Verified from the audit registers of this Office and found correct.

The entries in the service book and gratuity application are incorrect in regard to dates of appointment &c. and the specific opinion and report of Head of Office as prescribed in the amended rule 6 to Section 84 of the Civil Pension Code have not been given, but as the entire period of the applicant's services has been duly verified from the records of this office, the return of the documents for correction and completion was considered unnecessary as only delaying the submission of the applicant's papers for the orders of Government.

The applicant's services were discontinued with effect from 29 February 1880, owing to General reduction of Establishment in the Public Works Department.

Submitted with the remark that the character and past conduct of the applicant are stated in the 3^d page of the application to have been not good during the earlier portion of his service and he is also shown in the Service Book to have been fined more than once for carelessness. It rests therefore with Government to make such deduction in the amount of any gratuity that may be sanctioned to him as it may deem proper with reference to rule 1 Section 22 of the Code.

(1) Verified but will not put out of account towards gratuity under section 27 but Pension Book, as the applicant was not confirmed in his acting appointment.

(2) Verified from the audit registers of this office and found correct.

The entry in the service book and gratuity application in regard to date of the applicant's first appointment is correct, but as the entire period has been duly verified from the records of this office, the return of the documents to the Department being signed for correction and a retransmission was considered unnecessary as only changing the submission of the applicant's papers for the credit of Government. This discrepancy will also in no way affect the gratuity admissible to him.

The applicant's services were dispensed with on the 29th May 1880 owing to the General Reduction of Establishment in the P. W. Department. The service book accompanies the gratuity application.

Submitted with the remark that although the character and conduct of the applicant are stated to have been good opposite to 2101 in the 5th page of the application, it is apparent from the remarks recorded in the 8th column in the 3^d page of the Service Book by the Officer under whom he served in 1872 that they were not thoroughly satisfactory. It rests therefore with Government to make such reduction in the amount of any gratuity that may be sanctioned to him as it may seem proper with reference to rule 1 Section 22 of the Code.
