-ficate.

I have the honor to forward
for submission in due course for the
orders of Government the accom-
panying application for invalid
pension for S. Venkasa Rao, Super-
intendent of the Calpott Rock, a member
of the Conservancy Establishment of this
Division.

2. This man has a service of 29 years
and 1 month, his service Book does
not show any thing against his past
conduct, but lately he sold without
authority at a low price some tank
grass belonging to this Department
and made a false report that the
grass was cut without authority by
the purchaser. Considering however
his long service, the difference
between the amount of sale and
the value of the grass, as estimated
by the Sub Divisional officer, has

been recovered from the Superintendent
allowing him at the same time to
resign from the service.

3. I take this opportunity of re-
questing to be informed under what
Class the Conservancy Establishment
comes, whether under Lower Subordinate
or Petty Establishment, and whether
on the occurrence of vacancies in
these classes I am appoint duly
qualified persons and report the
same for your approval, or whether
your previous approval to the
appointment should be obtained
in each case. vide para 10 Section II

2. Enclosures. Sir,

1. Application.
1. Service Book.

In resubmitting the Pension Application and Service Book of T. Venkata Row, late Superintendent of the Loutpet Lock, which accompanied your No. 1028 of 26th February 1879, I have the honor to state that the Service of the Applicant from 1st October 1856 to 30th April 1857 (a portion of his service in the Revenue Department) has been verified from a statement furnished by the Collector of South Arcot, as noted in Column 8 page 2 of the Service Book. His services from 1st August 1857 to 30th June 1862, and from 1st May 1862 to 28th February 1868, have been verified not only from copies of Audited Pay Abstracts, but also from the annual returns, such as detailed statements (from D) of Establishment &c; and

the Service from 1st July 1862 to 30th April 1863 from the accounts of the late District Engineer's office. There appears no doubt as to the correctness of the Service of the late Superintendent as shown in his Service Book.

2. It is however observed that the pay of the Conservancy Establishment of this District was invariably disbursed on duly audited Bills, with the exception of the pay for the year 1862-63, in which this Establishment was as required, in the Standing Circular No. LXXX of 24th February 1862, para 3, and Miscellaneous Circular No. XLIV of 28th April 1863, para 3, of the Chief Engineer, Department of Public Works, paid by Range Officers, under orders of the District Engineer and charged to the Budget provision under Maintenance of Boats, Ferries, Bridges, Locks &c. In fact the amounts drawn on Bills audited by the Civil Pay Master for the months of April, May and June 1862, were also subsequently refunded into the Treasury, charging the same to the said Budget provision. The pay thus

disbursed was, each month from July 1862, shown in the District Engineer's accounts against the said head, and a Bill submitted to the Controller for the total after the close of the year. From 1863-64 the Establishment has, as ever before, been paid on Audited Bills from provision under Establishment; but the specific authority under which the system has been revived is not forthcoming in the records of this or of the late District Officer.

3. Column 11 on first page of the Service Book is now signed by me; it was considered that this was not necessary as that column has been already signed by a former Divisional Officer.

I have &c &c
