To,
The Principal
Medical College.

Sir,

With due respect and submission I beg leave to state that I was lately employed as a Gardener in the Medical College for about 22 years, and was recommended to Government for Pension owing to my not being longer equal to the duties. The Government in their Order No. 489 dated 21st August 1875 Educational Department have ruled that a Gardener is not eligible for either pension or gratuity.-

I now hear that the Gardeners in the Presidency College and Lying-in-Hospital were recently recommended for Pension and that the Government have been pleased to accord their sanction thereto bringing the post of gardener in the list of Inferior Servants.

In consideration of my long and faithful service rendered in the College I beg earnestly that you will be kindly pleased to recommend my case to Government for gratuity.

For which act of favor I should ever feel grateful.-

I beg leave to remain
Sir
Your most obedient servant.

Sir,

With reference to your Proceedings Nº 4827 dated 19th Instant, I have the honor to state that Thondavarayen the late gardener of the Medical College was a bona fide gardener, but employed occasionally in the capacity of a Peon or Lascar waterman and watchman. His case appears to me therefore to be exactly similar to that of the gardener at the Presidency College referred to in

in the letter under reply.

Sir;

I have the honor to forward a further application received from Thondavarayen late Gardener at the Medical College, begging to be recommended for a pension, as such privilege appears to have been paped to the Man at the Presidency College under a recent ruling -

The Government in their Order No 489 of the 21th August 1875, declined to pass any retiring allowance to Thondavarayen as there was no precedent, but as there happens to be now a case on record, and in consideration of his lengthened and faithful service of upwards of 22 years I beg that his case may again be submitted for the favorable consideration and orders of Government -
