.-

It is strangely fortunate that the applicant has kept these old papers, which have suddenly come to use, in corroboration of his narrative of his early life.-

6. Adverting to para 8 of your Memo the

the applicant states that the certificate granted to him by Lieutenant A. Chauncy was meant only to serve as a pay certificate for the future; while conveying the first orders to him since he came into his (Lieut. Chauncy's) immediate establishment. The applicant affirms that he drew the pay of Rs. 35 previously under Lieut. Marshall from 1st October 1853; and I think it is noticeable, that — Lieut. Chauncy writes "Maistry Appasawmy will draw his pay" in the 6 "Division" without any intimation of promotion, or a new rate of pay.—

7 Finally as regards your para 5; the Districts in which the applicant was employed, and the column have verified, are filled in, as far as can be done. But for the earlier Service of the applicant the Districts cannot now be entered.

The road Department had no distinctions

as to Districts; and a maistry would be liable to be moved from one road or portion of road to another, without being on the establishment of a particular District.
