Madura District

This subordinate presented himself
on the 26th August 1878 with a letter from
the Tahsildar of Sindigul for report as to his
further fitness for service or otherwise.

As far as I remember now - his appearance
at that time was as follows.

Externally. - Body badly nourished and general
appearance of one suffering from general
debility, marked arcus senilis of both
eyes and swelling of the lower extremities.

Internally. - Weak irregular action of the
heart (probably due to fatty degeneration).

Respirations - Shallow and weak.
Subject to diarrhoea and dyspepsia.

Previous history: - Had been previously
frequently ailing from Rheumatism
and dyspepsia and fever.

I therefore gave him the accompanying
certificate.

2. His age by his own statements is 54
years and by appearance about the same.

3. I consider Rungasawmy Eyer to be
completely and permanently incapacitated
for further service of any kind in the
Department to which he belongs in
consequence of Old age and General
Debility.

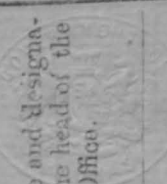

4. His incapacity does not appear to
me to have been caused by irregular
or intemperate habits.
