SIR,

copy of letter No. 334/69 of 1st Feby 1879 with 3 original enclosures

In forwarding the accompanying papers+ relating to an application for gratuity for P. Jagannadham late Head Surveyor in the Department, I have the honour to state that in my opinion his character should be considered as good. There is nothing in the man's Service register which justifies the inference that his general character is indifferent and the statements made by Assistant Superintendent Mr Merriman and referred to by Mr Beaumont in his letter No. 334/69 of 1st February 1879 enclosed were not intended for record and were not based on more than vague assertion and rumour.

2 Jagannadham is not entitled to a pension and I would not support any petition to the Government applying for one.

I have the honour to be

CERTIFIED that (~~subject to the remarks below recorded~~) qualifying service in {~~inferior~~ / superior} grades has been duly proved for 10 years —— months and 12 days; and that a Compensation {~~pension~~ / gratuity} not exceeding Rs. 700 equal to 10 months pay of the applicant is admissible under Sections 59 & 68 (a) of the Civil Pension Code. 4 Edition The calculations have been duly verifi

It will be seen from the history of Service that the applicant has held several Acting appointments since 1st December 1867 the date of Commencement of his Service, up to 31st August 1869, when he was Confirmed in an appointment different from that in which he acted. The period of interval amounting to 1 Year and 9 Months, has however been reckoned as qualifying Service as the appointments in question were permanently vacant and as no person Counted service in them except the applicant who was ultimately Confirmed without interruption in Service, though not in the very appointment which he originally acted. Vide section 27-2 of the Civil Pension Code 4 Edition and Government of India No 1366 dated 21st June 1879 Financial

With reference to rule 1 Section 59 of the Code the Deputy Superintendent Revenue Survey States, that the number of Head Surveyors in the Party in which the applicant was employed was in excess of that allowed by the new Scale and that his services were not required elsewhere, and in accordance with rule 6 of the same Section he reports that the amount of Saving to Government which resulted from the abolition of the applicant's post was Rs. 70 per mensem

The Deputy Superintendent States opposite to No 1 on the 3 page of the Register of application and in his letter No. 334/67 dated 1st February 1879 herewith transmitted, that the Character and past Conduct of the applicant were not thoroughly Satisfactory; the Superintendent however in his No. 20/A dated the 6th February 1879, herewith transmitted, States that his Character Should be Considered as good. It rests therefore with Government to decide whether any reduction in the amount of the applicant's retiring allowance Should or Should not be made with reference to rule 1 Section 22 of the Civil Pension Code.

In accordance with the terms of rule 5 Section 105 of the Code it has been ascertained from the Zillah Surgeon Berhampore, that the applicant "has all the normal prospects of life". The Certificate of that Officer is herewith sent.

Sir

I have the honour to submit an application for gratuity on behalf of late acting Head Surveyor P. Jagannadham of the Ganjam Detatachment with his Service Book, also a petition from the above individual requesting to grant him pension in lieu of gratuity, accompanied with an endorsement from Mr. Merriman recommending him one years' full pay. I regret that I am unable to recommend this subordinate for either, as I much doubted his honesty during the short time that he was employed under me, and it was in consequence of this, that employment was not found for him down South.

2. In November 1877, he was reprimanded by Mr. Merriman for issuing much undersized stones from Depôts, & in a D. O. letter from that Officer, an extract from which was sent to you with my letter No. 2278/670 of 19th July 1878 he says against P. Jagannadham's name, that he doubts his honesty very much indeed.

3. Under section 48 of the Civil Pension Code,

Abstract of Past Services

To
A. H. Merriman Esquire
Acting Depy. Revenue Survey
In charge of Ganjam Detachment
of No. 6 Revenue Survey Party
Madras.

Most Honored Sir,

I Pasumarthe Jagannadham late Head Surveyor, humbly beg to bring the following into your honor's kind consideration as my services are now dispensed with on the abolition of No. 6 Ganjam Survey Party in consequence of the re-organization of the Revenue Survey Department under G.O. No. 2097 dated 25th June 1877.

I entered this Department on the 1st July 1859 in my 21st year as a paid Volunteer on a salary of Rupees 5 in the Godavery District, and continued to serve in different parties Nos. 2. 3 and 6 for a period of nineteen years four months and three days in the Districts of Godavery. Kistna. Cuddapa and Ganjam. I was gradually raised to the posts of Boundary Inspector, Acting Manager and Head Surveyors on a salary of Rupees 70. The remarks made

Abstract of this Petition

1. That he entered the Survey Dept. in 1st July 1859 & served in it till 5th November 1878, with only one break of 9 months in 1867 — Pay on entry: Rs 5 as paid Volunteer — Pay on discharge Rs 70 as 2nd Class Surveyor —

2. That the above break was caused by his resignation in consequence of ill-health in [illegible] & fear of death, & from no other motive —

3. That he has done excellent service in the stone supply of the Goomsur Taluq whereby a great saving in expense & trouble has ~~been~~ resulted to the Govt. & the Rev. Dept. — the Survey Dept & to ~~the~~ ryots themselves —

4. That a ref. to his service book & various Annual Reports will show that he has always been favorably mentioned by the Officers he served under

6. That he consequently prays

---

in my service register, by the Officers, Colonel Crewe, Messrs Gompertz, J. J. Tomlinson and H. A. C. Cardozo, Major Bagnell and Clay and your honor's self, whom I served under, will I think speak very favorably about my good service.

3/ For the supply of demarcation stones in the Chicacole and Berhampore Taluqs firstly, and partly in the Goomsur Taluq, the Contract system was in operation from 1866 when the demarcation commenced in this District to the end of 1872. By this the Government were obliged to advance money in lumps to the stone contractors and on the completion of demarcation an establishment consisting of a Boundary Inspector and his subordinates at a cost of Rupees 200 a month was also entirely given to prepare and issue bills for the advance money. When the bills were completed they were handed over to the Tahsildars for the Collection, giving also a certain number of peons for their assistance in collection.

4/ In the Collection of the advance money which is above a Lakh of Rupees (100000) from the ryots according to the bills, and in consequence of the contractors failing to supply stones, much delay took place and a great many troubles also ensued between the stone Contractors and the Demarcation Officers and between the contractors and the people to whom the stones were supplied for the demarcation of their lands, much correspondence also took place between Revenue and Demarcation Officers.

At

5/11/78

to overlook this break in his service & grant him one third pension instead of the gratuity only which he is entitled to.

Forwarded for the favorable consideration of the Dept. Supt.:—

As petitioner has not been discharged on account of ill-health it is probable that his application for pension cannot be supported, in which case I would venture to recommend that the highest gratuity may be given (viz: 12 ~~years~~ months pay) instead of only 10 months pay to which petitioner is strictly entitled —

Asst. Supt. R.S.

DEPUTY SUPT. MADRAS REVENUE SURVEY 1878 19-11

ASST. SUPT. REV. SURVEY NO 5 1878

At last strict orders also were passed by the higher authorities to avoid the delay and the demarcation Officers brought complaints in the District Court of Berhampore against the stone Contractors and realised a part of the Government advance money by a decree. However a portion of the same money is still in arrears in the Berhampore Taluq under Collection by the Tahsildar, though the demarcation and survey are nearly closed in this District and though about 10 years elapsed from the time of first advancing the money by the Government.

5/ By the Contract system the Government has to give money in advance and in collecting that money from the ryots through the Revenue authorities of the District much delay took place. The Establishment Charges in preparing bills in addition to the stone prices made the cost to the ryots higher than it would have been. In settling accounts there were many troubles between the Demarcation Officers and the stone Contractors, and some Revenue Survey Officers from the other Districts, came down here in order to find out the truth after the final examination of accounts.

6/ In order to avoid all these disadvantages both on behalf of the Government and the ryots the Superintendent (Colonel Priestley) put a stop to the practice and introduced a new plan, called self supplying system, by which the ryots are to supply the field stones themselves. In accordance to the Superintendent's order orders Mr. Cardozo, the then Officer in Charge of the Revenue Survey Party in this District selected and sent me to the Gumsur Taluq in December 1870 to bring the new plan into operation, I accordingly went to the above Taluq and finding that the Contractors could not supply the demarcation stones, according to the Contract, I reported the same to the Officer in charge who (Major Haynes) gradually dismissed all the Contractors. After much difficulty, I made the ryots to supply themselves the field stones, and for the stones to be supplied by the Government I made the boundary station stones prepared at a reduced price of Rs 33.5.4 per hundred and in some Muttas at Rs 25 per hundred while their real price according to the Contracts was Rupees 50 per hundred stones and Chandam station stones at Rupees 25.0.0 18.12.0. and 12.8.0. though the Contract price was Rupees 37.8.0 per hundred stones.

7/. In proportioning the cost to the ryots they were charged in proportion to the kist they paid. Thus much injustice was done i e one ryot whose assessment is Rupees 100, paid one third of it as the stone price while the stones he received are very few (10 in number suppose) as his lands are in one place, and another whose assessment is Rupees 10 also paid one third of that sum for the stone price, but the number of stones he required is great.

5/11/78

(100 in number suppose) as his lands are in different places and thus each stone of the former costs him about Rupees 3.6.0 and that of the latter costs only about half an anna. But this is not the case in the Gumsur Taluq where the ryots supplied themselves the stones only at a cost of about an anna each stone. By this self supplying system the ryots are not unequally over charged nor the Government has the disadvantage of advancing money in lumps and recovering it in parts after a long time, nor are the Demarcation Officers and the Revenue Officers put to the trouble of making bills and collecting the money according to the bills, respectively.

8/ Mr. Cardozo who made the self supplying system exercised first in this Taluq, in his Annual Report of 1870.71 and Major Baynes, Major Clay and your honor self in different years 1874.75. 1876.77 &c had favorably reported to the Superintendent about my good service. I herewith enclose the copy of the special recommendation made by Mr. J J Tomlinson, when he was in charge of a detachment attached to the No. 3 Revenue Survey Party in the Cuddapah District in 1865 about me to the Superintendent through the annual Report of the same year.

9./ When I was in Cuddapah, I fell severely ill, as the climate of that District specially that of the town of Cuddapah, did not agree to my Constitution. On account of very long ill health, Colonel Crewe, the Deputy Superintendent then

there, instead of giving me any leave, accepted my resignation, remarking in my service Register "Resigned on the 1st March 1867 in "consequence of his finding the climate of "Cuddapah disagree with him". But fortunately after coming to my native place Parvatipore in the Vizagapatam District, I recovered from my sickness and then I was re-entertained in the Survey Party No. 6 in the Ganjam District after an interval of 9 months exactly.

10./ As I resigned the post at Cuddapah for fear of death, if I remain there any longer, but not to seek an appointment anywhere nor on account of any other private affairs and as I was re-taken into the same Department, I beg your honor to recommend to the Superintendent Revenue Survey through the Deputy Superintendent to account the above interval of 9 months as leave without pay so that I may be eligible to one third pension, after perusing the above papers and my service register, even for the hard pains I have taken in exercising the self supplying system in the Goomsur Taluq, an uncivilized part of the District, whose population is composed of Oriyas, who are far inferior in mental
