ORDER THEREON, 29th November 1876, No. 746.

Under Sections 49 and 56 (b) of the Civil Pension Code (2nd Edition), His Grace the Governor in Council is pleased to grant to James Cooper, late Acting Sub-Assistant, No. 4, Revenue Survey Party, Madura District, an invalid pension of Rupees (44-3-3) forty-four, Annas three, and Pies three per mensem, to which he is entitled for his qualifying superior service of sixteen years, ten months, and twenty-four days, payable from the 13th December 1875.

2. It is observed that the amount of the average salary of the applicant for the last five years, as entered in the Register submitted by the Superintendent of the Madras Survey, differs from that calculated by the Accountant-General. This appears to be due to the inclusion of the temporary allowance of Rupees 70 drawn by the applicant while working on the Hills in addition to his fixed pay of Rupees 140, and to the inclusion of one day's allowance at Rupees 140, while the applicant on that day drew no pay for having overstayed his leave. The calculation of the Accountant-General is correct, and the pension has been granted accordingly.

2. His age by his own statement is 44 and by appearance 50.

3. I consider James Cooper to be completely and permanently incapacitated for further service of any kind in the Department to which he belongs in consequence of broken constitution by repeated attacks of fever, and chronic inflammation of the lungs.

4. His incapacity does not appear to me to have been caused by irregular or intemperate habits.

^{other} Servants under Lieutenant Scott, assistant Civil Engineer in charge of Madras.

Secondly, in regard to the rate at which salaries to ^{the} above Overseers should be disbursed; and lastly, in regard to the tentage to which Lieutenant Scott is entitled.

2 The Government understand that the Overseers and Maistries referred to by the Chief Engineer have heretofore been paid out of sanctioned estimates and that as the restrictive order of the Government of India has closed that mode of payment it becomes necessary to draw the pay of these Servants in contingent bills. In this view of the case the Government sanction the charge for the quarter ending July 1856 amounting to Rs (254-12) two hundred and fifty four and annas twelve and grant authority for charges on the same account being drawn on contingent bills until the 15th October 1856, when it is stated the Overseers and Maistries will be employed on works against which their salaries can be debited.

3 As regards the rate at which salary

salary is to be disbursed to the two Overseers above named, the Chief Engineer requests that the Civil Auditor may be instructed to pass to those Officers the allowance drawn previously to the passing of the order directing the salary of Probationary Overseers to be fixed at 5-5-Rs per mensem. As this order is dated December ¹⁸⁵⁵ ~~1856~~ and its application will subject the Overseers to retrenchment, the Government direct that the lower salary be paid from the 1st August last.

4 On the third point it is only necessary to observe that so long as Lieutenant Scott has not been specially nominated by Government to the independent charge of the Madras District, that Officer is not entitled to claim the higher rate of tentage of Rs 4. per diem under the order of the 7th August 1856 No 1367.

Order thereon 29th November 1876 No 746

Under Section 49 & 56 (b) of the Civil Pension Code (2nd Edition) His Grace the Governor in Council is pleased to grant to James Cooper, late Asst Secy. N^o 4 Revenue Survey Party Madurai District, an invalid pension of Rs 44.3. Forty four Annas three pice three per mensem to which he is entitled for his qualifying Superior Service of 16 yrs 10 mrs & 21 days payable from the 13th December 1875.

2 It is observed that the

the amount of the average salary of the applicant for the last 5 years as entered in the Register submitted by the Superint^{nt} of Madras Survey differs from that calculated by the Accountant General. This appears to be due to the inclusion of the temporary allowance of Rs 70 drawn by the applicant while working on the Hills in addition to his fixed pay of Rs 140, and to the inclusion of one day's allowance at Rs 140 while the applicant on that day drew no pay for having overstayed his leave. The Calculation of the Accountant General is correct, and the pension has been granted accordingly.
