Sir
In reply to your letter No 178 of the 27th November last I regret I am unable to give you any informatio relative to the past services of Bangaru 9 Yerkiah.

I have searched through all available records, and have been unable to find any thing about this man. It appears that a number of old records were destroyed in Septr 1872, and amongst other things the old vaccination returns &c.

Sir

In obedience to instructions given to me personally on your last inspection, I beg to state that I have requested the different Collectors and Zillah Surgeons of the Vizagapatam and Godavery Districts to furnish me with a statement showing the past services of the 1st Class Vaccinators B. Yerkiah No 15 and Ramachendruder No 52 and L. [illegible] 2nd Class Vaccinators S. Subbarayadu No 25 and P. Gopaluder No 72. The 1st named Vaccinator served in the Vizagapatam District and the other 3 in the Godavery.

II Regarding the 1st Class Vaccinator B. Yerkiah No 15 the Dy Collector Vizagapatam in his letter states that B. Yerkiah's name appears as 2nd Class Vaccinator on Rs 10-0-0 in the Annual Establishment Lists from 1st November 1856 to 31st March 1864 when the Vaccine Department was transferred to the Zillah Surgeon and that an application may be made to that Officer for further particulars regarding the services of the Vaccinator. Accordingly I referred the subject to the Zillah Surgeon of Vizagapatam who in reply states in

Copy enclosed

to the President of my Co[illegible]e and as this Officer
expressed

in his letter that he is unable to give any information relative to the past services of the Vaccinator as the old records including the Vaccine Returns of the dispensary were destroyed. In the Nominal Rolls prepared by my predecessors it is stated that the date of his appointment as 3rd Class Vaccinator under old rule was 2nd March 1852, accordingly I prepared his Register long ago. The information regarding his promotion to 2nd Class on the 1st January 1858 has been given me by the Vaccinator himself but he possesses no Hukumnama to prove the date he gives. The Dy Collector of Vizagapatam states that this Vaccinator's name appears in the Annual Establishment Lists as 2nd Class Vaccinator from 1st November 1856 but the Vaccinator informs me that he was promoted to 2nd Class on the 1st January 1858. The difference between the two dates is 1 year and 2 months.

Sir

With reference to your Memo No 91 dated 15th ultimo and to para 1 of the Deputy Accountant General's letter herewith returned, I beg to state that the question whether the 1st Class Vaccinator B. Yerriah's pension was to be paid from the Local Funds or from that of the Provincial, having been under correspondence between you and the President of the Local Fund Board, Cocanada Circle until I finally received from your Office a blank pension application form for the Vaccinator—

2. As you said in reply to my letter No 214 dated 25th February last asking whether this Vaccinator was to continue in service until his pension was sanctioned, that I should refer the question to the President of my Circle and as this Officer expressed

expressed his opinion that his Board were not bound to pay pension to this Vaccinator under Section 32 of the Pension Code —

(C) And as I could not aſsume myself the sole responsability of dispensing with his services before I receive instructions to do so from a competent authority, I was obliged to retain him in service until the 14th September last, on which date his pension application was submitted to your Office.

II With reference to para II I beg to state that a question arose in 1873 regarding the verification of this Vaccinator's past services in the Department prior to the 14th June 1865 in the Vizagapatam District when I had to show his service in the Register Book. I then personally consulted Dr Shortt, late Inspector of Vaccination on the subject and under his orders wrote both to the Collector and the Civil Surgeon, Vizagapatam under whom the Vaccinator served before the Department was reorganized for the verification of the Vaccinator's Service prior to 14th June 1865 and their replies on the matter are herein

enclosed

enclosed in original for your information. As the verification of his services prior to the period above stated was not very satisfactory, I had to take an Affidavit for the same from the Vaccinator before the Magistrate of Rajahmundry which was attached to the Vaccinator's pension application already submitted to your Office. I have also herein enclosed, copies correspondence between me and Dr Shortt regarding this very subject in 1873.

III In reply to para III I beg to state that as I was obliged to take the same age that was mentioned of the Vaccinator by my predecessors in the old records, I calculated upon the same and put down in his Service Book which was opened in 1873 that the date of his birth was 21st August 1830. The Vaccinator I believe must have given an incorrect information regarding his age when the Department was reorganized in 1865 fearing that he would be thrown out of employment if he were to give his exact age, it being very much above the required one for the Staff they then wanted for the hard services of itinerating through 3 Districts annually and

as

as he stated the authorities took it to be a correct one – the systematical way of keeping the Vaccinators' Registers not having been then (I mean before the reorganization) in use. But as the District Surgeon Rajahmundry certified that the Vaccinator was of 60 years of age and as I have had many opportunities of seeing the man constantly, and thereby thoroughly understanding the worn-out state of his constitution that he might be more than that, I have, as my opinion, stated in the pension application that he is above 60 years of age.

IV In reply to para IV, I have recommended the man for half pension from the local information I gathered as I have no special rules to go by in such cases, and should you find it not consistent with the existing rules, I solicit that it may be decided by you as you may think proper.

V The necessary information, as regards the leave obtained by the Vaccinator in the Department during his service, is entered in the Service book in red ink as required by the Deputy Accountant
