Most Noble Lord

May it please Your Excellency that Your humble petitioner most respectfully begs to take leave being compelled to take such leave to bring to Your Lordship's notice that although Your petitioner's Pension Application has been submitted by the President of the Madras Municipal Commission to Government in April last and that by the Accountant General for Your gracious Governments' sanction in October last, yet the Pension Certificate was not provided to Your Petitioner.

It is really to be regretted that Your poor petitioner is left without pay or pension for the last 15 months viz. from 1st September 1877, he is almost reduced into an insufferably miserable condition, and it will aggravate his circumstances if it be still prolonged in the disposal of his pension case. And he is therefore begs that the Government will consider the forgoing circumstances and [illegible] his case in its earliest convenience for the disposal in his favor.

Sir,

In forwarding the enclosed Application for pension on behalf of P. Parthasaradi Aiyangar, late Inspecting Schoolmaster Madras Municipality, I request you will be so good as to take the necessary steps for passing at least such portion of the pension now asked as may be due from the Municipality.

2. It would be a great convenience to Parthasaradi if he could draw the whole of his pension from the Municipality. And I trust it will be possible for you to make this arrangement, supposing Government and the Local Fund Board sanction their portions of the pension applied for.

Municipal Proceedings.

Read the following paper:—

No. 41. *From* L. R. BURROWS, *Esq., Acting President of the Municipal Commission, Madras, to the Chief Secretary to Government, dated 4th May* 1878, *G. No.* 71.

I have the honor to forward, herewith, in accordance with the provisions of Section 18 of the Madras Municipal Act of 1867, Minutes of the Proceedings of a General Meeting of the Commissioners held on the 30th ultimo, together with a statement of the receipts and disbursements on account of the Municipal Fund for the official year terminating on the 31st of March last, and to request that the same may be published in the *Fort St. George Gazette.*

2. I have also to request that Government will be pleased to appoint an Auditor under Section 32 of the Act to make the annual audit of the Municipal accounts.

3. The proposals for extending the system of pipes, which have been referred by the Commissioners to the Water-Supply Committee for examination, embrace the laying of 34 miles 1,624 yards of pipes of the smaller bores (12 inches and less), the erection of 185 fountains and stand-pipes, and the fixing of 165 valves and 800 hydrants. The estimate for these works amounts to Rupees 3,04,843-14-0, but it is possible that they will cost less if tenders for the required materials be invited.

4. It is estimated that a four per cent. water-rate spread over the area that will be brought within the pipe system after the proposed extensions have been carried out will yield about Rupees 1,14,000 annually, and that the charges including interest and maintenance will amount to Rupees 1,22,800, leaving about Rupees 8,000 or Rupees 9,000 to be met annually from the general revenues.

5. The length of pipes laid up to the present time is 39 miles 1,276 yards.

6. I beg to forward six copies of Mr. Jones' report on the drainage of Black Town, and request that the Commissioners may be favored with an early order on the drainage question.

7. With reference to the fourth resolution of the Commissioners on the subject of the Department Public Works' bills for raising the Red Hills Water I would respectfully suggest that, looking to the excessive amount charged for the pumping, it is possible that some items are included which the Government might on further consideration order to be struck out.

8. With reference to the proposal to introduce gas into Madras, I beg to bring to the notice of Government that several proposals of a similar nature have been made from time to time during the last eighteen years, and I beg to append a list of references to correspondence on the subject. The most favorable proposal which has hitherto been made is that of the Singapore Gas Company who offered to supply gas, and do the lighting and cleaning at the rate of 5*l.* 18*s.* per lamp per year. At this rate, and taking exchange into account, the cost of lighting the present Municipal lamps would be over Rupees 1,18,000 annually, the present cost being under Rupees 30,000.

9. The stringent provisions in paragraph 2 of Section 350 of the new Municipal Act on the subject of existing private markets (to the effect that the President shall refuse a license for keeping such market if in his opinion it is by position, construction or arrangement unfit for the purpose of a market) seeming to leave the erection of a new General Market no longer a matter within the discretion of the

Commissioners after the passing of the Act, a Memorandum on the subject was circulated to the Commissioners, copy of which I beg to enclose for the information of His Grace in Council. *The Commissioners have appointed a Committee to consider and* report on the questions raised in the Memorandum *and no unnecessary delay will be* incurred by the Committee in the preparation of their report.

10. I have to request that Government will be pleased to pass early orders on the matter of the pension of Parthasaradi Iyengar referred to in the Proceedings of the Pension Committee which are embodied in the Minutes of the Proceedings of the Commissioners herewith submitted, and that the other pensions and gratuities agreed to by the Commissioners may be sanctioned by Government.

No. 42.

ORDER THEREON, 11th July 1878, No. 1212.

The Minutes of the Proceedings of the General Meeting of the Commissioners, together with a statement of the receipts and expenditure for the year ending 31st March 1878, will be published in the *Fort St. George Gazette.*

The fee will have to be credited to Govt.

2. The Government are pleased to appoint Mr. Firth to be Auditor of the accounts for the year.

3. The Government await the report of the Committee on the extension of the pipe system.

4. Mr. Jones' drainage scheme will be considered by Government along with Mr. Clarke's scheme now before Government, with the Acting President's letter, 9th January 1878.

5. Paragraph ~~4~~ of the President's letter will be considered in the Department Public Works.

6. As regards the schemes for lighting Madras with gas, it is observed that the probable cost precludes their being taken into the serious consideration of the Commissioners at present. The Government however trust they will turn their attention to the subject when any feasible proposals come before them.

7. The Government are glad to learn that the erection of a market is again under discussion. They await with interest the Committee's report, as they regard the undertaking as calculated greatly to benefit the town, and to prove also remunerative.

8. P. Parthasaradi Iyengar's pension papers will be transferred to the Pension Department for disposal.

9. The Government are pleased to see that the Commissioners are adopting measures for improving the efficiency of the department entrusted with the assessing and collection of the Carriage Tax. The short collections under the Tax on Professions and Arts is attributed to the famine. The Government are inclined to doubt the cogency of this reason, for the grain trade which resulted from the famine undoubtedly increased the number of traders in Madras as well as the profits of their business. They trust the Acting President will enter fully into this question in the Annual Report, and that meanwhile the Commissioners will take steps to sift the explanation given and if necessary to take measures for improving the Assessing Department similarly to the course adopted in regard to the Carriage Department.

SIR,

With reference to the Memorandum received from the under Secretary to Government No. 25 dated the 31st Ultimo pointing out that P. Parthasaradi Aiyangar, when transferred to the Madras Municipality was a Local Fund employé, and enquiring whether in these circumstances I see any reason to alter the remarks recorded in this case, I have the honor to state that I am of opinion that the fact of the Inspecting Schoolmaster having been transferred from Local Fund Service does not affect the question as contribution for Pensionary allowance was not paid by the Applicant monthly during his service under the Municipality.

The

2. The sanction of Government might perhaps indeed be given with retrospective effect to his transfer and so the either of the difficulty stated in the report of this Office might be over come: but it is so manifestly against Government interests to allow contributions to be paid after a claim for pension has been sent in, that I think the omission to contribute at the proper time should never be condoned. —

I have the honor to be
