which cannot be verified owing to want of records in the office of the Executive Engineer, Presidency Division and to the non entry in the Audit registers of this office of the names of incumbents. The Superintending Engineer 4th Circle has however submitted the applicants affidavit as to his continuous employment during the period in question and the Statement of a contemporary servant in support of the same. It is observed from the Executive Engineer's (Presidency) No. 6833 dated 21st March 1879 that the applicant is shown in the records of his office as Ag. Oncopillay from 10 September 1856 to 28th February 1857 and that there are no records to prove whether he was confirmed in the appointment or not. In the absence of information to the contrary, it is presumed that the applicant held the appointment in question permanently.

2. It is doubtful however whether his services from 10th September 1856 to 31st August 1860 can count for pension as the applicant appears to have been dismissed on the 1st September 1860 for absence without leave and was out of employ up to the 16th December 1860 on which date he appears to have been reentertained under the Chief Engineer's Proceedings No. 10.875 dated 12th March 1861. The Executive Engineer, Presidency states that although no pay was drawn for the applicant for the period of his absence, yet his name was borne on the Establishment of the office.

3. The Chief Engineer's Proceedings above referred to are not available in any office & it is not possible to determine whether the applicant's services for 10 Septr. 1856 to 31st August 1860 can or cannot count for pension.

4. The period under reference though included will not raise the applicant's pension to more than that to which he has been recommended by the Supg. Engineer 3rd Circle. Further correspondence on the subject was therefore considered unnecessary and his qualifying service has accordingly been considered to have begun from 16th December 1860.

5. His services from 16th December 1860 to 16th March 1878 have been duly verified from the records of the late Distt. Engineers' offices Presidency and South Arcot as also from the Audit Registers of this office.

Copy of Memo from the Examiner P.W. Accts, Madras to the District Engineer Presidency No. 59 P.L. dated 21st June 1878.

The undersigned has the honor to request that the District Engineer will be good enough to state whether the services of Mowlypackum Moonesawmy Mudaliar from 10th September 1856 to 22nd May 1863 as detailed in the accompanying Pension application can be verified from the records of his office, and, if so, whether he was on the permanent or temporary Establt. during the above period.

2. Any leave which Moonesawmy Mudaliar may have had during the period in question should be clearly stated.

Copy of letter No. 151 P.S. dated 16th Septr. 1878 from the Examiner P.W. Accounts, Madras to the District Engineer Presidency.

With reference to your No. 3054 dated 21st August 1878, I have the honor to observe that M. Moonesawmy Moodaliar is shewn to be absent without leave for the period from 1st October to 15th December 1860. Under Section 47(a) of the Civil Pension Code, absence other than

authorized

authorized leave forms a break in the service and under Section 16 of Supplement F of the Civil Leave Code, absence without leave involves loſs of appointment.

2. As, however Moonesawmy Moodaliar was allowed to join his appointment after such absence information is requested as to whether there is anything on record to show that his absence without leave does not form a break in his service and if not it should be stated why his absence during the above period should not be treated as leave without allowances under Section 9 Supplement F of the Civil Leave Code.

Copy of letter No 125 S. A. dated 16th September 1878 from the Examiner P. W. Accounts Madras to the District Engineer, ~~North~~ South Arcot.

With reference to the application for invalid pension submitted on behalf of Mowlypallum Moonesawmy Moodliar, late Anicut Superintendent of the Virudachellum Division I have the honor to state that the applicants services cannot be verified neither from the records of this office nor those of the District Engineer, Presidency.

25

2. An affadavit with statements of contemporary Servants as required by rule 4 Section 74 of the Civil Pension Code, should be furnished in support of his continuous employment on the permanent Establishment for the period.

3. From the audit Registers in this Office it is observed that the applicant was reappointed as Anicut Overseer from the 5th December 1872 and not 1st December as noted in the History of Service Explanation of this discrepancy should be given.

4. The Pension application and the Service Book with the Medical Certificate are herewith returned for reference.

Copy of letter No 167 S. A. dated 22nd October 1878, from the Examiner P. W. Accounts Madras to the District Engineer, South Arcot.

With reference to your letter No 90 of the 8 Instant I have the honor to inform you that

that the services of M. Moonesawmy Moodliar for the period from April 1857 to April 1859 cannot be verified either from the records of this office or from those of the District Engineer. Presidency, and it is for this period that the affidavit &c referred to in my letter No 125 S.A. dated 16 September 1878 is required

2. From Section 74 rule 4 of the Civil Pension Code you will observe that the Officer receiving the application should take the affidavit of the applicant. As in the present case, the applicant reports himself sick and therefore unable to appear in person before you I would suggest that he be instructed to appear before a Magistrate at Madras, where he at present resides for the purpose of obtaining the neceſsary declaration.

3. As regards the Statements of Contemporary Servants Chengalroya Moodliar & Mr. L. Anthony. I beg to state, that the declaration of the former (a member of this office will be taken before me and that of the latter, should be obtained & forwarded by you.

Copy of letter No 151 S.E 3d from the Examiner of Public Works Accounts to the Superintending Engineer 3d Circle_

In returning the affidavit of M. Moonesawmy Moodlr. and the statement of contemporary servant Mr L. Anthony received with your (South Arcot District) Nos 109 & 117 of 4 November & 3d December 1878, respectively, I have the honor to point out that the applicant in his affidavit states that he drew pay for the 2½ months he was absent without leave on the recommendation of the then Superintending Engineer which from the District Engineer Presidency's letter No 4110 of 10 October 1878 Copy attached, it will be seen that he drew no pay whatever during the period but was only recommended to the Chief Engineer for reentertainment.

2. The statement of Mr Anthony does not show the several descriptions of leave the applicant may have had; breaks &ca during the period from April 1857 to 59 and is not countersigned by the District Engineer Presidency.

3. The applicant should therefore be called upon to explain the discrepancy alluded to in para i and complete his statement as per para ii_

With reference to the verification statement of the services of M. Moonesawmy Mudaliar appended to your No 3054 of the 21st August 1878, I have the honor to observe that the dates of beginning and ending of service in certain cases have not been noted. I request that a fresh statement supplying the omission may be furnished at an early date together with information on the following points.

i Whether the applicant was ever confirmed in his post of Conicopillay on Rs 12 per mensem & if so, on what date.

ii The cause of the Applicants reduction from Rs 20/

Rs 20 to Rs 12 per mensem.

iii Why the applicants services from 21st to 31st March 1857 have not been verified from your records though it is observed from your letter under notice that the records from April 1857 only are not forthcoming.

iv Was any pay drawn and disbursed to the applicant for September 1860 according to the entries in the Audit Registers of this Office he does not appear to have been paid for that month and consequently his absence without leave seems to have commenced from 1st Septr. 1860 instead of from 1st October 1860 as stated in your letter.

Sir,

With reference to your Endorsement No 828 of the 17th Instant I have the honor to observe that the grounds, on which M. Munesamy Moodr was allowed to retire from the Service while still under the age of 55 years, are his constant illness during the latter part of his service, as may be seen from the history of his service, and his general debility which rendered him unequal to the active duties of an Assist Superintendent or of any other post in the Department.

2. By note 2 Section 54 of the Civil Pension Code the Medical Officer is required to give detailed reasons (supported, if possible, by a second medical opinion) for his considering an applicant for invalid pension incapacitated

for

for further Service, from general debility, while still under the age of 55 years. In the present case the Medical certificate, granted by the Surgeon of the 1st District Madras, on the 16th March /78, being countersigned by the Surgeon General I. M. D., it was considered no further medical opinion was necessary; but if this is now considered insufficient and the detailed reasons of the Surgeon are still required, I request that that Officer may be asked to furnish the same. I think this course will save any further delay in the final disposal of Munesamy Moodr's application for pension, which was first submitted to the Examiner so far back as the 26th April /78; and moreover as Munesamy Moodr is, and has been, since the last 14 months, living at Madras (No 22, Varadier Street, near Mint Black Town) he may, if necessary, be (alone and without any inconvenience to him) ordered to present himself again before the Doctor or in your Office.

FROM THE ACCOUNTANT GENERAL, MADRAS,

TO THE Examiner of P.W. Accounts Madras

VIDE *your Application for* Pension *on behalf of* M Munisami Mudr. late a Superintendent of Mahimathur and Kattumylore Anicuts South Arcot

THE undersigned has the honor to State that it is apparent from the solemn declaration made by the applicant before the Presidency Magistrate on the 30th Oct. 1878 that he had drawn salary from 1st Oct. to 15th Dec. 1860, the period during which he was absent without leave. The Examiner of Public Works is requested therefore to cause the acquittance Rolls for those months of the Office of the District Engineer Presidency to be again scrutinized and to report the result to this Office, in view to the necessary steps being taken to recover from the applicant the amount of salary that may have erroneously been overdrawn by him.
