PENSION DEPARTMENT.

Pension.

No. 557.

FROM

C. G. MASTER, ESQ.,
Secretary to the Government of Fort St. George,
PENSION DEPARTMENT,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

SIR,

In forwarding the accompanying application for a retiring allowance for the consideration of the Governor-General in Council, I am directed to suggest that, in view of the circumstances stated below, a special pension may be granted to the applicant.

2. Y. Bramma Soodarsanam served for a period of twenty-three years, seven months, and eight days, in a quarry establishment in the Godavery District, and during this service received pay on the superior scale. In December 1875 he was found to be incapacitated by old age for further employment of a responsible nature, and as he was then sixty-three years old he was invalided by the head of the office, who forwarded an application for pension in the usual form, but stated that the whole of the applicant's service had been "temporary."

3. This statement is technically correct, for it appears that though service in the quarries is of a semi-permanent character, the pay of the establishment employed thereon has throughout been met from funds allotted for the manufacture of materials, but practically the applicant was in permanent employ, and his conduct until incapacitated by old age was "uniformly satisfactory."

I have the honor to be,
Sir,
Your most obedient servant,

FORT ST. GEORGE,
15th October 1877.

Secretary to Government.

From Major J. BEATTY, R.E., District Engineer of Godavery, to the Controller of Public Works Accounts, dated Dowlaishweram, 26th January 1876, No. 3152.

One Application. | One Service-book.

I have the honor to forward, herewith, an application for pension on behalf of Y. Bramma Soodarsanam, lately Quarry Superintendent at Dowlaishweram, together with his service-book, and to request you will be good enough to submit the usual recommendation to Government through the Accountant-General.

2. Although the whole of the service of this subordinate has been temporary, it is considered that a gratuity at least may be accorded him for the twenty-three years he served in the quarries, his removal having been made on the score of old age and his unfitness for further service. He is now sixty-three years old.

patronage

From Captain L. CONWAY-GORDON, R.E., Examiner of Public Works Accounts, to the District Engineer of Godavery, dated Fort St. George, 14th February 1876, *No.* 164-*G.D.*

With reference to your letter, No. 3152, dated 26th January 1876, I have the honor to request that you will be good enough to inform me from what source the pay of Y. Bramma Soodarsanam has been disbursed during his employment at the Dowlaishweram quarries.

2. No bills appear to have been submitted to this office for audit on account of Bramma Soodarsanam's pay, and it is thought that although his employment has been of a *semi*-permanent character for a number of years, yet that his pay has been charged for in the account of the work on which he was employed, and that, consequently, he is not entitled to count his service either towards pension or gratuity.

From Major J. BEATTY R.E., District Engineer of Godavery, to the Controller of Public Works Accounts, dated Dowlaishweram, 2nd March 1876, *No.* 3492.

With reference to paragraph 1 of your letter, No. 164, of the 14th ultimo, I have the honor to inform you that the pay of Y. Bramma Soodarsanam, during his employment at the Dowlaishweram quarries, was charged to the head "Stock."

2

From Captain L. CONWAY-GORDON, R.E., Examiner of Public Works Accounts, to the Accountant-General, dated Fort St. George, 30th March 1876, *No.* 211-P.

I have the honor to forward, for transmission to Government for orders, an application for pension submitted by the District Engineer, Godavery, on behalf of Y. Bramma Soodarsanam, lately employed as Superintendent of Quarries in Godavery District.

2. According to the information given in the accompanying letters from the District Engineer, Godavery, the entire period of the applicant's services was rendered in a temporary establishment entertained for the working of quarries in the Godavery District.

3. The applicant therefore does not, under Sections 13 and 17 of the Civil Pension Code, appear to be entitled either to pension or gratuity.

4. The following are the papers that accompanied the pension application :—

One Service-book.

One original letter from District Engineer, Godavery, No. 3152, dated 26th January 1876.

One copy of letter to District Engineer, Godavery, No. 164-G.D., dated 14th February 1876.

One original letter from District Engineer, Godavery, No. 3492, dated 2nd March 1876.

From the Officiating Deputy Accountant-General, to the Examiner of Public Works Accounts, dated Fort St. George, 31st March 1876.

Vide application for pension on behalf of Y. Bramma Soodarsanam, late Superintendent of Quarries in Godavery District.

The undersigned has the honor to request explanation on the following points :—

Art 418 CSR

1. Whether Section 21 (*b*) of the Civil Pension Code is applicable to the present case? Please send a copy of the circular referred to in the section.

2. What was the cause of a day's break in the applicant's service in November 1859?

(Signed) W. DONALD,
Offg. Deputy Acct.-Genl.

From Captain L. CONWAY-GORDON, R.E., Examiner of Public Works Accounts, to the Officiating Deputy Accountant-General, dated Fort St. George, 7th April 1876, *No.* 8-*P.*

Section 21 (*b*) of the Civil Pension Code is regarded as inapplicable to the case of Y. Bramma Soodarsanam, late Superintendent of the Quarries in the Godavery District, inasmuch as the Circular, No. 6 of 1862, quoted in the section, has reference to men whose pay formerly charged to "Works" has been subsequently met from Budget grants for "Establishments," while Bramma Soodarsanam's pay has been throughout met from funds supplied, from time to time, for the manufacture of materials for use on the several works in the Godavery District.

2. A copy of the circular in question is herewith forwarded, as requested.

3. The cause of the day's break in Bramma Soodarsanam's services is understood to be explained in the service-book forwarded with this office letter, No. 2118, dated 29th March 1876.

From the Officiating Deputy Accountant-General, to the Examiner of Public Works Accounts, dated Fort St. George, 11th April 1876.

Vide your application for pension on behalf of Y. Bramma Soodarsanam.

The undersigned has the honor to request that the cause of a day's break in Bramma Soodarsanam's service (viz., in November 1859) may be inserted in the remark column on the second page of the application. The insertion of the same in the service-book, it is thought, is not sufficient to draw the attention of Government to it.

2. The register of application and the service-book are herewith sent.

(Signed) W. DONALD,
Offg. Deputy Acct.-Genl.

From the Examiner of Public Works Accounts, to the Officiating Deputy Accountant-General, dated Fort St. George, 19th April 1876, *No.* 15-*P.*

The undersigned has the honor to return the service-book and pension application received with the Accountant-General's memorandum of the 11th instant, and to state that the cause of a day's break in Y. Bramma Soodarsanam's service has been inserted in the second page of the application as requested.

(Signed) L. CONWAY-GORDON, Captain, R.E.,
Examiner of Public Works Accounts.

Countersigned and submitted with the remarks that the establishment in which the applicant was employed for a term of upwards of twenty-three years is reported to have been temporary. The orders under which the establishment was entertained are not known. The circumstances under which this establishment was not remodelled after the issue of the Public Works Department Circular, No. 6 of 1862, embodied in G.O., No. 333-A, dated 28th February 1867, Public Works Department, are also not known. It is doubtful to this office whether the orders of Government, No. 70, dated 14th January 1876, Public Works Department, could not be extended (subject to the confirmation of Government of India) for service rendered in this establishment also, which appears to have been of "a *semi*-permanent character for a number of years." The District Engineer recommends that a gratuity at least may be granted to the applicant for his long service of twenty-three years in the quarries.

FORT ST. GEORGE,
24th April 1876.

(Signed) E. RULE,
Offg. Accountant-General.

Read the following
Circular No. 6 of 1862.

No. 458. Extract from the Proceedings of the Right Honorable the Governor General of India in Council, Public Works Department, dated Fort William 23rd January 1862.

Read the following papers regarding the entertainment of temporary Establishments by the Local Governments

Financial Department Resolution No. 4798 dated 1st June 186
Do. ______ Do. __ " 6169 " 11 July "
Do. ______ Do. __ " 4795 " 8 June "
Do. ______ Do. __ " 7417 " 11 August "
Public Works Department ___ Do. __ " 1690 " 18 May 1861
Financial Department ___ Do. __ " 6670 " 6 June "

Resolution by the Government of India, P.W. Department

1. The Government of India has lately had under consideration the existing rules regarding Public Works Establishments, and the modifications in them which have have become necessary in consequence of the introduction of the new Budget system, and of the transfer of the

patronage of the Department in the larger Provinces under the Government of India to their respective Governments.-

2.- Heretofore the sanction to an increase in any branch of the Establishment has been given on a consideration of the merits of the proposal, grounded on the evidence adduced for the necessity for such increase, and without reference to the scale of the other branches of the Establishment, or to any fixed limit of Expenditure.-

3.- It was prescribed that these proposals should be first considered and sanctioned in this Department, and finally sanctioned in the Financial Department; and since the peculiar nature of the Public Works organization demanded that Establishments should frequently be organized for sudden Emergencies, and it was always necessary that they should be capable of contraction as well as of expansion as the Expenditure on works diminished or increased, it was therefore provided,

in

in framing the Code, that in addition to the regular sanctioned Establishments of the Department, temporary Establishments might be entertained under certain rules.-

4.- These rules secured the elasticity in the system, which it is still necessary to maintain, but they are open to the objection that under them large Establishments have come into existence, in some Divisions considerably larger than the permanent ones, which are often in practice permanently kept up, but which never come under the review of either the Local or Supreme Government.- It thus becomes impossible to compare accurately the relative cost of Establishments and works in different Provinces, or even in different Divisions of the same Provinces.-

5.- The Code Rules are perhaps also

open

if not in all the Provinces, now escapes scrutiny.- By thus bringing the true state of the case under review, a juster comparison can be made of the proportion borne by ~~which~~ such charges under different Divisions Governments and different Divisions, and inquiry with a view to reduction will be more justly directed.-

Rules Regarding Establishments

I.- All Establishments, whether permanent or temporary, will in + future be kept entirely separate from the accounts of works, and will be charged for in the monthly Establishment Bills; temporary Establishments being distinguished by entry in red ink.-

The charges for the pay of all temporary Establishments will be subject to pre-audit in the same manner as that for permanent Establishment.-

II

II Establishments are devided into.-

Engineer
Upper Subordinate
Lower Subordinate
Work
Office

The three of these first divisions require no particular remark.-

Work Establishments will include mastries who are regular servants of Government, but are not included in the grades of the Lower Subordinate Establishment; guards, chuprassees not attached to Offices, classes, chokedars, and other inferior servants -II

Office Establishments will hence forward be held to include all writers, draftsmen, mohurrirs, and duftrees, engaged in clerical duties (whether in an Executive Office, or detached) Office peons and servants, Office-rent and contingencies.-

III.- A fixed sum will be allotted

in the Budget of each Province for Establishments, and a fixed maximum scale will be laid down from time to time for each class of Establishments and a fixed maximum scale will be laid down from time to time for each class of Establishment, up to which the Local Government may sanction (under the conditions of Notification No 117 of the 13 May 1861 paragraph 8) provided that the total Budget assignment for Establishments be not exceeded.-

IV.- The maximum scales mentioned in Rule III will, as regards the Engineer and Upper Subordinate Departments, be determined after consideration of the replies now awaited to Circular Resolution No 83 of this Department, dated 12 Septr 1861, and Circular No 95 of 25th October 1861.-

13

Bengal | Pegu
Punjab | Ct. Provinces
Oudh | Nagpoor
Straits Settlements

The maximum scale of Lower Subordinate Establishment has already been laid down in Circular No 76 of 1861, for the Administrations noted in the margin, and it will shortly be fixed for the North Western Provinces, Hyderabad and Mysore.-

For permanent Office and Work Establishments the scales now sanctioned and drawn for in pre-audit Establishment Bills will continue in force. Contingencies may be passed to the extent allowed by existing rules.-

V Establishments required in addition to these sanctioned scales may be temporarily entertained under the conditions laid down in Rules VI to XI, to such extent as may be necessary, provided the total Budget grant for Establishments be not exceeded.-

VI It is to be distinctly understood that no persons employed on the temporary Establishment is entitled to pension, or to any portion of salary when absent from duty for more than one month at a time, and that a person transferred from the temporary to the permanent Establishment, will not be allowed to count the time passed on the former towards pension or increase of pay.-

VII Executive Engineers may entertain permanent Office and Work Establishments to the extent of the scale authorised, and temporary Work Establishment to the extent of the amount allotted for their respective Divisions by the Local Governments out of the Budget grant on that head of service, the charges for such temporary Establishment being subject to the usual final audit in their monthly accounts, besides the pre-audit for payment provided in Rule I.-

VIII Temporary increases to Office Establishments require the sanction of the Local Government.-

Superintending

IX Superintending Engineers may entertain Sub-Overseers of the 3rd Class to the extent authorised by the Local Government of their Circles, and temporary Sub-Overseers within the limits of the Budget grant for their Circles.

X Temporary appointments to the Upper Subordinates Establishment may be made by the Heads of all Local Governments & Administrations within the Budget limits.-

XI Temporary appointments to the Engineer Establishment, that is, appointments of persons properly qualified under the Rules laid down in pages 17-20 of the Code in excess of the sanctioned scale, but within the Budget limits, may be made by the Governments of Bengal, the North West Provinces and the Punjab, but such appointments under the other Local Administrations can only be made by the Government of India.-

The

XII. The appointment of persons to the temporary Establishment as "Inspectors of Works" or under other titles not recognised in the Department, is prohibited.- All persons temporarily appointed will be held to belong to the grade the pay of which they receive.-

XIII In making reductions, all temporary Establishments are to be first reduced, before any permanent servants of the same grade are transferred to other Provinces or dismissed.-

XIV All proposals for of the increase of the permanent maximum scale of any branch of Establishments should be submitted, whenever necessary, and will be considered on a review of the whole of that branch of the Establishment of a Province, the proposal being accompanied by the usual Tabular Statement. But any sanction

to

to an increase will not come into operation until the following year unless Budget limits admit of it.-

XV.- No increase upon the total expenditure of Establishments in any year, beyond the Budget grant for that purpose, is permitted, except upon a re-consideration of the Budget by the Government of India.-

XVI.- Savings in Establishments upon the total Budget grant may be applied to the Reserve of that year, to be expended at the discretion of the Local Government.-

XVII.- Local Governments are empowered to authorize the entertainment of temporary Establishments of classes and other inferior servants for the purpose of executing Surveys within their powers of sanction, each survey being considered as a minor work, and duly estimated & accounted for accordingly; the pay of such Survey Establishments is not however to

be

of any Province will be exceeded in the item Establishments from these causes, a revised Estimate for that part of the Budget should be submitted.–

Sir,

I have the honor to forward for transmission to Government for orders, an application for pension submitted by District Engineer, Godavari, on behalf of Y. Bramma Soodarsanam lately employed as Superintendent of Quarries in Godavari District.-

2. According the information given in the accompanying letters from the District Engineer, Godavari, the entire period of the applicant's services was rendered in a temporary Establishment entertained for the working of quarries in the Godavari District.-

3. The applicant therefore does not, under Sections 13 and 17 of the Civil Pension Code, appear to be entitled either to pension or gratuity.-

The following are the papers that accompanying the pension application.-

1 Service Book
1 Original letter from District Engineer, Godavari, No. 3152 dated 26th January 1876.
1 Copy of letter to District Engineer Godavari No. 164 G. D. dated 14th February 1876.
1 Original letter from District Engineer Godavari No. 3492 dated 2d March 1876.

I have the honor to be,
Sir,
Your most obedient Servant,

L. Conway Gordon
Examiner, P.W. Accounts

Countersigned and submitted with the remarks that the establishment in which the applicant was employed for a term of upwards of 23 years is reported to have been temporary. The orders under which the establishment was entertained are not known. The circumstances under which this establishment was not remodelled after the iſsue of the Public Works Department Circular No. 6 of 1862 embodied in G. O. No. 333 A dated 28th February 1862 Public Works Department are also not known. It is doubtful to this Office whether the orders of Government No. 70 dated 14th January 1876 P. W. Department could not be extended (subject to the confirmation of G. I.) for service rendered in this establishment also, which appears to have been of a semi permanent character for a number of years. The District Engineer recommends that a gratuity at least may be granted to the applicant for his long service of 23 years in the Quarries.

Memo for Orders

The Accountant General submits for the orders of Government an application for Pension on behalf of Y. Bramma Soodarsanam, lately employed as superintendant of Quarries in the Godaveri District, on a salary of Rs 30 per mensem. The total period of Soodarsanam's service was 23 years 7 months and 8 days. The establishment in which he was employed was temporary the pay of the employees being debited to the head of Stock and consequently, it would appear that under Section 13 and 17 Civil Pension Code he is not entitled to

If the applicant is held to fall within the 2nd Class, then the order would not apply. But the order of 11th Jany./76 No. 70 does not in any way settle the matter, as the reply of the Govt. of India (24th April /76) seems to imply that in the opinion of that Government the principle enunciated therein is a departure from the Pension Rules. That letter has been transferred to the Public Works Departt., but so far, they have taken no steps to maintain their order. Under the circumstances it is submitted that the application should be rejected, unless the Government in the Public Works Departt. propose to reopen the question.

H

Since writing the above G.O. 1403 D.P.W. 5th June 76 - has been received - As no change is contemplated this application may be rejected.

Pub. Works Dept. 20th July 1877 No. 464 W.

I think the claim shd. be admitted. The case of a Supt. of Quarries is distinct on all fours with that of a maistry paid for out of the Estimate for the work on wh. he is employed. (wh. is what the G.I. refused to admit) & it is as

Memo

In circulating now the original memo for orders I have to explain that the case was ordered to lie over pending the reconsideration of G.O. 5th June 1876 in the D.P.W.

The Govt. however in that Depart. have decided that the position of the employés in the Petty Estab. ~~must~~ cannot at present be taken into consideration, and that any special case may be submitted for orders —

The present applicant did not seem belong to the Petty Estabt. but to the temporary, tho' the latter's pensionary position would naturally have

Pension DEPARTMENT.

No. *557.*

To

The Secretary to the Government of India,

Pub. Works DEPARTMENT.

Sir,

In forwarding the accompanying application for a retiring allowance for the consideration of the Governor-General in Council I am directed to suggest that in view of the circumstances stated below a special pension may be granted to the applicant.

2 Y. Bramma Soodarsanam served for a period of 23 years — 7 months and 8 days in a quarry establishment in the Godavery District and during this service received pay on the superior scale. In December 1875 he was found to be incapacitated by old age for further employment of a responsible nature and as he was then 63 years old he was invalided

by the head of the Office, who forwarded an application for pension in the usual form, but stated that the whole of the applicant's service had been "temporary."

3 This statement is technically correct, for it appears that though service in the quarries is of a semipermanent character, the pay of the establishment employed thereon has throughout been met from funds allotted for the manufacture of materials, but practically the applicant was in permanent employ and his conduct until incapacitated by old age was "uniformly satisfactory."
