ORDER THEREON, 19th May 1879, No. 258.

V. Venkata Reddy, formerly a Lascar on the establishment of the Western Delta, Godavari District, applies for an invalid gratuity for his inferior service of twenty-one years, three months, and one day.

2. The applicant, who left the service in August 1872, states that he obtained permission to retire on account of old age, but he was then only about fifty-seven years of age and his unfitness for further service was not certified to by the head of his office or a medical officer.

3. V. Venkata Reddy appears to have retired voluntarily in view to secure the employment of his son, who was appointed in his stead, and his claim to be granted an invalid gratuity is therefore inadmissible.

The humble representation Velinti Venkatrow
late Tappal Lascar of late 4th Range
Godavery District

My Lord,

I most humbly beg permission to lay before your Lordship for your kind perusal the following facts connected with my poor state.

Having entered in the D.P.W. in 1850, I was obliged to retire ~~or~~ from it in 1872 owing to a disease in my stomach which seriously interfered with my public duty. During my career of 22 years in the Government employment I am confident enough to say that my services were always recognised as satisfactory by my employers.

Having lost my son who was a Maistry in the [illegible] Department I am now suffering very much from the pinching poverty.

I had petitioned many time to the District Engineer there since my retirement but unfortunately I am unnoticed. On 30th January 1875 I have petitioned also to the present District Engineer Major [illegible]

I beg to enclose copies of my testimonials & a registered letter receipt and pray that Your Lordship will protect me and my large family by directing the District Engineer to prepare my pension application which I am entitled. After serving the Good Government such a long period I am obliged now to starve. Under Section 63(a) of the Civil Pension Codes I am entitled to 6 months pay I think. I have no patrons except God.

For which act of kindness & generosity I as in duty bound shall ever pray

I beg to remain

In a No. 37

Copy of letter from the Examiner Public Works Accounts to the District Engineer Godavari No. 119 G.D. dated 5th August 1876.

With reference to the enclosed papers, connected with an application for gratuity, made to Government on behalf of Valechetty Venkatareddy, late Tapal lascar on the conservancy establishment of the Godavari, the undersigned has the honor to request that the District Engineer, will be good enough to furnish information on the following points

2. Whether the applicant, was employed during the entire period of his service on the permanent or temporary establishment. If on both, establishments the periods of service rendered on each should be clearly stated.

3. In the absence of records to verify, the applicants services his affidavit, supported by statements of contemporary servants should be taken agreeably to Rule 4, Section 71 of the Civil Pension Code, to prove continuous employment during the period stated to have been on the permanent establishment.

4. Whether the appointment (Tapal lascar) stated to have been held by the applicant, was sanctioned by Government.

5. Whether the applicant is known by the name of Reddiammah as it is observed from

the enclosed copies of testimonials that they were granted to a person of that name.

6. Whether any Medical Certificate of unfitness for further service was submitted by the applicant in 1872, when his services terminated. According to the information furnished on the 1st page of the application Venkatareddy was below 60 years of age when he retired in August 1872.

7. The reason assigned by the applicant for the termination of his services should be supported by the statement of contemporary servants as according to the District Engineer's letter to Government No 539 dated 29th May 1876 there is nothing on the records of the Division or District to show why the applicant's services terminated.

8. Explanation should also be furnished as to the correct date on which the applicants service terminated. In the list furnished by him the date of end of service is entered as the 18th October 1871 which agrees with the entry made against item 7 on the 1st page of the application, but according to the District Engineer's letter No 916 dated 28th June 1876 to Government, and the entry in the 2nd page of the application the date of end of service is 31st August 1872.

9. The date of application entered against item 18 of the 1st page of the application appears to be incorrect and the column how verified on the second page of the application should be completed with the required information.

10. A service Book as required by

by

by Section 69 of the Civil Pension Code should be submitted for transmission to Government.

11. The amount of gratuity is only reckoned on the rate of pay drawn by an individual immediately before retirement from service and not on the average pay drawn.

It is requested that the translations of the vernacular documents may be returned duly attested.

Sir,

With reference to the Government Memo No 119 G.D. dated 5th August last communicated with your No 1503 of 30th Idem I have the honor to state as follows –

1 The applicant V Venkatareddi was, as far as it can be ascertained from the Service list and from his own Statement, employed on permanent Establishment during the entire period of his service –

2. There is no record in this Office to verify the services of the applicant. As the latter has already presented an affidavit (together with a detailed list of services) taken before the Tahsildar of Narsapur, no other Affidavit is herewith

furnished. The applicant named 2 of the Lascars× in this Division as his contemporary Servants in order to prove his former service. Both these men state that they knew the applicant when employed as a Lascar under Lieutenant Fischer and under Mr. Bevan but they are unable to state when and for what length of time he was so employed and whether his service was during that period, continuous or not —

× A Peda Ramanna
A Chinna Ramanna

3. The applicant was a Calingula Lascar (usually called a tappal Lascar) on the Conservancy establishment of this Division sanctioned by Government —

4. The applicant is known also by the name of Reddiammah —

5. No medical certificate was produced by the applicant for unfitness of further service, when his services terminated in 1872

6. The applicant names D. Bapirazu, 3rd Accountant in this office, as a witness to support his Statement regarding the cause of the termination of his service. The latter says he is unable to give evidence in the matter, and that he only remembers that upon the applicants request, Mr Walch late Range Officer granted his post to his son, the former having expressed his inability to serve any longer owing to old age and sickness —

7. The correct date on which the applicants service ended was 31th August 1872. The dates shewn in the service list as well as on the first page of the application are incorrect —

8. The date of application as entered against the item 18 seems to be incorrect. The column "How verified" has been filled in respect to the service done in this Division.

9. A Service book, will, if necessary be prepared, if the service lists which accompanied the Affidavit be returned. It has not been received with the other papers.

10. The amount of gratuity has been altered as requested —

11. The English translation of the Affidavit is

In returning the enclosed papers connected with the application for gratuity submitted on behalf of V. 2. As it is now stated that the correct date of the applicant's end of service was the 31st August 1872 it is not understood ~~the~~ under what circumstances the applicant submitted the petition to Lieutt. Col. Fischer in May 1872 referred to in the letter from the District Engineer to Government No 2781, dated 14 December 1875.

3. It should be ascertained whether any order was issued to the individual appointed in the applicant's place in 1872 and

4. It should further be ascertained from the applicant whether he was employed on the permanent or temporary Establishment throughout his service as no information on this point is given in his affidavit.

SIR,

In resubmitting the papers connected with the application for gratuity on behalf of V. Venkatareddy late tappal lascar returned with your Memorandum No. 151 G.D of the 14th August 1877, I have the honor to furnish you with information on each of the queries as follows:–

in the Ellore Division; wherein he was employed from 1863 as no copies of Acquittance Rolls were kept in that Division Office, but the Division Officer states that from the merit Book, it appears that Venkatareddi was serving as a Range lascar from 1st July 1863 to 31st July 1868 and as Delta lascar from 1st August 1868 to June 1870-

The applicant's services for the period from 1 June 1851 to 30 April 1856 cannot be verified from either the records of this Office or from those of the Accountant General Madras who states in his No 4360 dated 11 July 1877 that in the annual returns of 1852 & 1853, the appointment of lascars on Rs 6 each and not the names of incumbents appear under Lieutt J. T. Ficker actt, Civil Engineer Godavery District. In the returns of 1 May 1854 the name of Supervisor G. M. Beavan is not traceable, and in those of 1855 & 1856 the appointment of lascars is not to be found under that officer whose name is traceable in them as an Assist Overseer only. Owing to the omission of names of persons in inferior grades in the Audit Registers on record in this office, the name of the applicant is not traceable. They also show that no lascars had been employed from 1st May to 31st October 1856. From 1st November 1856 to 30th November 1858, the appointment of lascars on Rs 6 each appear to have been employed under Mr. Beavan. From 1st to 31st Dec. 1858, the Establishment appears to have been discontinued owing to the transfer of Sub Conductor Bevan to Vizagapatam. The appointment of lascar from January 1859 to 31st August 1872 appears throughout in the Registers. An affidavit with statements of contemporary servants in support of the applicant's continuous employment during the whole period of his service has been obtained and is herewith forwarded.

The cause of termination of appointment is not definitely stated but from the statement of Baperazu, 3rd accountant of Godaveri District Engineer's Office, it will be seen that the applicant retired from his appointment and placed his son in his room as he was too old for the post.

As the applicant did not produce a Medical certificate of unfitness at the time of his retirement he was asked to produce one, bearing a latter date as prescribed in Rule 2 Section 75 of the Civil Pension Code.
