Sir

I have the honor to respectfully draw your attention to the deception practised by Salt Superintendent Pamari Namasevaya on the occasion of your last visit to Tada.

2. From his report to me it appears he, in accordance with your orders, measured a maund of Salt by the seer measure that he struck the measure instead of heaping it and that it appeared to you a maund of the salt weighed from the machine contained in bulk 43 seers.

3. I had before your visit called upon him to explain why the Pamari people passed by Sunnapugunta to come to his

his stores of Salt, and he was doubtless prepared for the enquiries you made into the matter. His explanation is that the purchasers did not come personally from Ponneri for the Salt, that as they could not beget bandies to go to Sunnapagunta on account of the heavy sand that lies part of the way they engaged them to go to Tada, and that the Ponneri and other traders to the South of Sunnapagunta had been frequenting the Tada stores since the time of Venkatarangum Naidu and Polur Runga Row. During the time of the former the cholera prevailed at Sunnapagunta and scared away the traders and it is quite evident from the accounts of the outturn of heaps during the time of the latter that irregularities did prevail. He failed to realize the results obtained by the Deputy Collector when he examined one or two heaps and has not improved since his transfer to Kannuparti. His conduct is under investigation at present.

4. Namasivaya knows as well as any native in this District, having

spent

spent much of his time in the service in Ongole and Kannuparti, that the seer is never struck in this District at least. The Sub Magistrate of Polur reports that in his Division the seer is never struck. His explanation that he struck the seer because the marcal is always struck in measuring, is as absurd, if not false, as his conduct in the first instance was deceitful. He adds that a heaped seer of Salt weighed 84 Rupees and a half heaped one 80 Rupees but he has for obvious reasons refrained from reporting the weight of a struck seer of salt.

5. It is quite evident that the Salt of Tada is heavy, heavier far than the salt of Sunnapagunta, for the simple reason that the former is made from well water and the latter from pure sea water and that there must be some illicit reason, other than the state of the road to Sunnapagunta for the merchants of Ponneri sending hired bandies be it remembered, all the way to Tada and as the conduct of the Superintendent in trying to deceive you into the belief

that

that this diversion in the trade was owing to the Salt of Tada being lighter is disgraceful in the extreme. I would suggest for your consideration whether it would be necessary to punish him by transferring him to Sunnapagunta on reduced pay in lieu of Pillarsetty Kodundaramaya to be promoted to Tada. He was on similar grounds transferred from Kanumparti to Tada, but to no profit. He will be in addition severely warned that a repetition of such conduct will necessitate his dismissal from the service.

6. It is unnecessary, that I should here explain why I have not recommended the transfer to Dugarazupatam, as it must have appeared to you that Naso Narsinga Row is too old to attend to the active sales of Tada.

Sir,

In reply to your letter No: 233 dated 19th October 1867, I have the honour to inform you that I called on Ponneri Namasivoy Mudaly for an explanation as to his conduct which is not satisfactory. There is the strongest suspicion resting upon him that he has been guilty of fraudulent practices at Tada and his relations to that neighbourhood renders it desirable that he should be removed to another station.— I therefore accede to your proposal that Ponnery Namasivoy Mudaly Salt Superintendent of Tada and Pillarsetty Kondandaramaya Salt Superintendent of

Sir,

Adverting to your Proceedings dated 21st December 1878 No: A 2208 returning the application for pension and the Servic Register of Ponnari Ramasivoy Nindaly late Salt Superintendent of Padarti Divisio for amendment, I have the honour to state that the alterations &c noted in pencil in the pages of history of the Service Book, have been duly made except in two places viz, first, from 27th February to 18th April 1843 will be (1) one month and 21 days only and not 23 days as pointed out, and 2nd from 6th July to 20th October 1878 is 3 months and 16 days only and not 15 days.— Hence the total service entered under the head of inferior will be $\overset{R-A-P}{9-6-3}$ as entered before.—

2. As for reduction of salary of the applicant from 60 to 50 I beg to state that it will be seen from copies of English correspondence (herein enclosed)+ that the transfer of Namasivoy Mudaly from Tada to Sunnapagunta is caused on a complaint brought against him for issuing more Salt to the traders who resorted to Tada station from Ponneri &c places.—

THIS is to certify that I have carefully examined Ponneri Ramasawmy Moduli, Salt Superintendent of Podarti, son of Ponneri Sengappah Modali

His age is by his own statement 57 years and by appearance about 60 years I consider Ponneri Ramasawmy Modali to be completely and permanently incapacitated for further service of any kind in the Department to which he belongs, in consequence of General Debility & Cataract

His incapacity does not appear to have been caused by irregular or intemperate habits. He has not been under general Medical treatment. ~~Treated with~~

He showed much energy in getting ditchs dug all round the Summa infunta pans & has produced at Dugarazpatam salt of good description.

Ponneri Namasivaya Motali asks me for my opinion about him as I am about to proceed to Europe. I have seen him several times tho' he has not been under me. according to repute he is a very respectable man & as far as I have seen, he is very intelligent. I had selected him for employment in the Revenue Branch in the Sub Division as a few Tamil men of respectability are much wanted there; but unfortunately I had no opportunity during my stay of promoting him

On the occasion of my transfer to another appointment Ponnari Namasivaya Mudali has asked me to record my opinion of him. After the many high characters he has received as shown in this book it seems almost superfluous for me to add anything further than that I quite concur in those opinions, and I have always found him during my ten years tenure of office as Salt Deputy Collector to be thoroughly hardworking and reliable.
