With reference to the Examiner's Memo No 180 G.D. of the 28th October 1876 communicated with your No 2401 dated 22nd November, I have the honor to state that late Lock Superintendent G. Kodandramiah states that in 1871 he was called upon to send in his pension application his age having then exceeded 55 years, and that under an erroneous impression that his services would only be reckoned up to that time, he entered it in the first statement. He has now furnished a correct and complete statement of his services up to 4th February 1874, the date on which he left the Government service. It seems that the applicant's service as Channel Supdt was, by a clerical mistake, shown in the English translation of the statement, as terminating on the 30th June instead of on the 31st July 1868 which latter is the correct date. The pension application is now completed by giving the explanation required to be en entered against item 5 on the 3d page alluded to.

2 The papers received with the memo under reference as well as the corrected statement of service furnished by the applicant are herewith sent.
