1. As I have now retired from the service in obedience to the directions of Government I beg to submit this my application for a Superannuation pension for favorable consideration and in soliciting attention to the documents which accompany this application I beg respectfully to request that I may be pardoned for referring to circumstances which appear to me to support my prayer for a special

consideration of my services under the State.

2. My services under Government has extended over Thirty Eight years without any break. It embraces duties performed in a subordinate capacity at the commencement of my career and duties performed in a position of great responsibility and confidence at its termination. Throughout the whole of this lengthened period I have done my best in the interests of the State, being so fortunate as to earn approval at every step of almost half a life time, during the whole of which I have never been absent on Furlough or Sick leave; the utmost extent of Privilege leave of which I availed myself amounts in all to only *13 months.-

* In 1868 — 3 months
July 1869 1 —"—
In 1873 3 —"—
In 1876 3 —"—
July 1879 3 —"—
Total 13 months

3. The appended Testimonials I submit will I humbly hope show

how I worked during my early service up to February 1847.

4. I was subsequently appointed Deputy Manager on Rupees 125 then as Second Uncovenanted Assistant to the Board of Revenue on Rupees 200- per mensem and the Confidence which I gained from my superiors led to my appointment in December 1852 to the post of Uncovenanted Superintendent of Salt, which I held till December 1858. The work was very trying to the Constitution, and the details were Controlled with much personal labor and exposure to the climate, more especially as at that time the experiment was a novel one.- I had only one subordinate who was of any personal help to me, the others were subordinates drawing no more than 21 Rupees a month. Added to this I had charge of nearly

nearly 120 men who were employed as a Preventive force which force was in after years displaced by a Police Guard.-

5. The papers appended to this application bear testimony to the character of the duties performed by me as Salt Superintendent. They also prove the high estimation in which my successful services were held both by my immediate Superior, the Collector of Madras and by the Board of Revenue, as well as the warm appreciation of them by the Government. The advantages which followed were a large and continued increase of revenue to Government; while the work performed by me was then deemed sufficiently onerous and responsible to form a fitting change for, and was subsequently assigned to, a Deputy Collector of the first class.-

Lord Harris

6. Lord Harris Governor of Madras was pleased to appoint me to be Deputy Commissioner of Police in December 1858 and a Commission of Justice of the Peace was also issued to me. The last necessitated the resignation of my Commission as a Lieutenant in the Rifle Company of the Infantry Volunteer Guards to which I had been gazetted in March preceding. The papers in the Appendix will also show how my work as Deputy Commissioner of Police was appreciated.

7. In December 1860, I was gazetted Magistrate of Police and I trust that it will not be amiss to mention that my labors as such appear to have met with public approval; while I have had the encouraging testimony of all my Colleagues during the past 19 years. In the exigencies of

of the service I have been called upon to perform my own duties in addition to those of an absent Colleague. I have always most cheerfully performed such extra service and I believe that the services of no Magistrate has been so frequently or continuously utilized as mine without any extra remuneration till the year 1869.

8. The records of my work, especially during the exceptional period of the famine in which the work of a Magistrate was abnormally heavy will prove how vastly the ordinary limits of work extended; and I am sure the Chief Magistrate will speak confidently of what has come under his own personal observation since 1867. I believe that he will bear testimony to the fact that I

I have never spared myself, but have always worked zealously and conscientiously in the administration of Justice.-

9. Under the rules in force I believe I am eligible to a Superannuation pension of Rupees 5000. per annum; but I most earnestly solicit that, in consideration of the responsible and arduous character of my employment, the degree of merit which was officially declared I had evinced, and the nature and length of my services, I may be recommended by Government to the Right Honorable the Secretary of State for the grant of a special or higher pension, such as a review of the circumstances of my career as may seem to Government to merit.

I have the honor to be
Sir
Your Most obedient Servt.

Answers to queries contained in the Assistant Accountant Generals letter to the address of the Collector of the Chingleput District.

Query (a) It is presumed that Mr. R. P. Campbell held the appointment of Uncovenanted Superintendent of Salt (on Rupees 300 per mensem) on the permanent establishment of the Collector of Madras and that the service rendered by him in that capacity qualified for pension.

Query (b) The copies of pay abstracts preserved in this Office so far back as June 1854 shew that up to the date of his quitting this Department, on the 17th December 1858, Mr. R. P. Campbell enjoyed no leave of absence of any description and neither was there

any break in the Continuity of his Service; and, from a copy of a Service list of the Officials of the Madras Dept, in which Mr Campbell's name heads the list, it is clear that he held the appointment of Superintendent of Salt from 17th January 1853, which is also corroborated by the "Letters Sent Book" of this Office bearing the Signature of Mr Campbell from the 24th January 1853 (the letters previous to that date not having been found.)

Query (c) From enquiry I learn that Mr Campbell left this Department to take up the post of Deputy Commissioner of Police on promotion to higher pay

TESTIMONIALS

OF

Mr. R. P. Campbell.

I HAVE much pleasure in complying with the request of Mr. R. P. CAMPBELL, to give him a record of my opinion of his merits during the period he served under me in the Accountant General's Office, on the occasion of his being promoted to the Managership of the Mint Committee Office.

Mr. R. P. CAMPBELL was entertained as an Examiner in the Revenue Department of the Accountant General's Office, on a salary of 60 Rupees, in February 1841, and served in that capacity until February 1845. From February 1842 to February 1845 he served under my immediate orders, and I uniformly found him diligent, attentive and obliging; he has received a good education, and has good natural abilities, and will, I have no doubt, be found a valuable public servant in whatever situation he may be employed.

MADRAS,
6th March 1845. } (Signed) G. M. SWINTON,
Head Assistant A. G.

Extract from a Letter from the Mint Committee, dated 5th September 1846, to the Chief Secretary to Government.

Para. 1. The inadequate amount of salary affixed to the situation of Manager of the Mint Committee's Office, when compared with the duties which devolve upon the party holding it, has in so many instances produced results affect-

ing the efficiency of the office, that I am desired by the Committee to request you will have the goodness to obtain the sanction of the Most Noble the Governor in Council for the following arrangements being carried into effect, which, while entailing no extra expense, will, the Committee are of opinion, tend to prevent a recurrence of those continual changes in the situation which took place previous to its being held by the present Manager.

Para. 2. A vacancy having occurred by the promotion of one of the Copyists into another Office, the Committee have directed that instead of filling up the situation, the salary belonging to it, viz., 16 Rupees per mensem, should be added to the amount apportioned to the Manager, thus increasing his pay from 85 to 101 Rupees, and authority for the continuance of this arrangement is now solicited.

Para. 3. The careful and attentive manner in which the duties are now performed have contributed greatly to the present efficient state of the Office, and it is this consideration that has induced the Committee to bring the subject under the notice of Government.

I have, &c.

(Signed) S. D. BIRCH,
Secretary, Mint Committee.

MEMO.

In circulating the accompanying Draft of a letter to Government the Secretary trusts that the arrangement proposed in it will meet with the approval of the Committee. Mr. CAMPBELL has taken upon himself so much more of the duty of the office than it has hitherto been customary for the Manager to do, that the services of the Copyist can be dispensed with. The office was never in so efficient a state as it now is, and the Secretary hopes that the Manager's zeal and attention will meet with reward.

An efficient Manager is so important that I fully concur in the propriety of the arrangement.

Mr. R. P. CAMPBELL having applied to me for a certificat of character, I have great pleasure in stating that the records of the Mint Committee Office of which he was the Manager for a period of two years from February 1845 to February 1847, contain ample and most satisfactory evidence of his habits of business, diligence, and general ability. I have reason to believe that my predecessor, Mr. S. D. Birch, felt highly pleased with his management of this Office, in which feeling I participated myself, and when he left, I parted with him with regret.

Mr. R. P. CAMPBELL was employed as Manager of the Mint Committee Office for about 2* years, during a portion of which time I held the Office of Secretary. I have much satisfaction in testifying to the ability, attention, and zeal he evinced in the discharge of his duties.

The salary of the appointment was increased during his incumbency by 16 Rupees per mensem.

Mr. CAMPBELL having applied to me for a certificate of character, in view to his presenting himself as a Candidate for the situation of Manager in the Superintendent of Family Payment's Office, I have much pleasure in stating that he has been employed for 18 months in the Office of the Board of Revenue as Deputy Manager, and in charge of the Audit Department. He has been respectful, diligent, and attentive to his duties, and has conducted himself entirely to my satisfaction.

PAPERS

SHOWING THE ORIGIN AND SUCCESS OF THE APPOINTMENT OF AN UNCOVENANTED ASSISTANT TO THE COLLECTOR OF MADRAS AS SUPERINTENDENT OF SALT.

Extract from Board's Letter to Government, 27th May 1852.

The Board consider it their duty to represent that this important Branch of Revenue* at Madras should have as Superintendent an Uncovenanted Assistant, at such a salary as would secure the services of an efficient man, who would devote his whole attention to it. They are convinced that it would be an eventual saving to Government, even if the salary were 250 or 300 Rupees per mensem.

* Salt.

Extract from Minutes of Consultation, 17th July 1852.

The Governor in Council fully concurs in this recommendation, and thinks that the appointment of a European Uncovenanted Servant, as Head Superintendent on a salary of Rupees 300 per mensem, will be attended with incalculable

advantages; and he will be prepared to apply to the Government of India for sanction for the charge which will have to be incurred, on the Board of Revenue submitting an application in the prescribed form. He feels convinced that if a steady, hard-working, intelligent individual, possessing integrity and sound principles, were selected for that duty, his able and honest discharge of it would repay Government tenfold. Such a servant* should have the entire executive supervision and scrutiny of every branch of the Department, subject of course to the superior authority of the Collector, and through him of the Board of Revenue. All the subordinates in the Collector's Cutcherry should be given to understand that the slightest attempt on their parts to thwart or oppose the Head Superintendent would, on being proved, lead to their instant dismissal.

* Uncovenanted Assistant as Head Superintendent.

Extract from Minutes of Consultation, 29th November 1852.

With reference to the order of the Government of India, sanctioning experimentally the appointment on a salary of Rupees 300 per mensem, of a Superintendent of Madras Salt Revenue of the Madras Collectorate, the Board of Revenue are requested to nominate for the approval of Government the party whom they would recommend for the situation, and to define the nature and extent of his duties.

(Signed) T. PYCROFT,
Secretary to Government.

Extract from Board's Letter to Government, 6th December 1852.

I have the honor to submit for the information of the Right Honorable the Governor in Council, that the Board of Revenue would propose to nominate for the appointment of

Salt Superintendent at Madras, Mr. R. P. CAMPBELL, at present an Uncovenanted Assistant in their Office. Mr. CAMPBELL having served nearly six years under their supervision, they are able to put confidence in his steadiness of character, his diligence in the discharge of his duty, and his experience in official business.

(Signed) W. H. BAYLEY,
Secretary to the Board of Revenue.

Extract from Minutes of Consultation, 7th January 1853.

The Right Honorable the Governor in Council is of opinion that a knowledge of the Vernacular language is indispensable to enable the Superintendent of Madras Salt Revenue efficiently to discharge his duties. It is not necessary that he should possess a critical acquaintance with Tamil; but he should be able to read and write it, and to speak it fluently. There appears reason to doubt whether Mr. CAMPBELL is fully qualified in this respect. The Governor in Council resolves, therefore, to sanction his appointment conditionally only for six months, and on the reduced rate of Rupees 200 per mensem.

At the expiration of that period, Mr. CAMPBELL will be examined by the Tamil Translator to Government, and if favorably reported upon, will then be continued in office at the full salary, a further report being made on his appointment, and the results which have followed it for the information of the Government of India at the end of the 12 months for which it has been experimentally authorized.

Secretary to Government.

Extract from Minutes of Consultation, 26th August 1853.

Mr. CAMPBELL, Superintendent of the Madras Salt Revenue, having passed a satisfactory examination in Tamil, and being

pronounced quite qualified to carry on his duties in that language, the Governor in Council is pleased to permit him to draw the full salary of Rupees (300) three hundred per mensem attached to the Office of Salt Superintendent, with arrears from the date of his appointment.

Extract from the Proceedings of the Most Noble the Governor-General of India in Council, in the Financial Department, under date the 19th April 1854.

RESOLUTION.

From the absence of any efficient superintendence, the Salt transactions at Madras, it appears, afforded, in all their stages, openings for the most flagrant frauds, and in order to prevent them, this Government, on the 29th October 1852, sanctioned the experimental appointment of a Superintendent of Salt Revenue in the Collectorate of Madras, on a salary of 300 Rupees per month, subject to report at the expiration of a twelve month.

The Government of Madras now reports that the measure has secured a much more efficient check than could have been previously maintained over the subordinate servants in the Salt stores, as well as greater regularity and efficiency in the several stages of manufacture and sale. The improvements which have already been effected are the manufacture of a large quantity of Salt during the year, notwithstanding the delay occasioned by the unfavorable state of the weather, the entire cessation of the practice of leaving the Salt at the Pans longer than necessary to dry it, the avoidance of delays in landing and measuring, and the prompt payment of the manufacturers' share, without requiring the attendance of the ryots at the Cutcherry, all which improvements, the Govern-

ment of Fort St. George reports, have been highly appreciated by the manufacturers, who feel assured that without them they could not have produced nearly so large a quantity of Salt as they did in 1853.

These results are considered highly satisfactory, and the Government states, that under recent arrangements, the manufacture of Salt is about to be greatly extended to meet the demands which will be afforded for its transport by the Railway—that new Pans are being formed—and that those at Chingleput are to be transferred to Madras, and placed under the charge of the Salt Superintendent, and that it is estimated that the Salt to be manufactured henceforward at these various Pans will be about 10,80,000 Indian maunds.

The Most Noble the Governor General in Council observes that more Salt has certainly been manufactured, but there is but little difference in the quantity sold, though the Madras Government anticipates a greater demand from the opening of the Railway, an anticipation that remains to be realized when the Railway is in operation. Meanwhile His Lordship in Council sanctions the permanent appointment of the Uncovenanted Superintendent of Salt at Madras, on a salary of 300 Rupees per mensem.

Secretary to the Government of India.

Extract from a Letter from Acting Collector of Madras, to the Board of Revenue, dated 14th May 1853.

I have the honor to acknowledge the receipt of the Extract from the Board's Proceedings, calling for a report on the expediency of extending to this Presidency certain laws relative to the appointment of Uncovenanted Deputy Collectors and Magistrates with reference to the Minutes of Consultation of Government therewith transmitted.

The Board are aware that the wants of this Collectorate have been provided for without a change of the law by the appointment of an Uncovenanted Superintendent of Salt.

Acting Collector.

Extract from Mr. Stokes' Memo., dated 20th September 1854, to the Superintendent of Salt.

The Acting Collector has perused the Memo. forwarded by the Superintendent of Salt, with his letter No. 318. He gladly bears testimony to Mr. CAMPBELL'S zealous and successful discharge of his duties as Superintendent, and the value of his services.

Para. 7. On the whole, the Right Honorable the Governor in Council is of opinion that the explanation furnished by Mr. CAMPBELL affords proof of his activity and zeal in labouring to promote the efficiency of the Department over which he is placed.

5. Mr. R. P. CAMPBELL having been nominated probationarily for the appointment of Salt Superintendent, and having subsequently passed an examination in Tamil and discharged his duties in a satisfactory manner, has been

confirmed in his position, on a salary of Rupees 300 per mensem, under the sanction of the Government of India. We observe with satisfaction that the results which have already ensued from this appointment have been beneficial not only to the Government, but to the manufacturers themselves.

March 31st, 1855.

From Surgeon EDWARD BALFOUR, Secretary Madras Exhibition, to Mr. R. P. CAMPBELL.

SIR,—I have the honor, by order of the Right Honorable the President and Members of the Madras Exhibition Committee, to announce that the Jury for Class II, in which you were an Exhibitor at the Madras Exhibition of 1855, have awarded you a 2nd Class Medal for the common Salt you exhibited in that class.

I have, &c.

Selection from the Records of the Madras Government No. 16, Memorandum on Salt.

Para. 157. An Uncovenanted Assistant to the Collector of Madras was appointed under orders of Government, 23rd November 1852, at the recommendation of the Board, in consequence of the large transactions in this locality, the

distance of the Pans from the Depôt, and various other reasons which demanded the personal services of a man of activity, intelligence, and integrity. The appointment has been found to answer.

Extract from a Letter of the Acting Collector of Madras, to the Board of Revenue, dated 11th May 1855.

I have sufficient evidence of Mr. CAMPBELL'S methodical and intelligent habits of business, to feel satisfied that this arrangement will be acceptable to the shippers, while it will often obviate delay.

Acting Collector.

Extract from a Letter from B. CUNLIFFE, Esq., Collector of Madras, dated 29th August 1855, to R. P. CAMPBELL, Esq., Madras.

I am glad to find that you will remain in the Salt Department until a better situation turns up.

With respect to the Deputy Collectors, two of whom, I am told, will be given to Madras, I suppose that you will be made one, your present designation merging into the for-

Maskell naturally enough is anxious to secure the other Deputy Collectorship, and both from long service and ability, he has strong claims. I promised to apply for him if the sanction rested with me, but I imagine that the Government will appoint. With him for the general duties of the office, or for those of either the Quit Rent or Abkarry Department, and with you for the Salt, I think that my hands would be strong.

We must first see what class of deputies they will give this Collectorate, as of course both Maskell and you will seek for the higher class in any District (preferring, however,

Madras from old associations), as after the change had once taken place, you would probably like a neighbouring District as well as Madras.

When the sanction arrives for this increase of the Uncovenanted Service, you might, I think, request an interview with Lord Harris with reference to Mr. Murray's note of the 11th October last. Tell me if I can assist you in any way, and I shall be happy to do so.

Yours very truly,
(Signed) B. CUNLIFFE.

Extract from the Land and Extra Revenue Report of the Collector of Madras, to the Board of Revenue, dated 6th November 1856, para. 65.

The exports of Salt to Calcutta and Chittagong were very large, and give an increase of nearly 3½ lacs of maunds. This fact, together with the enhanced store noticed in para. 62, give proof of the heavy amount of work performed by the Salt Department, who indeed deserve great commendation for the diligence and activity with which they have discharged their duties.

Extract from a Letter from the Collector of Madras, to the Board of Revenue, dated 20th March 1857.

* * * * The details could not have been superintended without much personal labour and exposure to the climate. It is but right, after the experience that I have had of him, that I should speak favorably of the efficient manner in which the Superintendent has discharged his duties, and that, in my opinion, *no* better selection could have been made for the work in hand.

My own individual control over the Salt Department has been but general; placing every confidence in the Superintendent, I have transferred to him the patronage, imposition of fines, and the carrying out of any changes he may deem desirable, only requiring to be kept informed of what has been done, and my confirmation obtained for the same, thus relieving myself of details, and following what I believe to have been the intention of the Board and Government in the appointment of an Officer of his superior grade. * * * *

I trust, if Deputy Collectors are appointed, that the emoluments of the Superintendent may, *in all respects*, be made equal to those of the 1st Class, for I feel confident that *no* Officer of that grade will be entrusted with a more important charge.

Mr. CAMPBELL'S fixed salary will, in that event, be but slightly in advance of what it now is, though he would receive batta when absent on duty from head-quarters, a remuneration which will not be considered excessive by those who have had experience of the exposure to the climate necessary in the superintending of Salt transaction.

The salary of the appointment previously held by Mr. CAMPBELL in the Board's Office has been lately made equal to his own, and the wear and tear to the constitution in the two appointments cannot be compared.

If the Railway, as there is every prospect of its doing, very largely increases our sales, and consequently our manufacture and all intermediate stages, our Salt Establishment must, of necessity, be augmented, and situations of trust and importance created, commensurate with our enlarged field of operations.

(Signed) B. CUNLIFFE,
Collector.

In Cons. 19th May 1857, 1080.

FROM MADRAS,
20th March 1857,
H. E. No. 34.

1. Resolved that the above letter be submitted for the consideration of Government with reference to the Board's Pro. of 19th January last, No. 221.

2. In this correspondence Mr. Cunliffe submits the claims of his Salt Superintendent, Mr. CAMPBELL, to be placed on the footing of a Deputy Collector of the first of the two grades recently sanctioned by the Supreme Government.

3. Mr. CAMPBELL has held his present appointment for four years, and has discharged the duties of his office in a most zealous and efficient manner.

4. Since his nomination, the work of the Department has greatly increased; the store of Salt, which previously averaged 5⅓ lacs of Indian maunds, has risen to upwards of 10, the manufacture from 5 under 6 to somewhat more than 14, and sales from 5 to nearly 9 lacs of Indian maunds. The transactions in Fusly 1265 were much above the average. The wastage in Madras is at the same time smaller than in any other district. The Board on a late occasion visited the Department and were much pleased with the order and regularity apparent in every arrangement. Owing to the very extensive sales at Madras, and the concentration of the Stores,

the establishment charges bear a smaller percentage to the receipt than elsewhere.

5. Considering both the amount of work and responsibility now devolving on him, and the extremely creditable manner in which Mr. CAMPBELL has performed his duties, the Board fully concur in the Collector's estimation of his claims.

6. Mr. CAMPBELL now draws 300 Rupees per mensem, or 50 less than the senior grade of Deputy Collector about to be appointed. His nomination to that class would also entitle him to travelling allowance, which the Board think he should under any circumstances be allowed to draw, when proceeding to the Pans at Ennore, &c.

7. Of Mr. CAMPBELL'S qualifications for the new grade, the Board entertain no question. He formerly held the post of an Uncovenanted Assistant in their Office, and, since his transfer to the Salt Department, has passed in Tamil.

8. In their Proceedings 19th January last, the Board did not propose that a Deputy Collector should be appointed to Madras, as there already was an Officer of similar rank in the Collectorate, and the wants of other districts seemed more pressing.

9. In the event of Mr. CAMPBELL being promoted, as he prays, an additional Deputy Collector of the lowest class could be nominated, without exceeding the sanction of the Supreme Government, as his present salary is exactly equivalent to the pay and establishment allowance of an officer of the lower grade.

10. The Board would not, however, recommend Mr. CAMPBELL'S transfer to another district, as he has shown a peculiar aptitude for his present duties, which are sufficiently onerous and responsible to form a fitting charge for a Deputy Collector on the higher rate of salary.

Acting Secretary.

Submitting with the Board's remarks, a letter from the Collector of Madras on the claims of Mr. CAMPBELL, Salt Superintendent, to be placed on the footing of a Deputy Collector of the first of the two grades sanctioned by the Supreme Government, and expressing the Board's entire concurrence in the Collector's estimation of that Officer's claims to promotion to the higher office which he seeks. APPOINTMENT IN MADRAS POLICE.

MY DEAR MR. CAMPBELL,—I have thought from your papers, that all that is necessary is for you to submit your name to the Right Honorable the Governor, with copy of your Testimonials, and ask for it.

With such testimonials as you possess, all that seems necessary for you to do is to submit them, and it is not good to use other influence if your own suffice. I suppose you have your name on the Government House list, and, if so, just write a note to the Private Secretary. I do not know what the qualifications are, but your testimonials are of a very high order, and would seem to me to suffice.

I was sorry to miss you, but I generally am at my office from 9 to 7, and this morning from 7 till, as I fear, 7 this evening.

If, on the above explanation, you do not trust your own character, I will send on a copy for you; but I do not advise it.

There is no Public Officer from whom I have received more willing and effectual support than from yourself. Your management of your own Department, with the able assistance of your deputies, Mr. CAMPBELL and Ramachandra Row, has been all that could be desired. There has not been the slightest disturbance of the peace of Madras since I have been here; and I have never seen a large population, which went about their daily business, with such order, and quietness, and confidence of protection as that of Madras. Your active co-operation with me in the reduction of Military Guards by the substitution of Police was of much public importance; and two crimes committed beyond the limits of your jurisdiction, the robbery of the Railway Balance at Vellore, and the murder of Captain Leicester at Vizagapatam, in the exposure and punishment of which the well-being of society was deeply concerned, were effectually dealt with by your help. In the Vizagapatam case you were yourself deputed to the spot, and remained there until the murderer had been convicted.

1. The following statement shews the Service list of Mr R. P. Campbell between 18th January 1853 and 14th December 1858. The date 4th given by the Accountant General seems to be a clerical error.-

Establishment	Appointment.	From and to what date.	Salary	Period of service	Remarks.
Madras Collectors Establishment	Unconvenanted Superintendent of Salt.	17th January 1853 to 31st May 1854	300	1 14 15	Pay abstracts not forthcoming vide answer to query (b).- The copy of the pay abstract alluded to in answer to query (b) shows that Mr Campbell received pay up to 14th December 1858 only, but in correspondence it is stated that he delivered over charge on the 20th of the same month.-
—do—	—do—	1st June 1854 to 14th December 1858	300	4 6 14	

1064 D D

(a) It is presumed that Mr R. P. Campbell held the appointment of Unconvenanted Superintendent of Salt (on Rs 300 per mensem) on the permanent establishment of the Collector of Madras and that the service rendered by him in that capacity qualified for pension.-

(b) The copies of pay abstracts preserved in this Office so far back as June 1854, shew that up to the date of his quitting this Department on the 14th December 1858, Mr R. P. Campbell enjoyed no leave of absence of any description and that there was no break in the continuity of his service; from a copy of a Service list of officials of the Madras Presidency, in which Mr Campbell's name heads the list, it is clear that he held the appointment of Superintendent of Salt from 17th January 1853 which is also corroborated by the "letters-sent-book" of this Office bearing the signature of Mr Campbell from the 24th January 1853 (the letters previous to that date not having been found).-

(c) From enquiry made by the Salt Deputy Collector it appears that Mr Campbell left this Department to take up the post of Dy Commissioner of Police on promotion to higher pay.-

2. As there were no records in this Office

Office furnishing the information required by the Accountant General, application has been made to the Salt Deputy Collector whose reply is abstracted above.
