FORT SAINT GEORGE, 29th August 1876.

Memorandum

The undersigned has the honor to return the service Book and pension application submitted on behalf of Cadalur Allagappah Moodeliar late Head Accountant of Penakonda Division and to request that the District Engineer, Bellary will be good enough to ascertain and report to this Office the correct date of Allagappah Mudeliar's birth by Christian Era. According to the entry in column 5 of page 1 of the accompanying Service Book, Allagappah's date of birth appears to be 10th July 1838 while from the entry against item 15 of the 1st page of the application it would appear that Allagappah's birth day was in April 1838.

2. It is observed from the History of Service of the Application that the applicant's

services

services up to 30th June 1859 have been classed as nonqualifying on account of their having been rendered in the inferior grade and before the attainment of 22 years of age. It should be explained how this period was calculated, having in view the date of birth given in the applicant's service Book and application.

3. Information should also be furnished as to whether the applicant's services from 1st April 1856 to 30th April 1860 have been verified from public records. If not the applicant's affidavit and the statement of contemporary servants should be obtained and forwarded to this office as the applicant's services for the above period cannot be verified from the audit Registers of this office owing to the nonentry therein of the names of individuals

4. The service from which the entries made in the history of service of the application have been obtained should be stated as the dates of beginning and end of service do not in the few instances noted in the margin agree with those entered in the Audit Register of this office.

5. The date of birth of the applicant should be stated against item 15 of the 1st page of the application in accordance with appendix A of the Civil Pension Code and column 'How verified' in the 2nd page of the application should be completed with the required information.

6. The date of end of service entered against item 7 of the 1st page of the application should be 12th June 1876 instead of 13th Idem as shewn therein.

7. It is observed from the service Book that the applicant was appointed acting Draftsman on the 1st September 1872 when his appointment of Head Accountant in Anantapur Division

Division was abolished. In the 2d page of the application however he is shewn to have been appointed Draftsman permanently on the 1st September 1872. A copy of the order appointing the applicant as Draftsman on the 1st September 1872 should be forwarded for reference.

8. According to the Audit Registers of this office the applicant appears to have been on sick leave from 1st to 27th July 1871 and from 23d September to 6th December 1871 but he is shewn in the 2d page of the application to have been on sick leave from 1st to 31st July 1871 and from 20th September 1871 to 19th November 1871. The cause of difference should be explained.

Sir,

With reference to your endorsement No. 2074 of the 2nd Inst. I beg to retransmit original application for pension, and Service Register of late Head Accountant C. Allagappah Moody together with a revised application, copies of Notifications and Register of Raidroog Range.

The Applicant C. Allagappah Moody asserts that he was born on the 10th of July 1838 and that the entry to that effect in his Service Register is correct. According to the Register received with applicant from Raidroog Range on his transfer to Penmacondah Range his age on first entertainment viz 1 July 1855 is shewn as 18 years, but this age according to the applicants statement is incorrect.

In the History of Service, the Applicants services were calculated by Register received from the Raidroog Range in which he

Recd 18/5/76

was set down as 18 years old on first enter Government Consequently he attained 22 years on the 30th July 1859, but the Correctness of this entry is denied by Applicant, and the revised application is prepared in accordance with the date of birth given in Service Register, which is stated by the Applicant to be the correct date.

The Applicants services from 1 September 1858 to 10 February 1861 are verified from Copy of Register of Raidroog Range; Memo No. 1073 of 1st February 1861 from District Engineer as well as from Copy of audited pay Bill for February 1861 in Pennacondah Range Office

The entries made in the History of Service were obtained from Service Register, they are now revised and verified from this Office records.

The applicant was appointed Offg Draftsman and Estimator in Notification No. 60 of 26th August 1872 and Offg Head Accountant of Pennacondah Range in Notification No. 80 of 14 September 1872. Both these Offg appointments were confirmed in Notification No 33 of 19th July 1873 (Vide Copies of Notifications as per herewith forwarded)

In Notification No. 67 of 16 September 71:

the applicant was granted two months' sick leave from 20 September 1871, but subsequently in Notification No. 109 dated 14th January 1872 he was granted an extension from 23rd November to 6th December 1871, by this he would appear to have returned to his duty on the 20th November 1871 and again reported sick on the 23rd Idem, but to grant the leave in extension the original leave appears to have been granted from the 23rd September. The leave in extension is not recorded in Service Register, hence the omission.
