Certified that I have carefully examined Poochacoyalu Varadarajooloo Naidoo, Son of Poochacoyalu Lutchmiah Naidoo, Accountant District Engineer's Office, Cuddapah. His age, by his own statement, 48 years, and by appearance, about 50 years. I consider Poochacoyalu Varadarajooloo Naidoo to be completely and permanently incapacitated for further service of any kind, or in the Department to which he belongs, in consequence of premature old age and infirmity, resulting from affection of lungs. He is suffering also from defective vision and deafness. His incapacity does not appear to me to have been caused by irregular, or intemperate habits.

FORT SAINT GEORGE, 10th May 1876.

Memorandum

1. In returning the enclosed papers connected with the pension application of Poochakoyala Varadarajooloo Naidu, late Accountant in the District Engineer's Office, Cuddapah, District the undersigned has the honor to request information on the following points.-

I The circumstances under which the services of the applicant were retained for two days subsequent to the date (29th January 1876) on which he was certified as physically unfit for further service by a medical officer.-

Vide rule 1 section 52 of the Civil Pension Code

II The names of the heirs of the late P. Varadarajooloo Naidu who are likely to apply for the arrears of pension.

From 15th to 28th Febry 1865
" 26th April to 3d May 1866

III According to the Audit Registers of this office no pay appears to have been drawn for the applicant for the periods marginally noted. The circumstances under which these periods have been classed in the History of Service as "Period ~~[illegible]~~ reckoned as service," and the cause of pay not having been drawn by the applicant during the second period should be stated..

IV. According to the entries in the Audit Register of this office the applicant appears to have been on sick leave from 10th February to 28th March 1873 but in the History of Service he is shewn to have been on sick leave up to the 29th March 1873 inclusive. The cause of difference should be explained..

2. It is observed from the District Engineer's letter under reply that it was not known by the District Engineer, Bellary, and by Executive Officer, Madanapali Division, where pay was drawn for the applicant from 17th to 30th June 1872. Ac-

-cording

According to the Register of this office, pay appears to have been passed for the applicant from 17th to 22d and 27th to 30th June 1872 in a supplemental bill of the Gooti Division. It should be stated if possible why pay was not drawn for the applicant from 23d to 26th " June 1872.

3. The date of applicant's birth by Christian era and the date of application should be entered against items 15 and 18th respectively of the 1st page of the application

4 It is requested that a copy of the Statement shewing the calculation of the average emoluments, Rupees 44-11-6, entered in the 1st page of the application may be forwarded to this office for reference..

Copy of a letter from the Officer in Charge of Madanapully Range to the District Engineer Cuddapah dated 17th May 1876 No. 331.

With reference to your No. 351 of 12th Instant, I have the honor to inform that late Verdarajooloo Naidoo was on Sick leave from 10th February to 28th March 1873 as can be traced from the Office records.

If the history of service shew that the man was on leave up to 29th March 1873 inclusive it is a clerical error, and should be rectified, as full pay was drawn to him for the 29th March 1873.

Copy of a letter from the Offg. District Engineer Bellary to the District Engineer Cuddapah dated 10th June 1876. No. 869.

With reference to your letter No. 352 dated 12th May 1876, I have the honor to afford the following particulars in connection with the Services of Vurtharajooloo Naidoo late an Accountant in this District.

1. The Accountant drew no pay from 15th to 28th February/65, as he absented himself without leave during that period vide remarks in

Pu: Wa No. 529 of 76

No

in the Office Copy of the Pay Bill for February 1865.

II. The Accountant applied for 3 days casual leave in June /72, but it was not granted by the Superintending Engineer. It is presumed that he then stopped away without leave from 23rd to 26th June /72.

2. Under these circumstances the period in question cannot be reckoned as "Service towards pension."

3. The cause why no pay was drawn by the Accountant from 26th April to 3rd May 1866, is not traceable from the records.

The Accountant had one month's Privilege leave from 26th March to 26th April 1866. and it is probable that he exceeded this leave and did not return to duty till the 3rd May /66.

Sir.

With reference to your Memorandum No 21 C.D. dated 10th May last, I have the honor to retransmit the papers connected with the pension application (prepared freshly) of Poochakayala Varadarajooloo Naidoo late accountant in my office together with copies of two letters received from the District Engineer, Bellary and Madanapally Range Officer and to inform you on the several points therein referred to.

Encl. 5

I The applicant's services were retained for two days subsequent to the date viz 29th January 1876 as the letter forwarding the Medical certificate was only received on the afternoon of the 31st from the Zillah Surgeon.

II The name of the heir of the late P. Varadarajooloo Naidoo who is likely to apply for the arrears of pension is Poochacayala Narrainamah, his wife is now said to be living in Karlambuttoo, Goodiatum taluq, North Arcot District.

III Referring to clause III I beg to refer you to copy of District Engineer's letter, Bellary from which you will observe that pay was not drawn for the applicant for the periods mentioned therein which periods are now omitted in the history of service as reckoning for service - The probable cause why no pay was drawn by the applicant from 26th April to 3rd May 1866 is stated in para 3 of the same letter.

IV As pay appears to have been drawn for the applicant for the 29th March 1873, the period on sick leave from 10 February to 29th March 1873 must be an error.

2 Pay was probably not drawn for the applicant from 23rd to 26th June /72 for the reasons stated in Clause II of the letter from the District Engineer of Bellary.

3 Items 15 and 18 ~~of the~~ of the 10th page of the pension application have now been filled up as required in para 3 of your Memo under reference.

4 As regards the concluding para of your letter I have the honor to forward herewith a fresh statement shewing the calculation of the average emoluments prepared with reference to alterations in the periods of service as the one which shews Rs 44-11-6 is not to be found in the file connected with pension papers.

Proceedings of the Madras Government, Public Works Department, *7th May* 1873.

No. 97. Read the following letter from G. S. SAGE, Esq., District Engineer, Cuddapah, to Colonel G. W. WALKER, R. E., Chief Engineer, Public Works Department, dated Camp at Madanapally, 12th April 1873, No. 72:—

WITH reference to your memorandum No. 75 of 11th March 1873, I have the honour to report that the Head Accountant of Madanapally Range has returned from sick leave, and I have sent him to Zillah Surgeon for examination, the result shows the man has nothing the matter with him to unfit him for further service.

2. Regarding the memorandum thought to have been intercepted, I can find out nothing beyond the fact that my office people declare it was sent, and registers show it to have been sent.

3. From examination of the Range Office, I find everything very much in arrears and in a very disorderly state. I know that this range accounts are always late, and that the Controller is always sending reminders since this man took charge of office. I believe the man knows his work, but is, I fear, incorrigibly lazy. I have, pending any further orders from you, warned him that unless within two months his accounts, etc., are up to date and in proper order he will be reduced to Rupees 30 per mensem.

No. 98. ORDER THEREON, 7th May 1873, No. 1,289.

ESTABLISHMENT, No. 18.

THE Head Accountant of the Madanapally Range having for years back been reported as very inefficient, and such inefficiency being attributed to laziness rather than incompetency, his salary will be reduced to that of the Accountant of a 3rd class Range, viz., Rupees 40, from 1st April till further orders. Should he not improve his services should be dispensed with and a respectable and industrious man employed.
