CERTIFIED that I have carefully examined Mr. Henry Bacon
son of Charles Bacon His age is by his own statement 53
years, and by appearance about 60. I consider him

to be completely and permanently incapacitated for further service of any kind
in the Department to which he belongs in consequence of general break-
down of the nervous system as shown by increasing depression,
loss of memory, partial loss of power in limbs, wandering pains &c.

His incapacity does not appear to me to have been caused by irregular
or intemperate habits.
