FROM

J. H. GARSTIN, Esq., C.S.I.,

Acting Secretary to the Government of Fort St. George,

TO

THE SECRETARY TO THE GOVERNMENT OF INDIA,

DEPARTMENT OF REVENUE, AGRICULTURE, AND COMMERCE.

SIR,

I am directed to submit, for the favorable consideration of the Governor-General in Council, the accompanying application for the grant of an invalid gratuity to Mr. J. E. Draper, late Head Surveyor, No. 5, Revenue Survey Party.

2. The applicant, who was in receipt of a salary of Rupees 80 per mensem, was invalided in September last after a total service of ten years, six months, and twenty-four days, of which one year, one month, and fourteen days were passed in inferior grades, and two years, two months, and twenty-nine days before twenty-two years of age. His qualifying superior service was further reduced by various periods of sick leave, and amounted on his retirement to only four years, five months, and four days, for which he would ordinarily have been entitled to a gratuity of Rupees 320.

3. Ten days after he was invalided Mr. Draper died, and the Deputy Superintendent, No. 5 Survey Party, reports that the Medical Officer at the time informed him verbally that there was no prospect of the applicant living long.

4. As Mr. Draper had thus "clearly not the normal prospects of life," he should, under Section 95, Rule 5, Civil Pension Code, have been granted in lieu of a gratuity a pension of only Rupees 2-8-6 which might now be paid in arrears to his widow for the ten days he lived after being invalided.

5. The medical certificate shows that the applicant's ill-health and break down at the early age of twenty-nine years were due to a complication of various diseases, "the result of his having been exposed to the influences of the very feverish and unhealthy climate of the Malayalam and Chandragiri Hills." It may thus be said that he met death in the performance of a public duty, and the strict operation in this instance of Rule 5, Section 95, Civil Pension Code, would, in the opinion of His Grace the Governor in Council, work serious hardship.

6. I am, therefore, to state that this Government would recommend the case of Mr. Draper being specially considered so that the gratuity (Rupees 320) that would ordinarily be admissible may be passed to his widow.

I have the honor to be,

Sir,

Your most obedient servant,

OOTACAMUND,

21st May 1879.

Acting Secretary to Government.

From the Superintendent, Madras Survey, to the Officiating Accountant-General, dated Madras, 16th September 1878, No. 3270-170.

I have the honor to forward, for submission to Government, an application for invalid gratuity on behalf of Mr. J. E. Draper, lately a Head Surveyor, No. 5, Revenue Survey Party. The service book of the applicant with the medical certificate accompanies the application.

ENCLOSURE No. 1.

Certified that I have carefully examined Mr. James Edwin Draper, son of James Draper, a Head Surveyor in No. 5, Revenue Survey Party, Saint Thomas' Mount. His age is by his own statement twenty-nine years, and by appearance about the same. I consider Mr. James Edwin Draper to be completely and permanently incapacitated for further service of any kind in the department to which he belongs in consequence of fever, heart disease, Bright's disease and general breaking up of his system, the result of his having been exposed to the influences of the very feverish and unhealthy climate of the Malayalam and Chandragiri Hills.

2. His incapacity does not appear to me to have been caused by irregular or intemperate habits.

SAINT THOMAS' MOUNT,
12th September 1878.

(Signed) H. ROSS, M.D., Surgeon-Major,

From the Officiating Deputy Accountant-General, to the Superintendent, Madras Survey, dated Fort St. George, 5th November 1878, No. A.D.K.—128.

Audit Department.

Vide your application for gratuity on behalf of J. E. Draper, late Head Surveyor, No. 5, Revenue Survey Party.

The undersigned has the honor to inquire with reference to the medical certificate forwarded in support of the above, declaring the applicant as unfit for further service when he was only twenty-nine years of age, whether the Medical Officer considered him as possessing no normal prospects of life, and if so, whether he reported it confidentially to the Superintendent or his Deputy as required by Rule 5, under Section 95 of the Civil Pension Code. If the Medical Officer had done so, the Superintendent will state why the applicant has been recommended for gratuity in lieu of pension which is supposed to be less expensive to the State.

2. Please state why the applicant's leave on medical certificate, granted to him in October 1875, is shown in the Register of application as having terminated on the 4th, instead of on the 5th March 1876, when he appears to have returned to duty on the 6th idem as is proved by the records in this office.

Memorandum of the 5th November 1878, No. A.D.K.—128.

Has the honor to return the memorandum and to append copy of a letter* from the Deputy Superintendent, No. 5, Revenue Survey, affording the information called for in connection with the application for gratuity on behalf of late Head Surveyor Draper who died on the 21st September 1878. He has left a will bequeathing everything to his wife, Sarah Oliva Draper, and to his daughter Gorgianna Oliva Draper.

ENCLOSURE No. 1.

From W. BEAUMONT, Esq., Deputy Superintendent, No. 5, Revenue Survey, to the Superintendent, Madras Survey, dated Saint Thomas' Mount, 12th November 1878, No. 3737—1051.

With reference to your docket, No. 3872—594, of 8th instant, giving cover to a memorandum from the Deputy Accountant-General, I have the honor to state that, prior to the application for gratuity being submitted for late Head Surveyor Mr. Draper, the Civil Surgeon of this station did inform me verbally that there was no prospect of his living long. Ten days after he was pronounced unfit for service by the Medical Officer he died.

2. I have no confidential report in writing from the Surgeon, and he not having sent me one, by an oversight, I omitted to obtain it.

3. As this Surveyor contracted his sickness when surveying in a very unhealthy locality, the Javady Hills, I beg respectfully to request that Government may be moved to pass the gratuity recommended. He has left a widow with an infant in poor circumstances.

4. His leave on medical certificate was granted up to 4th March 1876 inclusive, and which expired on the 5th, but as this was Sunday, he did not report his return to duty until the forenoon of Monday the 6th.

Vide your application for gratuity on behalf of J. E. Draper, late Head Surveyor, No. 5, Revenue Survey Party.

The undersigned has the honor to request that the Superintendent, Madras Survey, will be good enough to require the Deputy Superintendent, No. 5 Party, to obtain even now a confidential report from the Civil Surgeon, St. Thomas' Mount, as to whether, when he declared the applicant unfit for further service, he considered that he had clearly not the normal prospects of life; and to forward the same to this office for submission to Government.

Memorandum of the 26th November 1878, No. A.D.K.—141.

While enclosing the further correspondence noted in the margin, relating to late Head Surveyor Mr. Draper of No. 5 Party, has the honor to support the recommendation of the Deputy Superintendent for the grant of gratuity in lieu of pension.

Copy of a docket of the 4th December 1878, No. 4055—1118, original confidential report.

ENCLOSURE No. 1.

From W. BEAUMONT, Esq., Deputy Superintendent, No. 5, Revenue Survey, to the Superintendent, Madras Survey, dated St. Thomas' Mount, 4th December 1878, No. 4055—1180.

With reference to your docket, No. 4068-642, of the 28th ultimo, forwarding a memorandum from the Accountant-General, I have the honor to enclose the confidential report called for, and I beg again respectfully to urge that Government may be moved, in the case of late Head Surveyor Mr. Draper, to pass the gratuity applied for instead of the pension, in consideration of his having contracted his illness when on duty in that deadly feverish locality the Javady Hills, and of his family left destitute.

No. 99.

With reference to your letter, No. 4016-980, dated 30th November 1878, and the documents accompanying it, I hereby certify that at the date, viz., 12th September 1878, upon which I

granted certificate, No. 73, dated 12th September 1878, regarding Mr. James Edwin Draper, Head Surveyor, No. 5, Revenue Survey Party at St. Thomas' Mount, he was in a bad state of health, the result of fever, heart disease, Bright's disease, and general breaking up of the system. I was of opinion of course that he had not the same chances of a prolonged life as if he had had none of these diseases. He was twenty-nine years of age, and being so seriously diseased, he had not, in my opinion, the normal prospects of life. I could not tell however that his life might not have been prolonged for some time, even for years; for in the case furnished to him by the Civil Surgeon of Vellore in 1876 he is described as suffering from the same symptoms as those of which he died, and from which symptoms he recovered at least to such an extent as to be able to return to duty on the 9th November 1877. I saw him on the 9th November 1877, and I expressed my opinion as to the duty he was fit for in a demi-official letter to his superior bearing that date. I do not hesitate to express it as my opinion that the diseased state of which he died resulted from the nature of his duties and from his residence on the extremely feverish Javady, Chandragiri, and Malayalum Hills. Had he never been sent to these hills I believe he would in all probability be living yet.

Certificate and Report of Accountant-General.

Certified that qualifying service in superior grades has been duly proved for four years, five months, and four days; and that an invalid gratuity not exceeding Rupees 320, equal to four months' pay, would have been admissible under Section 59 (a) of the Civil Pension Code (the calculations have been duly verified) if he had had the normal prospects of life when application was made. He appears to have died ten days after date of application, and it is quite clear, though this was not in the first instance specially brought to notice as it should have been, that he had not the normal prospects of life. This will be seen from the report of the Medical Officer, dated the 4th instant, transmitted herewith. Although in this report Dr. Ross says, "He could not tell however that his life might not have been prolonged for some time even for years," he appears to have told the Deputy Superintendent verbally "that there was no prospect of his living long" (see Mr. Beaumont's letter, No. 3737—1051, dated the 12th of November). The wording of the original certificate too is quite sufficient to show that the prospects of life were not normal. In these circumstances as the gratuity would yield in commutation a pension of more than Rupees 2 per mensem, the party should have been recommended for a pension instead of for a gratuity.

2. The recommendation is apparently now based on the extreme unhealthiness of the locality in which the applicant served. There is no authority however in the Code for taking such circumstances into consideration.

3. A pension, at the rate of Rupees 2-3-6 per month, for the ten days which intervened between the date of application and date of death is all that can be admitted.

DEPARTMENT OF
Sir, Agriculture & Commerce.

I am directed to submit for the favorable consideration of the Governor General in Council the accompanying application for the grant of an invalid gratuity to Mr. J. E. Draper late Head Surveyor No. 5 Revenue Survey Party. The Applicant who was in receipt of a salary of \$80 per month, was invalided in September last after a total service of 10 - 6 - 24²⁴ days of which

which ^{7-11 & 14} ^{7-11 & 14} were
passed in inferior
grades and ^{7-11 & 14} ^{7-11 & 14} before 22 years of age
his qualifying superior
service was further re-
duced, by various
periods of sick leave
and amounted to
his retirement to only
4 years 5 months & 4 days,
for which he would
ordinarily have been
entitled to a gratuity
of \$20.

3. Ten days after
he was invalided Mr.
Draper died, and the
Deputy Superintendent
N. S. Survey party
reports, that the me-
dical officer at the
time informed him
verbally that there

was

was no prospect of the
applicant living long.
4. As Mr. Draper
had thus "clearly not
the normal prospect
of life" he should
under Section 95 Rule
5 Civil Pension Code
have been granted
in lieu of a gratuity
a pension of only
\$2.36 and which
might now be paid
in arrears to his widow
for the ten days he
lived after being
invalided.

5. The medical
certificate shows that
the applicant's ill health
and break down at
the early age of 29 years
were due to a compli-
cation of various diseases

the

the result of his having
been exposed to the
influences of the very
feverish and unhealthy
climate of the Mala-
yalam and Chandra-
giri Hills. It may
thus be said that he
met death in the per-
formance of a public
duty and the strict
operation in this
instance of Rule 5
Section 95 Civil Prison
Code would in the
opinion of His Grace
the Governor in Council
work serious hardship.
I am therefore
to state that His
Grace would recom-
mend the case of
Mr. Draper being
specially considered
So

so that the gratuity
that would ordinarily
be admissible may
be passed to his widow

Amount Rs. 300
is sent to the
Govt. of the Madras
Presidency
for the purpose of
paying the gratuity
to the widow of
Mr. Draper
