Pension.

Read the following papers :—

From the District Engineer, Godavari, dated 12th February 1876, No. 3338.
From the Examiner of Public Works Accounts, dated 25th April 1879, Nos. 3 and 24-P.
From the Officiating Assistant Accountant-General, dated 12th May 1879, No. A.D.J.-133.

ORDER THEREON, 3rd July 1879, No. 366.

Application is made for the grant of a compensation gratuity to Veraganuri Rungiah, who lost his appointment of Channel Superintendent in the Godavari District when, on a revision of establishment, that office was abolished on the 31st July 1868, and was subsequently employed on temporary establishments until the 31st August 1875.

2. According to his own statement and those of his contemporary employés the applicant entered the service of Government in April 1847 as a Maistry on the Godavari Anicut Works and served continuously until the abolition of his appointment. His early service cannot be verified from any official records, but from an original order produced by him it is established that he was a Maistry in January 1851.

3. In March 1852 he was transferred by order of the Collector of the district to the Maramut Department and employed as an extra Maistry. On this account this service is treated as temporary by the Account Department, but it is clear from various orders relating to V. Rungiah which exist among the Collector's records that he was retained when others were discharged and continuously employed until, with the sanction of the Government of India, his appointment became permanent.

4. Under these circumstances His Grace the Governor in Council is pleased, under Rule 1, Section 27, Civil Pension Code, 4th Edition, to admit this service as qualifying for pension, and, in lieu of the gratuity recommended, to grant to V. Rungiah for his qualifying superior service of not less than fifteen years a pension of Rupees 4 per mensem—equal to one-third of his average emoluments—payable from 1st September 1875.

In the pay abstracts of 1852 & 1853, the name of Veragancoory Rangiah is not to be found. In the pay abstract of January 1854 It was stated that the individual was appointed as Maistry on Rs 15 in the Maramut Department from the 27th Idem and his name was entered in the pay abstracts up to May 1855. From June 1855, somehow his name ceased to appear.

A portion of the Maramut Establishment was permanent and the other was temporary. The name of Rangiah having been found in the annual Return prepared up to 30th April 1855, he must be considered to have been on the permanent Establishment as a permanent maistry.

2 It cannot be ascertained why the Maramut Establishment was not entered in the annual Returns of 1852 & 1853

3- There is no evidence to shew that Rangiah obtained any leave other than casual.

4- It is not possible to state on what date and why, Rangiah's services were dispensed with.

5- In the pay abstracts of January, February and March 1854, the applicant's name was entered as Iravallury Rangiah

Sir,

In reply to your letter of the 24th June 1876 No. 70 G. D., I have the honor to inform you, that there are no records in my office to verify the services of I. Rangiah. From some orders issued in course of ordinary business to Tahasildars it would appear that Rangiah was employed as an Extra Maistry on 15 Rs. between 12th July 1852 & April 1853. It is clear however that he was on a temporary establishment & his pay was paid from the cost of works on which he was employed.—

All the Huzur Pay abstracts from March 1852 to December 1853 were examined as referred to in the Service Register of Viragamuri Rangayah which accompanied the memo dated 11th Instant from the Shirastadar. In these abstracts the Marammut Establishment both permanent and temporary were entered. the name of Viragamuri Rangaya did not appear in permanent or temporary establishments. In the order dated 18th March 1852 issued by Mr. Prendergast to which reference was made in Rangayas Service Register, it was mentioned that Rangaya was appointed as extra maistry to have Sluices built and canals dug in the Bickavole Talug in that year, and to work under the orders of Marammut Superintendent. as this mans name did not appear in the Huzur Pay abstracts, and as it appeared from the above order that he was appointed to superintend works in the Bickavole Talug I examined all Bickavole

Talug Pay abstracts, but could not find this man's name in them. I could not find any order to the Bickavole Tahasildar regarding Rangaya's appointment. a copy of an order dated 4th February/52 to the Bickavole Tahasildar ordering him to send a Statement shewing the amount paid out of sanctioned funds for canal works to extra establishment appointed to superintend works was found. I examined the entry book of orders to Bickavole Tahasildar with a hope of finding some order similar to the above regarding the appointment of Rangaya, I did find no order of the kind. but found some orders from which it appears that Rangaya was an extra Maistry. I have prepared a memo of extracts from all orders which concern Rangaya's appointment attached to this. In the order No 193 dated 13th November 1852 mentioned in this memo it appears that Rangaya's pay was Rs 15 and was to be charged to Canal works-

as

as no pay abstracts for his pay were forthcoming — it is supposed that this man's pay was included in the receipt and expenditure Statement of that Talug no such statements were found in the records: No records were forthcoming to shew from what to what date this man was employed as extra Maistry. I have gone though the entry book of orders to Maramut Superintendent with a hope of finding some orders about this man's appointment but I found no order-

With reference to your Memorandum No. 71 G.D. of 24th June 1876, I have the honor to state with reference to para 1, that the services of V. Rungiah for the periods shown in the margin cannot be verified from Official records, as the records, of the Central Delta Division in which he was employed, were burnt in 1873. His affidavit taken before the 2nd class Magistrate at Rajahmundry and 3 Letters of contemporary evidence with English translations are herewith forwarded.

2. The entry "December 1855" in the History of service on the 2d page of the application was made on the applicants own statement; but it

appears from the enclosed extract from the Annual Return of 1st May 1860, that the date of applicant's appointment as channel Superintendent was in October 1857 and prior to that date, he may have been employed as Maramut Maistry, as you state that his name appears so in the Annual Return of 1st May 1856.

3. The applicant states that he has never been known as Tiruvalluri Rungiah.

4. The title channel Superintendent was abolished when the general revision of the Conservancy Establishment was sanctioned in G.O. No. 1525 dated 13th May 1868. The claim for an invalid pension is now made, as the applicant's services were dispensed with from 1st September 1875 on account of old age, as he was more than 60 years old, but a claim for compensation pension may be more correct.

5. The applicant made no claim for pension at the time of the abolition of his appointment as channel Superintendent in 1868, as he was immediately provided with an appointment of equal salary though a temporary one; hence no application was then submitted.

Copy of Memo No. 33. G. D. dated 4th May 1877. from the Examiner P.W. Accounts Madras to the District Engineer, Godavari.

The undersigned has the honor to return the affidavit of Varaganury Rungiah and the papers connected with his pension application, and to point out that the affidavit given by the applicant simply shows the appointment held by the applicant and no reference is made to the nature (whether permanent or temporary) of the Establishment on which he was employed. It is requested therefore that the applicant may be called upon to state in his affidavit distinctly the nature of the Establishment on which he was employed during the several periods of his service.

2. It should further be ascertained from the applicant under what circumstances

he has represented that he was employed as Channel Superintendent on a salary of Rs. 12 per mensem from 16th December 1855, while according to the extract from the Return of Uncovenanted Servants in the Public Works Department on the 1 May 1860 he appears to have been appointed Channel Superintendent only in October 1857.

3. In the absence of complete information regarding the applicant's services, this office is unable to forward his papers for the orders of Government.

4. The statements of contemporary servants do not show the nature of Establishment on which the applicant was employed; it should be ascertained from them, if possible upto what date the Maramut Maistry's appointment existed under the Civil Engineers.

of the statement the applicant submitted the original document marked A from which it is observed that the Maramut Establishment on which the applicant was employed, was transferred from the Revenue Department under the orders of the Civil Engineers from June 1855. No information can be obtained from the District Engineer, Godavari as to the period from and to which the Maramut Establishment continued to be employed under the Civil Engineers. In the annual Return of 1st May 1856 on record in the Accountant General's Office, Madras the applicants name appears as Maramut Maistry on Rs 15 per mensem and the Extract from the Return of Uncovenanted Servants in the Public Works Deptt. on 1st May 1860 shows that the applicant was appointed as Channel Suptt. on the Conservansary Establishment on Rs 12 per mensem in October 1857. For this discrepancy the applicant explains that he was employed as Maramut Maistry only up to December 1855 when he was appointed as Channel Suptt. but was employed on works such as the Repairs and Building of Sluices to the Thooliabhage Channel and in the Coringa Light House till October 1857 with a lien on the latter appointment and that the actual date of his joining his appointment is shewn in the Return as the date of appointt. Although several references were made to District Engineer Godavari on the subject, no definite information can be obtained as he states that the records have been destroyed. As further correspondence on the matter would delay the applicant's papers, the period from June 1855 to April 1856 has been classed as qualifying on the affidavit and statement of the applicant.

5. The applicant's services for the periods noted in the margin have been verified from the Audit Registers of this office.

1 May 1858 to 30 April 1859
1 May 1860 to 30 April 1861
1 April 1863 to 31 March 1864
1 April 1865 to 31 July 1868

His services for the periods noted below cannot be verified from the Registers of this office lump sums without details having been shown in them to have been passed.

From 1st May 1856 to 30 April 1858.
" 1st May 1859 to 30 April 1860.
" 1st May 1861 to 31 March 1863
" 1st April 1864 to 31 March 1865.

6. The District Engineer, Godavari states that the applicants services for the above period cannot be verified as the records of the Central Delta Division in which the applicant was employed were burnt. The periods have however been classed as qualifying on the applicant's affidavit and statements of contemporary servants.

7. The applicant's appointment as Channel Superintendent was abolished on the general revision of the conservansary Establishment and no claim to gratuity was then made as the applicant was immediately provided with an appointment on equal pay on a temporary Establishment. The applicant was employed on temporary Establishments from August 1868 to August 1875 and his services for this period are therefore shewn as non qualifying.

The Applicants services from April 1847 to 17th March 1852 as Maistry on the Godavari Anicut on Rs. 15 per mensem cannot be verified from the District Engineers records or from those of the Acctt General, Madras. The applicant states in his affidavit that the Superiors under whom he served told him that the Anicut Establishment on which he was employed was permanent but there are no records to support his statement. Even if his services for the above period were verified and proved to be qualifying they would not count for pension since the applicant was subsequently (i.e.) from 18th March 1852 to 26th January 1854) employed on a temporary Establishment without retaining a lien on substantive appointt; and hence the period in question has been classed as non qualifying.

2. As regards the applicants services as Maramut Maistry on Rs 15 per mensem from 18th March 1852 to 26th January 1854, the Collector of Godavari states that the applicants name does not appear in the pay abstracts of the Maramut Establishment for 1852 and that from certain orders issued to Tahsildars, the applicant appears to have been employed as extra or temporary Maistry on Rs 15 per mensem between 12th July 1852 and April 1853, his pay being paid from the cost of works on which he was employed. This period has therefore been classed as non-qualifying.

3. The applicants services from 27th January 1854 to 31st May 1855 have been verified from the records of the Collectors office Godavari. The Collector states in his No 125 dated 8th May 1876 to the Accountant General, Madras (accompanying) that the applicants name appears as Tiravallury Rungiah in the Pay abstracts from January to March 1854 but the applicant explains that his name is Veraganoory Rungiah and was never known as Tiravallury Rungiah. This may possibly be a clerical error in the pay abstract.

4. The applicants services from 1st June 1855 to 30th April 1856 cannot be verified from the records of the Accountant General, Madras or from those of the Collector of Godavari and District Engineer Godavari. During the above period the applicant states that he was employed as ~~permanent~~ Maramut Maistry on Rs. 15/- per mensem from June 1855 to December 1855 in the P.W. Departt. and as Channel Supt on Rs 12 per mensem on the conservancy Establishment from December ~~1855~~ 1855. In support of

From the Distr. Engr. Godavari dated 12 February 1876 No 3338.

From the Examiner, Public Works Accounts dated 25th April 1879, No 3424 P.

From Offg Assist Acct General dated 12 May 1879—No $\frac{A.D.J.}{133}$

Order thereon 3d July 1879 No 366

Application is made for the grant of a compensation gratuity to Veraganiri Rangiah who lost his appointment of Channel Superintendent in the Gódávari District when on a revision of establishment that office was abolished on the 31st July 1858 and was subsequently employed on temporary Establishments until the 31st August 1875—

2 According to his own statement and those of his contemporary employés the applicant entered the service of Government in April 1847 as a Maistry on the Godávari Anicut works and served continuously until the abolition of his appointment. His early service cannot be verified from any official records, but from an original order produced by him it is established that he was a Maistry in January 1851.

3 In March 1852 he was transferred by order of the Collector of the District to the Maramut

Maramut Department and employed as an extra Maistry. On this account this service is treated as temporary by the Account Depts but it is clear from various orders relating to V. Rangiah which exist among the Collector records that he was retained when others were discharged and continuously employed until with the sanction of the Government of India his appointment became permanent.

4 Under these circumstances His Grace the Governor in Council is pleased under Rule 1, Sec. 27

Civil Pension Code, 4th Edition to admit this service as qualifying for pension and in lieu of the gratuity recommended to grant to V. Rangiah for his qualifying superior Service of not less than fifteen years a pension of Rs 4 per mensem, equal to 1/3 of his average emoluments payable from 1st September 1875
