" *Assistant Accountant-General, dated 17th February* 1879, *No. A.D.J.*

ORDER THEREON, 16th May 1879, No. 236.

Under Sections 52 and 59 (*b*) of the Civil Pension Code (3rd Edition), His Grace the Governor in Council is pleased to grant to Trichinopoly Srinivasulu Naidu, late Taluk Overseer, 2nd Grade, Kurnool District, an invalid pension of Rupees (25-4-8) twenty-five, Annas four, and Pies eight per mensem in consideration of his qualifying superior service of nineteen years, nine months, and three days, payable from the 19th April 1878.

2. It is observed that the amount of the average salary of the applicant for the last five years as entered in the register submitted by the District Engineer, Kurnool, differs from that calculated by the Audit Offices. This appears to be due to the inclusion of the period of suspension contrary to rule (*vide* Section 69, Rule 3, of the above Code). The calculations of the latter officers are correct, and the pension has been granted accordingly.

No. 441. ORDER THEREON, 23rd February 1874, No. 443.

ESTABLISHMENT, No. 24.

THE evidence brought forward by his Range Officer has been insufficient to convict Overseer Streenavasaloo Naidoo of criminal breach of trust; but the Magistrate has recorded that an examination of his accounts has shown discrepancies which prove something to have been wrong, and is strongly of opinion that his dealings have not been all fair and above board, and that he has failed to clear himself of the imputations made against him. It is not improbably owing to the unadvised and precipitate manner in which the prosecution was conducted that the Overseer obtained an acquittal; but, considering that the evidence adduced was not such as to convict him, and that he is a man of long standing in the department with a character hitherto unimpeached, His Excellency the Governor in Council is unwilling to have recourse to the extreme penalty of dismissal, which his conduct would have otherwise entailed. Under the circumstances, it will be sufficient to degrade him to the bottom of the 3rd grade. Employment for him will be found in some other district where they may be a vacancy.

2. The failure of the case, as above indicated, seems entirely attributable to the District Engineer having neglected to arrange for its proper prosecution and left it entirely to the Range Officer. His letter of the 20th October to the address of the Magistrate says nothing of provision of legal advice, and it remains to be explained by him how he failed to communicate more fully with the Magistrate on a matter in which the interests of Government were concerned, seeing especially that they have the same head-quarters and may be presumed to be in constant intercourse with one another upon public matters.

The main point has been greatly misunderstood, he was to answer to give satisfaction that I fear he did not always speak the truth. This I think was partly owing to his becoming old and from trouble to make himself perfectly understood. He was nervous, & in hurry of answering made mistakes (whether willfully or not I cant say) when answering Capt. Elliott. Also did not understand his language. I have no doubt he was led astray.
