Gunneppa Pilley, a Writer in the Arsenal at this station served under me gratuitously for nearly six Months as Head Writer and accountant in the construction of the New Barracks Serjeants Quarters &ca and razing a portion of the wall of the Palamcottah Fort. During which time he was most attentive and active in the perfor=mance of his duties. He supervised all accounts and kept the fair copy daily, freely granting his services from an early hour of the morning till the time of his attendance at the Arsenal and again from 4 O'Clock P. M. till frequently a very late hour at night. He gave the greatest satisfaction and indeed I scarcely know how I would at first have managed had his services not been given me

The Bearer Gunneppa Pilley Arse=nal Writer at this station was high=ly recommended to me by Lieutt Jenkins of the 2nd Regiment who was Staff Officer and Superintended the erection of the Public Buildings at this place previous to my arrival and whose Certificate he holds, what Lieutt Jenkins has stated in his favor

C. Ponnapa Pillay

I can endorse. I have found him intelligent and unwearied in his exertions to be of use. He has daily attended at my House after Office hours in the evening and very frequently in the morning. His assistance was invaluable in checking the accounts and in preparing the Bills. He is an accurate accountant reads and writes English and Speaks it with facility and would do justice to a much higher situation than the one he now holds. He has been ready on all occasions when his services could be of use to assist me in any way. In correspondence with the Native authorities he has fully and entirely explained my wishes and has obtained for me their aid when without their assistance I could not have proceeded with the works. I should be extremely glad to see him preferred to some situation where his abilities might be more advantageously employed. He has untiring perseverance and is fully to be depended on.

This is to certify that Ponnappa Pillay Head Writer of the Palamcottah Arsenal served under me from Nov 1854 to 31st May 1857 while I was in charge of the same period to which he has been in the above said capacity for a period of no less than 9 1/2 years. His eminent character coupled by the diligence displayed in the discharge of his general duties testify most fully and satisfactorily by the Certificates he is already in possession of from my Predecessors and others that he is a persevering intelligent and trustworthy person. Since my taking charge of the Arsenal I have found him to be as such and I need further say anything more towards his general department and character. I am sorry to say that I am obliged to dispense with his services on the abolition of the Arsenal in question owing to the reluctance he entertains of leaving his native place, but on the other hand I have had the satisfaction of seeing him provided for in the Engineer's Department before my departure from this, and I doubt not he will endeavour his utmost to shew every satisfaction to his immediate superiors
