REMARKS BY HEAD OF OFFICE.

1. As to character and past conduct of Applicant. Nothing in register on record before 1866 since that date appears never to have been a first class man but a man of small abilities who get through his work slowly. Conduct as far as records go satisfactory.

2. Explanation of any suspension or degradation. Was under suspension from 16th March to 1st April 70, but as the charge of neglect of orders &c was not proved, was restored on the latter date with a warning; the period under suspension has been reckoned as service. Degraded from 2nd to 3rd Grade Sub-Overseer on 12th July 59 for inattention in carrying on certain road work; this is the statement of the applicant but no records to show cause of degradation can be found. Under suspension from 11th to 19th Sept 74 for delay in submitting Tools Returns.

3. Regarding any gratuity or pension already received by Applicant. See Chapter XX. Nil.

4. Explanation under Section 47, Rule 1, so far as the Head of the Office can give it.

5. Any other remarks.

1. Service Book
*1 Letter from District Engineer Salem in Original to be returned

Sir.

Your Memorandum No 137 dated 27th January 77 returning the pension Application of Salem Kappanna Pillay, late Overseer, 2nd Grade.

2. Para 2. The dates of reduction from and restoration to Subordinate 1st Class 2nd Grade, as entered in the History of Service and Service Book of the Applicant were furnished by the District Engineer, Salem in his letter No 137 dated 31st October 76, which is forwarded herewith. Again a reference to the printed annual list of the Establishment of the Department for 1861 & 1862 shews that the Applicant

applicant was reduced on the 12th July 59 and promoted again on the 28th February 61. As the discrepancy is not of any importance and considering your Office Audit Registers to be more accurate, the necessary alteration of the dates has been made, with a view of saving any further delay, in the disposal of the application.

3. Para 3. Up to 31st March 63 the applicant was a Labourer; on 1st April he was appointed a Salagmaistry under Chief Engineer's No 6167 dated 18th March 63 (G.O. No 660 dated 17th idem), the grade of Sub Overseer having been done away with. Salagmaistries employed under this order had still the same duties to perform as those of Subovenseers and of the present Salag Overseers, although their designation was changed. In fact they were just like the Salag Maistries employed in the late Marahamut Department prior to 1857 whose service is under section 42 of the Pension Code, reckoned as superior, it does not moreover appear that the order above quoted contemplated that the service, as Salag Maistry, should ever be treated as Inferior.

4. In the present case, even if the 3 months service as Salag Maistry is treated as Inferior, the Applicant's claim is not likely to be affected, since his total service in Superior grade still amounts to more than 26 years. But I think it is necessary that the matter should be referred to Government for their decision with a view of putting an end to future references, as it is not unlikely that there may be several other cases like this.

5. Para 4. In the Service Register kept in the late Deputy Engineer's Office there is nothing regarding the stoppage made in the applicant's pay for September 1860 and February 63, it is presumed this must be some fine imposed on him. The District Engineer, Salem has however been

been this day asked to state, if possible, the cause of the retrenchment.

6. Paras 5 and 6. The remarks conveyed in these paras have been attended to, and the application and Service Book are herewith forwarded herewith for early submission to Government.
