Copy of letter No. 51 I. A. dated 26th June 1878 from the Examiner, P. W. Accounts to the District Engineer, South Arcot.

The undersigned has the honor to return the enclosed pension application & Service Book of P. Mooneya Pillay, and to request that the District Engineer will be good enough to furnish information on the following points.

(i) The name of the individual in whose place the applicant was appointed 2nd Writer on a salary of Rs. 30 per mensem, in the 1st March 1857, and whether the applicant was appointed permanently to the Post or only temporarily.

(ii) In what capacity Nadamoony Naidoo referred to in the remarks on the 2nd Page of the pension application, was employed prior to September 1857 and whether he is still in Service or retired.

(iii) Whether Nadamoony Nayudu had a lien on the post of 2nd Writer, and if not, why pay was drawn in his name for September & October 1857, while the applicant was actually doing the work of the post during those months.

(IV) The applicants affidavit and the Statement of two of his contemporary Servants are necessary in the absence of any other Official Document to show that the pay of the 2nd Writer's post for September & October 1857, was divided between the applicant & Nadamoony Nayudu.-

(V) Whether the applicants service for 1st to 31st March 1865 has been verified. If so why pay was not drawn for the full month. His pay at that time was Rs 50/- per mensem but Rs 48-6-2 only, were drawn for him.

(VI) Whether the applicant is known by the name of Moonappah Pillay; the audit Registers of this Office for certain years show that one Mooneappah Pillay held the appointment of Store keeper and Accountant in the 5th Division, Superintending Engineers and South Arcot District Engineer's Offices, respectively.

2. It is requested that the 1st page of the enclosed Service Book may be completed with the District Engineer's Signature.-

1 Service Book
1 Application

Has the honor to submit with reference to No 51 S. A. dated 26th June 1878, calling for certain information in connection with the Pension application of Mooneya Pillay, the following particulars:-

I Up to January 1857, one A. P. Veerakristna Naidu held the post of 2nd Writer, on his resigning the same, it was held by one Mr P. Laurent, during the whole of February 1857; - on the 1st March 1857 the latter individual having been permanently promoted to the post of Head Accountant, P. Mooneya Pillay was permanently appointed to 2nd Writership.

II Prior to September 1857, Nadamoony Naidu was employed in the Collector's Office as a Writer on 15 Rs, on the old Marahmut establishment, but on receipt of the orders of Government (Vide G. M. C. No 1559 of 11th August 1857, bearing Chief Engineers Circular No XCVIII of 18th idem) to the effect that in filling up appointments in the new District Engineer's Offices, preference should be given to the members of the Old Marahmut establishment that were left still unprovided for;- Nadamoony Naidu was nominated as 2nd Writer on the 1st September 1857, in place of Mooneya Pillay who had then only a few months Service or less than that of Nathamoony Naidu. The latter who was however doing duty in the Collector's Office during September and October 1857 in closing up the Maramut accounts having obtained a permanent appointment in November 1857 in that Office, Mooneya Pillay was again appointed as 2nd Writer from 1st November 1857. Nathamoony Naidu has already retired from the post of Writer in the Collector's Office.

III It was only for carrying out the orders of Government above alluded to, that Nathamoony Naidu was appointed as 2nd Writer, but he appears to have had no other lien on the post.

IV. The applicant's statement that he was actually working in the District Engineer's Office during the two months in question is to some extent borne out by the Head Clerk in this Office who is the only Contemporary Servant now on the Spot, but he cannot positively say whether the Salary was divided between Nathamoony Nayudu and the applicant, and considers that the applicant might have probably been working on the prospect of his getting back an appointment. Mooneya Pillay also now states that he is not quite certain whether he drew any pay

for the 2 months, although he actually worked during the period. It does not therefore appear necessary to take any affidavit from the applicant or any Statement from his contemporary Servants. The period in question can very well be excluded from Service, and the remaining 20 years, 6 months & 14 days taken into account and orders passed on the application.

V. In the month of March 1865, the applicant appears to have been fined 1 day's pay for late attendance and consequently he drew only Rs 48-6-2. His Service from 1st to 31st March 1865 was certainly verified.

VI The applicant's name is Mooneya Pillay, not Moonappah Pillay; the latter must have been posted by mistake in the audit Registers, the person who held the appointments of Store Keeper and Accountant in the 5th Division Superintending Engineer's and South Arcot District Engr's Offices, respectively, being known by the former name.

2. With the above explanation the Service Book and application are resubmitted for early transmission to Government for their favourable consideration.

The applicant, who is now in a very bad state of health, has been already 2 months without any pay.

Public Works Department

Extract from the Minutes of Consultation under date the 11th August 1857.

Read the following letter from the Civil Auditor.

Requesting to know when the Marahmut Department is to be discontinued. } (Here enter 13th July 1857. No. 151.)

In the letter above recorded, the Civil Auditor requests the instructions of Government whether it is intended that the Marahmut establishment under the Collectors should be maintained in full in addition to the regular Public Works Establishment, or whether the former should be absorbed at once into the latter.

2. When the Government issued the Notification of 27th January last, they fully intended that the old Marahmut establishment should at once be absorbed into the new one, which was authorized in supersession of all former Sanctions; and the doubts now expressed by the Civil Auditor are very unintelligible to Government.

3. In the order of Government dated 28th January 1857, No. 213, Sanctioning the entertainment of the Accountant and Goomastah applied for by the

by the Acting Collector of Malabar at a monthly expense of 60 Rupees, it was clearly pointed out that these salaries were to be paid out of the funds which would have been allowed for the District Engineer's establishment, if the transfer of the executive had taken place. The Civil Auditor, to whom a copy of this order was communicated, could, at all events at that time, hardly have been unaware that all the former Marahmut Servants who remained with the Collectors, or who were sent to the Engineer Officers either before or after the transfer of the executive to the Engineer Department, were to form part of the new Establishment, and were not to be additions to it.

4 In his letter to the Civil Auditor dated 22nd June 1857, copy of which is submitted to Government, the Chief Engineer states that in those Districts where the executive was not transferred before the 1st January, the Collector retains the services of the Marahmut establishment, though the salaries of some of its members are provided for in the new Department and that such members as are not included in the new Department, continue

11M

in receipt of their former salaries. Colonel Faber further remarks that this arrangement will only be in force until the whole executive charge shall have been transferred to the Engineer Department. From this the Government are led to suppose that the Chief Engineer has in some instance allowed his Department to submit, and that the Civil Auditor has passed, the salary bills of both the old and the new establishments for if the salary bills for both have not been submitted by the Engineer Department it is not clear how Colonel Faber should know that both have received pay. How either of these Officers can have conceived that this was the intention of Government they are quite at a loss to conceive. It clearly was never contemplated by the Government that the establishment formerly attached to the Collectors should be distinct from that of the New Department, or that its absorption into the new Department should be dependant upon the transfer of the executive to the Engineer Department. All such servants as belonged to the old Department, whether they remained with the Collectors or were sent to the Engineer

Engineer Officers, ought to have been provided for in the new establishment according to their merits, immediately after the receipt of the Notification of 27th January, irrespective of the transfer of the executive; it was only reasonable that in those districts where the transfer did not take place immediately, the whole or a part of the establishment, allowed to the District Engineers and other Executive Officers should be attached to the Collectors so long as they continued to perform all or any portion of the duties, which would have devolved on the Engineer Department if the transfer had taken place, but at the same time, as the order of the 27th January, was after that date, the only Sanction for the Public Works Department, it was only to establishments formed under that order, that any servants salary could be charged.

5. It would appear from the tenor of the Civil Auditor's letter that even the Maramut establishments transferred to the District Engineers by the Collectors are still maintained, in addition to that allowed to them in the Notification of 27th January, and it is evident from this, that some of the old servants have been left unprovided for, in consequence of new persons having been brought in. It can hardly be said that there were no proper openings for them, as most of them could have been employed in the Office establishments allowed to the Officers ~~establis~~ of the several grades, and others in any of the grades of the class of Sub Overseers, and by such an arrangement no extra charge whatever would have been necessary.

The Government will consider that there is deep cause for regret if expenditure above the sanctioned amount shall have been incurred by this payment of a double establishment, but as the 3rd class Sub overseers were not fully employed for some time after the Department was organized, (indeed no report of their employment has ever yet been made to Government) there is room to hope that the excess may be met by the pay of this class, which has not been disbursed. The chief Engineer's supervision of his Department must have been more lax even than the Government supposed, to have allowed double establishments to have been charged for, and the Government cannot but remark on the Singular infelicity of the Civil Auditor having delayed until July, a reference which, if any doubt was felt, should clearly have been made in January.

6. The Civil Auditor must be aware that the executive has been now transferred to the Engineer Department in all the Districts except in Tanjore, but it is not intended that in that Province there should be any separate charge on account of establishment from the circumstance of the Executive remaining with the Collector, arrangements should be so made that the Collector may have a Sufficient number of servants to carry on the duties efficiently and Submit his accounts punctually under the new System, as long as the Executive may continue with him. With the transfer of the Executive all the servants will of course be made over to the Engineer Department.

7. The dates of the orders for the transfer in the several Districts are given below, although they

appear to have been made already communicated to the Civil Auditor.

No	District	Date of the order of Government	No	District	Date of the Order of Government
1	Ganjam	3rd Septr 1856 No 1575	10	Chingleput	26th Novr 1855, No 834
2	Vizagapatam	12th July " " 1160	11	North Arcot	12th Septr " " 532
3	Rajahmundry	18th April 1855 " 448	12	South Arcot	21st March 1857 " 521
4	Masulipatam	18th July 1856 " 1206 16th Octr " " 1889	13	Trichinopoly	18" Novr 1856 " 2156
5	Guntur	18th July " " 1206	14	Madura	24" March 1857 " 533
6	Nellore	23rd April 1857 " 765	15	Tinnevelly	13" " " " 466
7	Cuddapah	19th Novr 1856 " 2175	16	Coimbatore	21st Augt 1856 " 1488
8	Bellary	11th Octr " " 1853	17	Salem	12th Novr " " 2112
9	Kurnool	23rd July " " 1249	18	Canara	5th Augt " " 1850
			19	Malabar	6" Jany 1857, " 17

8. The Government observe that in certain Districts, Collectors were allowed to retain some of the Marahmut servants to wind up their accounts, but they were not intended to be in addition to the new Establishment. The Civil Auditor having passed the bills up to this date, the Government can take no steps to set the past right, but to prevent any more misunderstanding on the subject, the Right Honorable the Governor in Council deems it right to state in clear terms, that any part of the old

Maramut establishment, whether it remains with the Collector or District Engineers, should at once be absorbed into the New Department; and that from 1st September next no charges additional to those sanctioned on the 27th of January last, shall be passed by the Civil Auditor under any circumstances whatever, without the special Sanction of Government.

9. It is probable that in consequence of the reductions ordered in the Notification of the 18th July 1857, some of the old Maramut servants employed as 3rd Class Sub Overseers, a class which was temporarily abolished, and those entertained in the Office Establishments allowed to the Executive and Assistant Engineers and Overseers, whose services were dispensed with, may have been thrown out of employment; but it is now directed that they, as well as those who were left unprovided for when the new establishment was organized, shall be at once employed either in any of the grades of the second class Sub Overseers, or in the Office

establishments of District and Executive Engineers, according to their merits, in place of those who may have been newly brought into the Department. It appears to the Government that the servants who have long served in the Collectors Cutcherries, and by whom all th[illegible]duous duties of the Department were performed, at a time when the Establishment was exceedingly limited, and whose experience must be of great value in the present new Department, have the first claim for employment. These observations, it must be understood, do not apply to those who may from old age or other cause, be found unfit for further active Service. The Local Officers will be at liberty to recommend such men for the pension or gratuities to which they may consider them entitled according to the rules, as already directed in the Extract Minutes of Consultation dated 19th November 1856, No. 2175. The Government desire that the Chief Engineer will take immediate steps to carry these orders into effect.-

10. In conclusion, it is proper to remark that the establishments sanctioned from time to time for the protection and management of the Public Works

adverted to by the Civil Auditor, should be considered distinct from that sanctioned on the 27th January 1857, and they will accordingly be passed as usual. In the Extract Minutes of Consultation, dated 27th March 1857, No 563, the Government desired the Chief Engineer to prepare lists of such establishments now kept up throughout the Presidency, and that Officer is requested to give his early attention to the matter.

Remarks.

× From the pay abstracts it is observed that one Kadamoony Naidu was 2nd Writer, or divided between the two; [illegible] This arrangement to [illegible] to have been made in order to provide a post to Kadamoony Naidu of the late Kasahmut Establishment. Deducting however the two months in question the net period reckoned as superior services amounts to 20 years 6 months and 14 days

✻ Reduced by reorganization of the Department in December 1872.

REMARKS BY HEAD OF OFFICE.

1. As to character and past conduct of Applicant. Has worked well and borne good character.

2. Explanation of any suspension or degradation. Nil

3. Regarding any gratuity or pension already received by Applicant. See Chapter XX. Nil

4. Explanation under Section 47, Rule 1, so far as the Head of the Office can give it. Nil

5. Any other remarks. Mooneya Pillay attained the age of 55 on the 29th May 1877, he was however in July 77 recommended by me to be allowed to go on until 29th May 1878, but he has not been able to do it as he is now inefficient from old age and infirmity

Certified that should Government accept the applicants services from 1st March 1857 to 31st August 1857 as counting towards pension under the circumstances explained in para 3 of this Office remarks on the 2nd page of this application, qualifying service in Superior Grades would amount to 20 years 6 months and 14 days and that a superannuation pension not exceeding Rs: 15 per mensem is admissible under Section 60 of the Civil Pension Code. The calculations have been duly verified.

2. The attention of Government is respectfully solicited to the following circumstances of the applicants case.

The applicant was employed as an Accountant on Rs: 50 per mensem in the Superintending Engineers Office South Arcot till 30th November 1872. On the following day (i.e.) 1st December 1872 when the Superintending Engineers Office was abolished and the District Engineers Office established consequent on the reorganization of the Department, the applicant lost his appointment as Accountant, but was reappointed as Writer in the District Engineers Office Establishment on a lower pay (i.e.) Rs: 35 per mensem or Rs: 15 less than the pay he was in receipt of prior to 1st December 1872. The applicant had on that date a qualifying service of 15 years and 7 months and had he then preferred taking a compensation pension, to an appointment on a less pay, he would have been entitled to one third pension $\frac{50}{3}$ of Rs: 16-10-8 or Rs: 1-10-8 in excess of the pension to which the District Engineer has now recommended him, but under section 51 of the Civil Pension Code the applicant is entitled to the increased rate of pension (i.e.) Rs: 16-10-8.
